Chapter 3826

Having seen David's true strength, Ouyang Zhenhua, although he is a ninth-grade monk in the Tribulation Realm and the head of the Ouyang family, he has no airs at all!

"You're welcome, it's just a little effort!"

David just smiled indifferently!

This little effort almost cost me my life!

"Fellow Taoist, I don't know why the beast tide suddenly left, and why are the monster beast corpses all over the ground missing?"

Ouyang Zhenhua asked his question!

The other monks also listened with their ears pricked up, wondering what was going on.

Binglu and the others also wanted to know what happened to David in that cold fog just now.

"I'm not very sure. The beast tide suddenly retreated with a roar, and took away the bodies of all its companions." Chen

Ping could only lie, he couldn't possibly swallow the The beast spoke out.

Even if you say it, these people may not believe it.

They had never seen a mythical beast that could swallow so many monster beast corpses in one go, and they couldn't believe it.

In this case, David might as well tell a lie to be more truthful.

When Ouyang Zhenhua heard this, he nodded and said, "It seems that the roar just now really came from the Beast King. But for some unknown reason,

the Beast King recalled the beast tide and even took away the corpses of his companions. It seems that the Beast King has opened his spirit.” Wisdom.”

Everyone believed David’s words, after all, this was the only explanation that made sense.

Otherwise, how could these countless monster beast corpses disappear all of a sudden.

Although everyone was sorry, there was nothing they could do. A large number of beast pills just disappeared.

“Fellow Taoist, I would like to say goodbye without saying thank you. We are going to the mountain to take a look and see if we can find anything.”

“If fellow Taoist needs help, my Ouyang family will also help.”

Ouyang Zhenhua said to said David!

He knew that David had a history with the Mu family, otherwise the two parties would not have beaten each other with stones. Got it!

“Senior Ouyang, can I ask you a question?”

Just when Ouyang Zhenhua was about to leave, David suddenly said.

“Fellow Taoist, please speak!” Ouyang Zhenhua stopped!

“Senior Ouyang, I think you used puppets when you just dealt with the beast tide. I wonder if you bought the puppets or refined them yourself?”

“I think Senior Ouyang is not a demon, and he shouldn’t be able to refine puppets. Right?”

David asked curiously.

When dealing with the beast tide, David noticed that when Ouyang Zhenhua waved his sleeves, several black spots appeared, and then turned into puppets, blocking the beast tide without fear of life and death.

Therefore, David was very curious. Ouyang Zhenhua didn’t seem to be a demon cultivator, and he probably didn’t have the skills to turn corpses into puppets.

After all, this kind of technique can only be mastered by demon cultivators. After all, turning a corpse into a puppet is too cruel.

“Hahaha, fellow Taoist, you still don’t know that puppets in the world are not just refined from corpses.”

“They can also be made from various materials. My puppet is not a corpse. Although it looks like a human, it is made of it. “

Ouyang Zhenhua laughed loudly!

“Robot?” David instantly thought of robots.

“Robot? What robot is the fellow Taoist talking about?”

Ouyang Zhenhua’s face was full of confusion!

Living in the celestial world, Ouyang Zhenhua certainly didn’t know what a robot was, but David lived in the secular world. He knew that robots were made of various materials and then installed with batteries.

“Oh, it’s nothing.” David smiled and said, “Senior Ouyang, did you make this puppet yourself?”

“Of course.”

Ouyang Zhenhua looked proud, and a black shadow suddenly shot out from his cuffs.

Then the black shadow suddenly grew bigger and turned directly into a one-foot-tall puppet. This dummy was lifelike and very flexible. Ouyang Zhenhua controlled the puppet and punched it out, causing a huge boulder to shatter instantly!

Chapter 3827

“This is amazing. It’s just like the real thing. It’s so ingenious!”

Binglu couldn’t help but admired the puppet when she saw it!

Ouyang Zhenhua said with a proud face, "Our ancestors of the Ouyang family learned how to make puppets after being taught by Luban Pavilion in the heaven."

"Luban Pavilion?" David instantly remembered that the folding fan in his hand was also Luban. Built by the pavilion.

"Why, fellow Taoist, have you heard of Luban Pavilion?" Ouyang Zhenhua looked at David and asked!

David nodded, "I've heard that Luban Pavilion is very good at refining weapons."

"I wonder if Senior Ouyang can tell me how to make a puppet? And what is the puppet used to drive?"

If so. The puppet corpse refined by the demons uses the power of the corpse itself and the strength of the physical body.

Therefore, the strength of the puppet corpse is related to the strength of the corpse before death! But

this puppet is different. It should be related to the method of creation and materials, and the driving force!

"Fellow Taoist, although you have saved us, this is the secret skill of our Ouyang family in making puppets. I can't tell you."

"But this puppet can be driven by spiritual stones, beast elixirs, etc. " Yes, the more advanced the spirit stone and beast elixir are, the more powerful this puppet will be,"

Ouyang Zhenhua said!

Hearing what Ouyang Zhenhua said, David was not surprised. After all, this was his family's unique skill. How could he teach it to others at will.

"Senior Ouyang, I also have a body-protecting magic weapon made by Luban Pavilion. Take a look."

David took out the folding fan!

Ouyang Zhenhua took it, looked at it carefully, and then said excitedly, “Yes, this is indeed made by Luban Pavilion. It’s just that it’s damaged. I’m afraid it won’t be used a few times.”

“But this folding fan blocks the crossing. A hit at the peak of the Tribulation Realm is still no problem.”

“Senior Ouyang, I’m giving this folding fan to you. Can you tell me how to make a puppet?”

“I promise not to tell anyone about it. I’m just curious!”

David reluctantly gave the folding fan to Ouyang Zhenhua. In exchange for the method of making a puppet!

Although David can use the Nine Shadows Sword Technique to clone himself, the clone still consumes the power of his body!

And this clone does not exist everywhere and everywhere!

But this puppet is different. As long as you have the materials and spirit stones, you can build it at will without consuming David’s own power!

David thought that if he created an army of puppets, he would be able to sweep across the world of heaven and humans!

Even if the puppet is destroyed, there is nothing to worry about, it can be rebuilt at any time.

Ouyang Zhenhua looked at the folding fan in his hand, thought for a moment, and whispered a few words in David’s ear!

No one knows what was said!

“Fellow Taoist, I hope you won’t spread the word. This can be regarded as repayment for my life-saving kindness to you.”

“See you later...”

After Ouyang Zhenhua finished speaking, he led the people up the mountain.

David, Binglu and others did not continue to go up the mountain, but rested on the spot!

David knew that he could only go up the mountain after he recovered completely. If he met someone from the Mu family, given David's current situation, he would be seeking death!

David thought about what Ouyang Zhenhua said. Although there is a way to make a puppet, David has nowhere to find the materials now!

Moreover, David had never heard of several of the materials!

No wonder the Ouyang family doesn't build an army of puppets. It seems that this material is very precious and rare!

At the moment, David has no way to build a puppet. He can only see if he can find these materials in his free time.

David used various fairy grass resources in his storage ring to quickly recover his physical strength. It only took half a day for David to recover as before!

Chapter 3828

"Let's go, I wonder if the Mu family has found the Jishi Mine!"

David, who had recovered his strength, started to rush towards the mountain with Binglu and others!

Along the way, there were pole stones everywhere. The pole stones scattered on the ground were not picked up!

Other monks do not know the pole stone, and the pole stone is of little use to them!

Ice Dew and the others tried their best to pick it up, but this slowed down their progress!

"Stop picking it up. As long as you find the pole stone mine, you will have as many pole stones as you want."

David stopped Binglu and others from picking up pole stones. It was too slow.

I found the pole stone mine, and I have as many pole stones as I want!

“Don’t go up...”

Suddenly, David remembered the voice of Demon Lord Chiyun in his mind!

David was stunned and asked in confusion, “Why?”

“I remembered something. There should be a cave on the mountainside, leading directly to the land of chaos.”

“In the land of chaos, there seems to be a sect.”

Chi Yun The Demon Lord seemed to be trapped in painful memories and said slowly!

“Cave? Leading to the land of chaos?”

David was stunned!

Indeed, half of this mountain peak is wrapped in the Land of Chaos!

David and the others went up the mountain from the other side, so they were not affected by the Land of Chaos!

But isn’t it a joke to say that there are sects in the land of chaos?

You must know that in the land of chaos, the turbulence of time and space is raging, and nothing can exist!

However, one cannot completely disbelieve what Demon Lord Chiyun said!

After all, Demon Lord Chiyun had been here thousands of years ago, and it was he who cut the big crack with his sword.

“Where is the cave?”

David wanted to ask about the specific location of the cave.

“How did I know? It’s already pretty good that I can remember these things.”

After Demon Lord Chiyun finished speaking, he stopped talking!

At this time, David was a little at a loss!

Are you looking for a cave?, or should we continue to the top of the mountain and look for the pole stone mine?

After thinking for a moment, David decided to look for the cave halfway up the mountain!

Maybe the Naji Stone Mine is also in a cave halfway up the mountain!

“We’re not going to the top of the mountain anymore. Now let’s check if there are any caves or anything like that.”

“The other thing is to stay away from that place of chaos. Don’t get sucked in.”

David said to Binglu and the others!

“Mr. Chen, aren’t you going to the cave? If the Naji stone mine is on the top of the mountain, wouldn’t it be easier for the Mu family?”

Binglu asked in confusion!

“What if the Ji Stone Mine is on the mountainside?”

David asked!

This time, Binglu didn’t say anything anymore!

Everyone began to search for the so-called cave halfway up the mountain!

At this moment, Ouyang Zhenhua and others were also heading towards the top of the mountain aimlessly!

In fact, after listening to David’s advice, Ouyang Zhenhua also knew that there could not be a place where immortals fell here!

But I just couldn’t give it in. I came here for several days and wasted manpower and material resources. I didn’t get anything. If I just went back, wouldn’t I be laughed at?

What’s more, if this mountain peak suddenly appears, there might be some adventure!

Ouyang Zhenhua was just comforting himself in his heart. He had given up hope for a long time!

If you reach the top of the mountain and still get nothing, then you have no choice but to go back home!

“This liar who suffered a thousand cuts...”

Ouyang Zhenhua insulted those who spread rumors!

“Master, look...”

Suddenly, a clan member shouted!

Ouyang Zhenhua looked over and found that haloes appeared in the middle of the mountain. This halo looked very similar to the halo surrounding the mountain when it first appeared!

“Let’s go and have a look...”

Ouyang Zhenhua felt happy and hurriedly led people to rush over!

When other monks saw this, they also rushed towards the place where the halo appeared!

At this time, David and others were also attracted by the halo and accelerated their pace!

Chapter 3829

Wait until David and the others arrive!

I found that Ouyang Zhenhua and others were also there, and everyone was enveloped in that halo!

Only then did David realize that the halo was actually coming from a dark hole!

Seeing the entrance of the cave, David’s heart skipped a beat!

He didn't know if this was the cave that Demon Lord Chiyun was talking about.

Now everyone is surrounding the entrance of the cave, and no one dares to go in. After all, no one dares to try this unknown cave!

You know, the first person to walk in will bear all the risks!

These people are all here for the treasure, and no one wants to be the first to take the risk and be the leader!

“Senior, is that the cave you are talking about? Is there any danger in it?”

David asked the Red Cloud Demon Lord! Now

David doesn't dare to enter rashly.

“How do I know? They say I only remembered that little bit and couldn't remember the rest.”

Demon Lord Chiyun shook his head and said!

“Since you can't remember it, I'll take the risk and go in. If I'm in danger, you'll be done with it if I die,”

David said!

When Demon Lord Chiyun heard this, he hurriedly said, “Don't worry, I'm thinking about it carefully, maybe I can remember some more.”

Demon Lord Chiyun frowned and thought hard!

It can be seen that he works very hard!

After a moment, Demon Lord Chiyun breathed a sigh of relief and said, “There is no danger in the cave, but I don't know if there will be any danger when entering the Wuji Holy Sect.”

“Wuji Holy Sect? You mean the Chaos Sect?” Is there really a sect in the land called Wuji Holy Sect?”

David asked quickly!

“Yes, the Wuji Holy Sect can be regarded as the major sect of the heaven. I don't know how it came to this chaotic land of the heaven and the human world. Maybe this world of heaven and humanity was created by the Wuji Holy Sect.”

Demon Lord Chiyun slowly Said slowly!

When David heard this, he was surprised in his heart. How huge and awesome a sect that could create a world like the Heaven and Human Realm must be!

You know, it is very impressive for a monk to create a secret realm!

This is creating a world!

David is now full of yearning for Wuji Holy Sect!

With Demon Lord Chiyun's words, David walked towards the cave!

“Mr. Chen...”

Binglu and the others were startled and hurriedly stepped forward to hold David!

Since there are haloes of light coming out of this cave, it proves that this is no ordinary cave!

Maybe there are many dangers inside!

It would be very dangerous to walk in blindly like this!

“Don't worry, it's okay. Just follow me and keep a certain distance!”

David said with a slight smile!

He knew that Demon Lord Chiyun would not lie to him!

Seeing this, Binglu could only let go of David and nodded!

Then David walked directly into the cave, and Binglu and the others followed after a moment!

“Master, what should we do?”

the clansman asked Ouyang Zhenhua!

Ouyang Zhenhua pondered for a moment, then waved his hand and said, "Follow us and see what's in this cave."

As Ouyang Zhenhua and others entered, the other monks no longer hesitated and all followed in!

It was pitch dark inside the cave, but David lit up a fire in his palm, lighting up the surrounding area!

David himself didn't know how long he had been walking. There was indeed no danger. It looked like an ordinary cave!

But as we went deeper and deeper, there was a glimmer of light inside the cave!

It seems that not far ahead, there should be the exit!

David quickened his pace. When he actually walked to the exit of the cave, his whole body was directly shocked!

All I saw was a vast land in front of me, with countless buildings standing there!

But many of them have collapsed and are in dilapidated condition!

And at the very front is a mountain gate that has collapsed in half, with only a few white stone pillars standing!

Chapter 3830

Looking at this scale, it can definitely be called a large sect, but now it looks like a dilapidated sect!

In the mid-air, there were halos of light floating around, and this halo enveloped the entire sect!

Outside the halo, there is turbulence in the land of chaos, and cracks in time and space are also suddenly appearing and disappearing from time to time!

Looking at everything in front of him, David knew that the Wuji Holy Sect was glorious when it was in heaven, but now it has become so declining and desolate, and the entire sect has disappeared!

As the saying goes, even in a glorious sect, under the long river of time, there will always be a moment of decline, and at the same time, a new sect will rise. This is the normal evolution of the times. No one can stop it!

But how could such a huge heavenly sect be destroyed?

How did the Wuji Holy Sect appear in the world of heaven and humans?

Was this world of heaven and earth created by the Wuji Holy Sect?

These are all unknowns. David wanted to ask the Red Cloud Demon Lord, but this guy is probably still suffering from amnesia and can't remember at all!

"It seems that the only way is to enter it and explore slowly!" If

David wants to know all the questions, he can only explore it himself!

"Wow...this...is there such a huge sect holy land hidden here?"

Binglu and the others rushed up. When they saw the Wuji Holy Sect, they were all shocked by the sight before them!

Especially outside the halo, the chaotic cracks in time and space are frightening to watch!

At this moment, the Wuji Holy Sect seemed to be upside down under a transparent glass cover!

"This... what kind of place is this? Is there really a place where immortals fell in this polar region?"

Lan Yingying took a breath and said!

Originally these were rumors spread by Guanghan Palace, but now looking at the dilapidated sect in front of me, it feels like these rumors are true!

“This is more than just the place where immortals fell...”

David sighed with emotion!

Such a huge heavenly sect has countless disciples, all of whom are at the immortal level!

Now that the sect has been destroyed, all the disciples have died, this should be the place where hundreds of immortals fell!

“Mr. Chen, did you know that this cave leads to here?”

Binglu asked curiously!

After all, David suddenly asked them to stop going up the mountain and look for a cave halfway up the mountain. When they saw the cave, they climbed in without hesitation!

It was as if David already knew it!

“That’s right!”

David nodded!

Although Binglu and others were wondering how David knew, they didn’t ask!

If David chooses not to tell, then they don’t have to ask anymore!

David jumped up and jumped out of the cave!

Binglu and others followed closely behind!

When David and the others landed in front of the Wuji Holy Sect, they discovered how grand the sect was!

When they looked down just now, although they could see the hugeness of the Wuji Holy Sect, the impact was not strong!

But at this moment, they were standing in front of the door, and those towering stone pillars seemed to be soaring into the sky!

The sect plaque on the ground has been broken into pieces, but the four characters “Wuji Holy Sect” can still be vaguely seen!

“Wuji Holy Sect? What kind of sect is this? Have you never heard of it?”

Binglu asked curiously.

“Is there such a sect in the world of heaven and humans?”

Lan Yingying was also full of curiosity!

“This is not a sect in the heaven and human world, but a sect in the heavenly world.”

David said slowly!

“What?”

Binglu and others were immediately shocked!

“Mr. Chen, why did the Heavenly Sect appear here? If this was the Heavenly Sect, wouldn’t the people who died here be all immortals?”

Lan Yingying’s breathing became rapid!

I originally thought this was the place where immortals fell, so it would be great if one immortal fell!

But if a sect’s immortal died, wouldn’t there be countless treasures left behind in this place?

“It should be!”

David couldn’t explain clearly!
