

Married At First Sight

[Married At First Sight Chapter 3155](#)

After the meal, Zachary asked his bodyguard to take Serenity and Sonny home.

He continued with his work.

After returning home, Sonny practiced the piano for a while and then went to paint.

Serenity was sitting on the sofa, reading a jewelry magazine.

They planned to invest in the jewelry industry.

Jane had also invested in the jewelry industry and had already begun to make profits. Her own mother designed most of her jewelry.

Serenity didn't know how to design jewelry, but Elisa did.

Elisa said that she had thought about designing jewelry by herself and opening a jewelry store.

It's just that she was too busy pursuing Zachary in the past to focus on making money. In addition, she was the most favored at home. Her parents, brother, and sister-in-law doted on her, so she was never short of money to spend.

Every month, all the pocket money her family gave her was money that ordinary people couldn't earn in a lifetime.

Later, Serenity invested in a vegetable company, and Elisa temporarily put the jewelry business on hold.

Now that they had made money and wanted to invest in other projects, Elisa targeted the jewelry business again.

Women's love for jewelry will never go out of style. They believe their business will prosper as long as their jewelry is well-designed, doesn't sell fakes, and is genuine.

"Ring ring ring..."

The call rang.

Serenity closed the magazine, picked up her phone, and looked at the caller ID. Liberty was there.

She answered quickly.

Serenity: "Sister, are you done?"

"Well, we've settled the deal and will sign the contract tomorrow. I just treated them to dinner. Now that I'm back at the company and have some time, I'll give you a call."

Serenity said with great distress, "Sister, don't be too tired and pay attention to rest."

"As far as I know, I usually go back to rest after 10:30 p.m.."

Good health is the capital of revolution.

Liberty really wanted to start the business right away and make it bigger, but she couldn't bear to lose her health, and Sonny was still very young.

Nothing could happen to her.

Serenity: "Sister, try to rest before 11:30 pm and don't stay up too late. As long as the business is settled, congratulations, sister, for closing another business deal."

Liberty smiled. "This is not a big deal, but the company has just been established. Whether it is a big deal or a small business, it will be good if we can sign it. It is a small business now, but it will become a big business in the future. Kathryn is competing for business with me. It should be said that Kathryn and I are competing for business."

Because her newly established company was involved in industries that were targeted by the Farrell Group, she wanted to grab business.

Serenity encouraged liberty. “Kathryn has not been back for a long time, and she has not yet fully established herself. In fact, she is not much better than you. Come on, sister, you can definitely beat her!”

Liberty smiled and said, “I admire Kathryn very much. If there were no hatred from our ancestors, I think we could become good friends. “Oh, she is our elder.”

Serenity was silent and then said, “We may really have a hostile relationship with her, unless she gives up and breaks away from the Farrell family.”

She also had a very good impression of Kathryn.

Kathryn was the biological daughter of the Farrell family, but Kathryn’s outlook on life and behavior differed from the Farrell family’s.
