

Married At First Sight

Married At First Sight Chapter 3175-It was easy, comfortable, and fun for Ainsley to drink coffee when her husband was still alive.

These days, she drinks coffee to wake up and do her work. She doesn't feel as relaxed as she did before.

Duncan asked his secretary to prepare coffee for Ainsley. He said, "I don't need coffee. Just give me a cup of warm water. I drank it at Zachary's place."

He usually only drank a cup of coffee in the morning and rarely drank it in the afternoon. He was afraid that if he drank it, he would not be able to sleep at night and would suffer from insomnia.

"Mr. Lewis, did you visit the York Corporation?"

Ainsley asked with a slight smile when she spoke, which made her look a little less majestic and a little more gentle.

"Well, it's a bit urgent. Let's go to the York Corporation to talk to Zachary first."

Duncan didn't look like he wanted to go into details, so Ainsley wisely didn't ask any more questions.

Duncan, Josh, and Zachary were good brothers and good buddies, as everyone in the upper class of Wiltspoon knew.

The personal relationships between these three major families were also excellent.

After Zachary's flash marriage to Serenity, Duncan had more opportunities to come into contact with Liberty, and he slowly fell in love with her.

The friendship between Duncan and Zachary was even stronger.

If Duncan successfully married Liberty, he and Zachary would become brothers-in-law.

Josh's beloved wife was also Serenity's best friend.

Ainsley suddenly felt that Serenity was a blessed person who also blessed the people around her.

She was lucky enough to marry into the York family and become the eldest mistress. Together with her best friend and her divorced sister, they were able to marry into wealthy families one after another.

It appeared that the people who were close friends with Serenity were all very nice.

For example, Elisa, the eldest daughter of a businessman, had a bad reputation in the past. Everyone said that she was unruly, willful, domineering, and arrogant.

Since Serenity met Audrey, she and Elisa have been both cousins and good friends. Elisa's reputation gradually improved. They even opened a vegetable and fruit company together, and the business was still very good.

Ainsley learned that farmers were renting out a large amount of wasteland for vegetable cultivation. Scientists tested the grown vegetables and found them to be safe and qualified. The company's reputation was built up, and the business became better and better.

Ainsley remembered that she signed a contract with Serenity's vegetable company for the vegetables and fruits in her company's canteen, and Serenity's vegetable company provided fresh vegetables every day.

Elisa gave up her infatuation with Zachary. Instead of fighting with Serenity, the two of them had a close relationship like sisters. Elisa also found her happiness and fell in love with Remy, the fifth young master of the Jun family, in Annenburg, and their marriage was finalized.

After the secretary brought the coffee, Ainsley drank half a cup and then talked to Duncan about the cooperation project.

Duncan chatted with her about business matters from beginning to end, and there was no personal matter at all.

Furthermore, Duncan did not praise her deliberate dressing today. In Duncan's eyes, she seemed to be the same as usual.

Ainsley thought that she had too few opportunities to get along with Duncan, so Duncan probably didn't think much about it.

Because they worked well together, she would visit Lewis & Co. whenever she had time in the future, talk to Duncan about business, have tea and a meal with him, and watch what happened.

Duncan was the president and was not so considerate. It was normal to think that she would have thoughts about him.

She couldn't eat hot tofu in a hurry.

She told herself not to be impatient or give up just because Duncan praised her for being beautiful today.
