

Married At First Sight

Married At First Sight Chapter 3136-Serenity was able to stand up and did not feel inferior because of her ordinary family background.

Looking at Serenity from the perspective of the current head wife, Tania felt that Serenity would be a qualified head wife in the future. Naturally, she didn't want her second daughter-in-law to bully the successor she was currently grooming.

Tania didn't know how many times she complained about the old lady in her heart.

Except for Serenity, the old lady's granddaughter-in-laws were each more powerful than the last.

This was huge pressure for Serenity.

Tania felt sorry for her daughter-in-law, but she also felt sorry for Serenity, who was under great pressure.

"Not yet. There will be a re-examination tomorrow afternoon. Uncle Joly picked me up in advance and allowed me to stay in the manor for one night, fearing that living outside would harm me. If I pass the re-examination, this will also be my home. Mom, although my place is a bit small, for ordinary people, this kind of accommodation is very good."

Tatum was worried that Tania would feel sorry for him and be wronged, so he praised the Ormond family for providing good accommodation for the workers.

Tania curled her lips and said, "No matter how good you are, you are still young. You said that you, a good young master, must not go to a place thousands of kilometers away to work as a chef for others. You're just a chef; why are you worried about harming someone? It's like a presidential election."

Tania felt that the future second daughter-in-law's family would be too rough.

Pu'er is bigger than the York family's.

She doesn't know if Elora is easy to get along with.

Tatum said with a low smile, "It's really similar. It's quite strict; maybe because the benefits are endless, so many people are trying to get in. One of the competitors is returning for the third time. He came twice before but was not selected."

Tania: "How is Elora like this person?"

She cared most about whether her future second daughter-in-law would get along well with her.

When a man from the York family married a woman, it mainly depended on his character, and he should marry a virtuous wife.

Tatum said honestly, "Mom, I haven't met her in person yet. I met the second young lady from the Ormond family. She was a very well-educated girl. I think she won't be any worse."

A very wealthy daughter is very well-educated.

"Your target is Elora, not the second miss. No matter how good the second miss is, what does it have to do with you?"

Tania was worried that Tatum would choose the wrong partner.

Tania said, "Don't imitate Evan, your fourth brother. Evan said that the woman he likes is not the same woman as the one your grandma chose for him."

Tatum smiled and said, "I believe my grandma, my future fourth sister-in-law, might be a double-faced person, and my fourth brother hasn't figured it out yet."

The fourth brother was still a little green.

Grandma May was an old fox. The third sister-in-law disguised herself as a man for more than 20 years, and no one knew about it. Grandma could even find out.

Tania: "..."

Tatum: "Mom, my real goal is to cook. Elora has a picky mouth, which is very challenging for me."

Tania: "..."

She felt that Tatum had no feelings for Elora, between men and women.

However, they hadn't even met each other in person, and they were talking about love. Well, it was indeed not possible.

Tania: "Anyway, you have grown up, and your wings have hardened." I can never be your master. Just do whatever you like. As long as you are healthy and come back safely. The new year is coming soon. Are you worried about celebrating the New Year? "Not coming back?"
