

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2842-“Leon, Iris consented to what’s between you and me. I don’t care what you think.

‘I’m never leaving your side so you aren’t allowed to argue.” Cynthia glared at Leon with frustration.

She knew Leon well enough to know that he wanted to reject him and tell her to find a better man.

She did not hold back and pinched in on the waist to vent her frustration.

Leon gasped at the sharp pain in his waist and swallowed his words.

To avoid upsetting Cynthia, he shut his mouth to prevent further suffering.

“Leon, you have two girlfriends at the same time, and they are both okay with it?

Am I hearing this right?” Renee was utterly stunned when she heard what Cynthia said.

According to Cynthia, Leon had two girlfriends and they all consented to it.

This completely flipped her world around.

She was shaken to the core and so was Candice.

She gaped at Leon, Iris, and Cynthia in disbelief.

“Um,” Leon scratched his head awkwardly, unsure of what to say.

However, his relationship with Cynthia was not like what Renee and Candice believed it to be. He eventually chose to remain silent under Cynthia’s threats.

“Leon, I don’t care how many girlfriends you have! I truly like you. So long as you leave them to be with me, I don’t care about your past,” Snapping out of it, Renee gritted her teeth and refused to give up.

Though she did not know how Leon ended up with two girlfriends, she already started a competition with Iris and was not about to back down.

She was the eldest daughter of the Morrisons and the most beautiful woman in the western region.

In terms of status and beauty, she believed that she was a match for Cynthia and Iris.

No one knew who would win until the very last moment, so she intended to fight until she could not.

If Leon chose to leave Iris and Cynthia to be with her, that would be ideal. Even if she failed, she would have no regrets.

“You just won’t give up!” Cynthia was furious.

Cynthia was not like Iris.

This meant that she could easily be misled and failed to trust Leon.

Cynthia, on the other hand, knew that Leon was a virtuous man and trusted him.

Cynthia and Iris had to be foolish to misunderstand Leon over such a matter, which may prompt Leon to leave them out of rage.

Cynthia was no fool and would not allow Iris to do such a thing either.

The Ex Husbands Revenge Chapter 2843-“Oh, you’re right.” Iris sobered.

There was a time when she was misled by her grandfather and father and broke up with Leon.

She was so devastated that she almost died.

After what happened, she could not repeat the same mistake and lose Leon again.

Not daring to hesitate, she approached and held Leon's other arm like Cynthia did, fearing that Renee would snatch him away.

"Leon, I don't care if you've betrayed me. I won't let you leave me and Cynthia..." Iris said nervously, her attitude changing drastically.

Though she was still suspicious about what happened between Candice and Leon, she knew that she could not afford to lose Leon.

So long as Leon remained by her side, nothing else mattered.

Naturally, Ruth, Snow, and Roanne all felt the same as well.

After spending so much time together with Leon in the southern region, the three of them became dependent on Leon.

Ruth, who was just stirring up trouble, quieted down. She did not accuse Leon further as she did not want to enrage Leon.

If Leon was provoked into abandoning them all to be with Renee, the consequences would be unbearable.

"I-" Sensing how anxious Iris was, Leon was taken aback.

Due to the misunderstanding earlier, Renee, Iris, Ruth, and the others were all upset with him and he was condemned.

To his surprise, the situation took a sudden turn and everyone was now fighting over him.

Even Ruth, who always enjoyed stirring up trouble, fell silent.

This was rather amusing to Leon.

It was at this moment that he realized how important he was to Iris and the others.

“Leon, who are you going to choose? Say something?” Renee questioned, hoping that Leon could choose her.

“Oh, no!” Renee felt stricken and paled, her heart sinking.

Still, the situation escalated to this point and she had no choice but to accept it.

The Ex Husbands Revenge Chapter 2844-“Yay!” Iris and Cynthia were relieved.

Though they knew Leon was a great man who would not betray them, Renee was still a woman as beautiful as they were. This meant that Renee was a threat and they were quite worried.

Seeing as Leon did not betray them, they were relieved.

“Iris, I’ll say this one last time. Nothing happened between me and Miss Daglesh. I’ll explain everything to you afterward,” Leon said authoritatively.

Though he was slightly disappointed that Iris did not believe him, he knew that Iris lacked a sense of security because of the passing of her mother.

He could empathize and intended to inform Iris about what happened with Candice when they were alone at night.

That way, all problems would be resolved.

“Okay, sure.” Iris nodded.

After Renee meddled, Iris’s anger depleted and she decided that she would not question further even if Leon did not explain himself at all.

Naturally, it would be ideal if Leon could explain himself.

“Miss Daglesh, I was just giving you a physical treatment earlier and didn’t have the time to prescribe you anything. I’ll prescribe you some medicine to maintain the effect of the treatment. Just follow the prescription and you will be cured in no time.” Leon turned to Candice.

He then found a piece of paper and a pen to write a prescription, before handing it to Candice.

“Thank you, Mister Wolf. You cured me and I don’t know how I can thank you.

How about I pay you as a gesture of my gratitude?” Candice said gratefully.

She then took out a cheque from her purse and intended to fill it in, only to be stopped by Leon.

Considering how complicated the current situation was, she did not want to overstay her welcome and intended to leave.

Iris was still upset that Renee tried to snatch Leon away and did not bother being polite with Renee.

The Ex Husbands Revenge Chapter 2845-1-” Renee paled with despair and sadness in her eyes.

Casting one last look at Leon, she suppressed her sorrow and walked out of the room dazedly.

As she was leaving, Leon recalled something and called out to her. ‘ Renee, wait!’ “What? What else do you need?” Renee stopped and turned around to look at him with tears in her eyes.

Tears scrolled down her cheeks and dripped onto the cold floor.

“Renee, why are you doing this to yourself? With your beauty and status, you’ll surely find someone better than me,” Leon felt bad for her and sighed, before consoling her.

“That’s easy for you to say,” Renee said bitterly.

Not only was Leon brilliant, but he was also formidable despite his young age.

His ability was unmatched amongst those his age and it would be impossible for him to find someone as great as he was.

On top of that, timing was most important when it came to love and it was never a matter of who was better.

She already fell for Leon and his image filled her mind.

Since Leon was her first love, it was almost impossible for her to forget about him.

It would be challenging for her to let him go and start another relationship even if she met someone more brilliant than Leon.

The sorrow within her deepened and she felt at a loss, not knowing what to do for the rest of her life.

Suddenly, she glanced at Iris and Cynthia, and her heart skipped a beat.

Realization dawned on her and a crazy idea crossed her mind.

After what happened earlier, she found out that Iris and Cynthia were both Leon’s girlfriends.

Since Leon already had two girlfriends, it would not matter if he had another one.

That way, she would not have to lose Leon and could be with the man she loved.

However, she soon dismissed the idea.

Love was selfish and no woman would willingly share the man she loved.

Naturally, Renee was no exception.

The crazy idea she dismissed just a moment ago resurfaced again, putting her in a spiral of helplessness.

The Ex Husbands Revenge Chapter 2847-Glory Beauty Corporation was located in an industrial district on the outskirts.

It was a large-scale cosmetic firm that earned quite a reputation for itself in the western region.

Outside the building, Renee guided Leon and the others into the area.

The car doors opened and Leon stepped out of the car along with the others.

Just then, Hugo was seen waiting outside with two bodyguards and two men in suits.

“Mister Wolf, welcome! Miss Young and Miss Shear, you are both here as well. I didn’t know you were here in the western region,” Hugo welcomed them with a smile.

“Yeah. It’s been a while, Mister Morrison.” Iris and Cynthia smiled.

They both met Hugo once during the sales drive in the southern region, so they greeted him politely.

After a brief exchange of pleasantries, Hugo cut to the chase. “Mister Wolf, this is the cosmetic firm I acquired for you and I’ve already paid part of the deposit.

I’ll give you a tour inside and if you are happy with everything, I’ll proceed with the following procedures.”

Elegant Group was different from Cynthion Group.

He knew quite a lot about Cynthion Group and it did not take much effort for him to acquire the pharmaceutical firm for Leon.

However, Elegante Group was a different situation entirely.

He knew nothing about this company and all he had were a few simple demands Leon made.

Hence, it took him quite a lot of time and effort to locate a suitable cosmetic firm as he needed to contact a few cosmetic firms for negotiation.

After eliminating a few options, he eventually picked Glory Beauty Corporation.

Since he did not know if it matched Leon's vision, he only paid the deposit and the following procedures would be carried out once Leon confirmed it.

"Sure. Let's go in for a tour!" Leon nodded.

With that, the group went inside to tour the interior and facilities, getting to know the firm better.

After the tour, both Leon and Iris were rather pleased with it.

Hence, Hugo started making arrangements for Leon to settle the transfer of shares and agreement of acquisition.

Like the time when Hugo acquired the pharmaceutical firm, Hugo brought another two middle-aged men in suits along as well. They were both elites from the operation team.

To help Leon with the initial set-up, Hugo assigned these two men to Leon to help deal with various matters.

With that, Elegante Group successfully set up a branch in the western region.

By the time everything was settled, it was already evening.

Hugo was well-prepared and went on to discuss the exact date when the sales drive would take place.

That way, the Morrisons could start advertising the sales drive soon.

In the end, Leon confirmed that the sales drive would take place three days later.

They continued to discuss more details before leaving to make preparations for the sales drive.
