The Ex Husbands Revenge Chapter 2871-“What?” Felton and Jayden were both shocked.

Jayden thought that Caleb was about to give up on protecting Leon because of what he said.

To his bewilderment, Hugo and Renee managed to change his mind. Now, Caleb intends to neglect the family’s gain to protect Leon.

Jayden was reluctant to accept this.

“Dad, you need to think twice! The Morrisons shouldn’t declare war against the Fermers for an outsider’s sake! We will suffer losses for nothing,” Jayden said.

Before he could finish his sentence, Caleb cut him off. “Shut up, Jayden. I know what I’m doing. I don’t need you to teach me what to do,” Caleb roared with a dark expression.

He knew that Jayden was doing this to protect the family as he did not wish for the Morrisons to work for Leon over nothing.

However, Jayden was too short-sighted and could only consider the benefit before him, unlike Hugo.

On top of that, Jayden caused troubles multiple times in the past that led to disputes with Leon.

Given what happened in the past, there was no way that Caleb would repeat the same mistake and listen to Jayden again.

“I-” Jayden’s heart sank in response to Caleb’s anger.

Since Caleb’s mind was set, he could only give up and quiet down to prevent further provoking Caleb.

“Who would have thought that the Fermers and the Morrisons would get at odds over an outsider!” “This is about to be good!” “Yeah. Once the Western Boss gets involved, things are going to get even better!”

While waiting for Caleb to make up his mind, the other guests were all shaken.

They all knew that the Morrisons and the Fermers were the two most powerful families in the western region.

Though they were never friends, neither family would declare war against the other to preserve their gain.

To their surprise, they now indeed to start a war for the sake of an outside.

This was so surreal that everyone was dying to see who would win.

They all assumed that the Western Boss would soon arrive and once that happened, there was no telling who would win.

“Looks like the Morrisons are reliable after all,” Leon sighed an inward breath of relief.

In the future, he could leave matters concerning Cynthion Group’s branch in the Morrisons’ hands when he was not around.
