

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2816-Damn it! How can this happen,” Contrary to the others’ reaction, Georgie was shocked and his heart sank.

He thought that Leon was a greedy man and wanted to take this opportunity to sow discord between the Morrisons and Cynthion Group, thus preventing Hugo from making an accomplishment.

To his bewilderment, things turned out completely differently.

Not only did Leon not accept the pharmaceutical firm the Morrisons offered, but he also returned all the money used. On top of that, Leon even proposed to increase their portion of profit to twenty-five percent.

This completely caught Georgie by surprise and shattered his fantasy.

“Cousin, I thought you said Leon is a despicable, greedy man. Is there anything else you’d like to say?” Renee mocked as she looked at Georgie with contempt.

She knew that Georgie and Jayden were both on the same side.

The two repeatedly attempted to ruin the partnership between Cynthion Group and the Morrisons mainly because they wanted to undermine Hugo.

If Hugo performed too well, he would pose a threat to Jayden.

Hence, she was always appalled by their shallow nature.

Now that Georgie dug his own grave, she took the opportunity to mock him.

“I wasn’t sure about the situation and had some misunderstanding about Mister Wolf. Since he’s nice enough to increase our portion of the profit, that’s ideal,”

Georgie was rendered speechless.

Therefore, he could only make excuses for his previous actions.

“Alright!” Renee scoffed at his words.

Since Georgie was still her cousin, she could not act overly rude and did not continue to mock him.

“Hugo, you did well. Not only did you secure the deal with Cynthion Group, but you also made it so that Mister Wolf took the initiative to increase our portion of the profit. I’ll leave acquiring the cosmetic firm to you. You will be busy for the next few days, but make sure you get this done for Mister Wolf,” Caleb said.

This went to show how capable Hugo was.

After this incident, Caleb and the elders saw the potential in Hugo and placed more trust in him.

“I know. Don’t worry, Grandpa. I’ll get this done as soon as possible,” Hugo said.

With that, the meeting ended and everyone left.

The Ex Husbands Revenge Chapter 2817-The next morning in the five-star hotel, Leon got up and drove to the pharmaceutical firm Hugo acquired for him.

There, he met with Elliot, Harley, and Mike.

Elliot and Mike were professionals arranged by Hugo and were to help manage the branch.

Harley was the saleswoman Leon recruited as the vice president of the branch.

With the branch established, Harley came over today first thing in the morning to report to duty.

Alongside the three of them, Leon took a tour inside the firm to learn more about it, before making suitable arrangements.

On the other hand, the Morrisons and Cynthion Group were officially partners and Leon would have to start producing the alchemical pills for the sales drive.

He had no time to manage the branch, so he left it all with Elliot, Harley, and Mike.

Elliot and Mike were responsible for operation and management, while Harley was charged with recruitment and human resources.

The three of them had their respective duties and this would ensure that the branch would be up and running in no time.

Once everything was ready, Leon left the office and drove to the Morrisons' mansion.

In the Morrisons' mansion, Leon arrived to find Renee in the living hall.

"Here you are, Leon!" Renee smiled and welcomed him.

"Renee, where's Mister Hugo? I don't see him anything." Leon was baffled that Hugo was nowhere to be found.

"Well, my brother headed out early in the morning in the hope of acquiring a cosmetic firm for you as soon as possible. He told me to stay and help with anything related to our partnership with Cynthion Group," Renee explained.

When Leon agreed to work with the Morrisons, he made it clear that all matters related to the collaboration had to be monitored by Renee or Hugo.

The others were not allowed to interfere and since Hugo was busy finding a cosmetic firm, he left Renee in share.

"I see!" Realization dawned on Leon.

He came over to discuss matters related to the production of alchemical pills with Hugo as he wished to start as soon as possible.

Therefore, Leon did not think much of it.

"Leon, the herbs my brother gathered are all in our storage. Everything's ready.

When will you start making the pills?" Renee asked.

"Very well! Get someone to move the herbs over then! I'll make the pills there!"

Leon nodded.

With that, Renee gathered a few guards to move the herbs out of storage, before heading to the other mansion alongside Leon

The Ex Husbands Revenge Chapter 2818-At the top of the mountain behind the backyard of the Morrisons' mansion, Leon arrived alone and scanned the forest around him.

Finding a suitable spot, he laid out the nineteen jadeite plates he bought and set up an Energy Convergence Circle.

He intended to do what he did in the southern region and drew the spiritual energy from the mountain to the backyard.

That way, he could produce the pills in the yard, which was far more convenient than doing so on top of a mountain.

Once the circle was ready, Leon returned to the backyard.

Meanwhile, Renee was ordering the guards to unload the herbs and set up the tools like the alchemy pot.

Since Leon needed a quiet environment, she then ordered the guards to leave while she stayed to help.

Soon, the two of them were the only people left and everything was in place.

Leon took out all the herbs he obtained over the past few days, including the Rainbow Fruit, the Emperor Herb, and the herbs he obtained from the business bouquet.

With the Emperor Herb, he intended to make the Rainbow Fruit into pills to enhance his power.

Since the Rainbow Fruit was an extremely rare herb, it would be quite challenging to make it into pills.

To maximize its effect, he had to put in his utmost effort.

Hence, he took out the Spiritual Pearl to supply him with unlimited spiritual energy that could aid the process.

He activated the Spiritual Pearl and it rose to the air, emitting powerful true energy and spiritual energy that surrounded him and Renee.

“Leon, what’s this pearl?” Renee was shaken by the powerful energy that came from the spiritual Herb.

“Oh, it’s called the Spiritual Pearl and it aids martial artists in their training,” he explained.

“What? I didn’t expect you to have something like this. It’s no wonder that you managed to become so powerful at such a young age.” Realization dawned on her.

She stared at Leon’s face, overwhelmed by emotions.

One could even describe it as a one-in-a-million treasure.

After spending a few days with Leon, she thought she already knew him quite well.

It was not until this moment that she realized she underestimated Leon.

The Ex Husbands Revenge Chapter 2819-“Alright! Renee, let’s start making the pills. Give me a hand,” Leon changed the subject, oblivious to the emotions she was feeling.

Snapping out of it, Renee suppressed her overwhelming emotions and said, “Sure.”

Leon walked over to the pot and lit the fire, before tossing the Rainbow Fruit and the Emperor Herb into it to start the process.

He fired up his energy. While absorbing the energy from the Spiritual Pearl, he sent his spiritual energy into the pot to merge the herbs.

Time ticked by and after a while, he gestured for Renee to toss in two herbs that had grown for three hundred years along with other precious herbs into the pot.

He then controlled the herbs with his spiritual energy and merged them into pills.

More time passed and the pot suddenly started shaking as beams of light darted out of it.

Such a splendid scene amazed Renee.

“It’s done!” Leon sighed and withdrew his spiritual energy.

With anticipation, he walked over and opened the pot.

Inside, eight rainbow-colored pills oozed a calming fragrance.

“Leon, what are these? The true energy from them is incredible!” Renee approached and felt energized just from the fragrance of the pills.

During Jaxon’s bouquet, Leon gave her a Motherwort Pill to prove the effectiveness of the alchemical pills.

The true energy within the Motherwort Pill was pure and powerful, which helped. However, the rainbow-colored pills were even more powerful energy than the Motherwort Pill.

This was so surreal that she was both shocked and baffled.

“Oh, these are pills I produced with a heavenly herb called the Rainbow Fruit. I guess I will name these Rainbow Pills,” Leon smiled.

Like the Sun Pills, the Rainbow Pills were produced based on what he knew about herbs and the recipes he inherited from his ancestors.

There was no name for this type of pills and since they were made from the Rainbow Fruit, he decided to name them the Rainbow Pills.

She heard about all these and could not figure out how Leon got his hands on a heavenly herb.

On top of that, he obtained the Rainbow Fruit instead of the Rainbow Flower.

The Ex Husbands Revenge Chapter 2820-“I see!” Renee finally understood how Leon came to possess a heavenly herb.

It was no wonder that the new pills he produced had more power than that of the Motherwort Pills.

It turned out that the Rainbow Pills were made from the Rainbow Fruit.

“Leon, can you sell one Rainbow Pill to me? I want to know how it works,” she asked with anticipation.

She still remembered how Leon got her to the Initial Emperor State with the Motherwort Pill.

Since the power in the Rainbow Pills was far stronger than that of the higher with one Rainbow Pills.

“Um,” Leon did not expect Renee to ask for the Rainbow Pills and hesitated.

The Rainbow Fruit was extremely rare and with the combination with the Emperor Herb and many other precious herbs, he only managed to produce eight Rainbow Pills.

This simply proved how valuable the Rainbow Pills were.

He could not possibly sell them as he needed to save them for the people who were important to him, like Iris and the others.

There would not be many left after he and his confidantes took the Rainbow Pills, so even his subordinates like Mason, Spencer, and the others would not get one.

Therefore, he did not have any extras to sell to Renee.

“If it’s troubling you, forget it,” Spotting the troubled look on his face, she felt disappointed.

However, she knew that there were not many Rainbow Pills and their value could not be weighed with money alone.

It was normal that Leon did not wish to sell them and she could understand.

“Renee, I’m sorry, but I need these and can’t sell them to you. However, I still have a few cleansing pills with me. I can give you and your brother two Cleansing Pills as gifts instead,” Leon said thoughtfully.

He then retrieved a flask and handed two Cleansing Pills to Renee.

After spending a few days together, he had a great impression of Hugo and Renee.

Renee first took him to the bouquet organized by Jaxon and helped him in times of need multiple times.

Leon came to consider them his friends. Since the Cleansing Pills only worked on younger martial artists, he had no use for them.

Since he could not sell the Rainbow Pills to Renee, he decided to give her and Hugo two Cleansing Pills instead.

That would be the best he could do.

Since there were only five pills, many families fought to purchase them and Hugo failed to obtain one for himself.

It was always something that he regretted and he mentioned it to Renee afterward as well.
