### **An Understated Dominance by Marina Vittori Chapter 2309**

“I’m sorry, I can’t answer this question for you because I don’t know.” Tyson Houle shook his head. He told these people that the presence of the God King in person was already breaking the rules.

That was even more impossible when it came to revealing the identity of the God King or his place of residence.

After all, this was the Dragonmarsh, and even those as powerful as the God King must be cautious. If the masters surrounded him and leaked the traces, the gain would outweigh the loss.

“It’s okay; I’m just a little curious, just asking casually.” Dustin smiled lightly and didn’t care.

“If Mr. Dustin has no other questions, let’s go have dinner first. I’ve already ordered someone to prepare a sumptuous lunch. We can chat while eating.” Tyson Houle extended his hand as an invitation without changing his expression.

“No problem.” Dustin nodded.

“Everyone, please!” Tyson Houle shouted and then led a group of people to the restaurant.

After waiting all morning, everyone was really hungry.

Seeing the table full of good wine and food, they were not polite at the moment and started to wolf down the food.

After having enough wine and food, Tyson Houle specially arranged various entertainment programs to make everyone feel comfortable.

Tyson Houle did not say the mission’s operation time clearly, but he told everyone to be on call at any time.

Dustin instinctively understood that the temples had decided to conceal it temporarily to avoid any leakage of the plan.

After lunch, Dustin left under the pretense of something else.

This visit was quite fruitful.

Not only did he accidentally learn about the plan of the gods to break into the forbidden area of Sacred Wyrms Summit, but he also turned into a spy and lurked around him.

If something unexpected happened, he could adapt accordingly.

Of course, with his own strength, he couldn't fight against the entire team of gods. However, he could remind the Sacred Wyrms Summit to be alert at critical moments.

As a result, the temples' treasure hunting plan would not be easy to launch.

After returning to the restaurant where he was staying, Dustin just opened the door and saw another person inside.

She was a woman with a delicate face and a strange appearance.

"You finally came?" Dustin was stunned for a moment, and after looking up and down, he recognized the woman's identity.

It was Grace after the disguise.

Compared to before, Grace had a different face. If Dustin wasn't very perceptive, he might not be able to see the clues.

"Oh? You recognized me so quickly? I was going to tease you." Grace smiled slightly and poured two cups of tea.

Dustin sat down and took a sip from the tea cup. He said, "The appearance can change, but the aura on your body cannot. Unless you can hide it, you can't hide it from my eyes. How was it? Are you done with the work? "Is the progress going well?"

Despite some difficulties, everything is complete. The time is just right, and I won't miss the martial arts competition." Grace smiled and spoke.
