

The Ex Husbands Revenge Chapter 2886

The Ex Husbands Revenge Chapter 2886-“Felton, enough chit-chating. Why don't you all just come at me now? Let's see who's more powerful!” Leon pointed at Felton, Dorian, and the others, scoffing.

“Why you!” They were all furious.

Leon was far too arrogant to ask them to attack at once. He was blatantly disrespecting them.

Though they desperately wished they could crush him immediately, they were all from prestigious families with a reputation to uphold.

With so many others around, they could not gang up on Leon or they would be mocked.

On top of that, Leon was just a young nobody who was not qualified to be their opponent.

“Kid, I alone should suffice in dealing with a brat like you! We don't all have to attack together!” Just then, the Fifth Apostles stepped forward again.

He then bowed at Felton and said, “Mister Felton, please let me deal with this kid. I'll teach him what it means to be this arrogant.” “Sure! Destroy him!” Felton said viciously.

“Yes!” The Fifth Apostle said and strode forward maliciously.

“Kid, watch your tongue. Arrogance comes with a price! I will show you the consequences of crossing the Farmers! Die!”

Once he was before Leon, he did not hesitate to wield his true energy and attacked Leon.

“You talk big for someone so weak. Know your place!” Leon scoffed.

Not bothering to dodge, he took a step forward and launched the Earthly Plunder.

His energy concentrated on his finger and was sent rapidly to the Fifth Apostle.

“You must have a death wish, kid!” The Fifth Apostle narrowed his eyes sharply.

Since Leon was wielding his spiritual energy, the Fifth Apostle could not sense his level.

However, he once saw Leon fighting two skilled martial artists from the Grimstons and assumed Leon was in the Initial Almighty State.

The Fifth Apostle was in the Intermediate Almighty State and he did not think Leon would be a match for him.

Yet, Leon did not dodge and dared to face his powerful strike with a single finger.

This was practically suicidal and the Fifth Apostle was not about to show him mercy.

“Ignorant brat!” Felton and the others all looked at Leon mockingly.

Felton was certain that Leon was in the Initial Almighty state.

However, he seemed to have gone mad and decided to face the Fifth Apostle head-on.

This was extremely foolish of him.

That seemed to be the only possible way this would turn out.

The Ex Husbands Revenge Chapter 2887-“It’s over!” “Leon’s going to die!” Like Felton, Dorian, and the others, the crowd along with the Morrisons and the Daglehs all thought that a young man like Leon would lose to the Fifth Apostle.

It would be unrealistic to assume otherwise.

They all sighed empathetically, feeling that it was a shame for Leon to perish at the hands of the Fifth Apostle.

There were others, like Jayden and some younger individuals, who all thought that Leon brought this upon himself.

However, what happened next shocked them all.

Baam!

Following a deafening sound, Leon's Earthly PLunder clashed with the Fifth Apostle's attack.

Though Leon did not take the Dragon Pill to display his full strength, he already reached the Intermediate Golden Core Phase and his power went up drastically.

one's spiritual energy to a single spot, so it wielded tremendous power.

As their attacks clashed, his Earthly Plunder tore through the Fifth Apostle's true energy and struck him on the shoulder.

The Fifth Apostle grunted in pain. Blood spilled from his shoulder as the Earthly Plunder left a deep wound on his body.

"Stay down!" Leon clenched his fist and launched the Double Attack.

His true energy in the Initial Emperor state gathered on his fist as he charged at the Fifth Apostle.

Baam!

The Fifth Apostle was caught by surprise. Without a chance to react, he was sent flying and slammed hard onto the ground.

Once he landed, a sharp pain pierced his chest. He covered his chest and spat blood. Paling, he slumped on the ground, unable to fight.

Luckily for him, Leon's power level was not that high in comparison to his level in sage art.

Though the Fifth Apostle took a direct blow and suffered severe internal injuries, he was not in life-threatening danger.

This was the silver lining of the situation.

“What?” “The Fifth Apostle was defeated!” “How’s that possible?”

Felton, Dorian, and the others were all stunned and rubbed their eyes in disbelief.

Given his formidable strength, they all thought that a nobody like Leon would lose.

To their bewilderment, they were all wrong.

This was so surreal that they were all shaken to the core.

Naturally, they were not the only ones who felt that way.

Instantly, everyone was shaken by the power Leon displayed.

The Ex Husbands Revenge Chapter 2888-“Damn it! How can this happen?” Snapping out of it, the expressions on Felton and the others darkened.

Felton thought he knew the extent of Leon’s strength and was certain that he was only in the Initial Almighty State.

Yet, Leon somehow managed to defeat the Fifth Apostle, who was in the Intermediate Almighty State.

This completely caught him off-guard and he could not figure out how Leon managed it, nor could he accept the reality.

“Is Leon even human?” “He’s so young, yet he managed to defeat the Fifth Apostle!” “This is surreal!” “Yeah. I guess he’s already in the Intermediate Almighty state or above!”

The crowd were all stunned and realization dawned on them.

Though they did not know how Leon managed to defeat the Fifth Apostle, they knew one thing for sure.

If even the Fifth Apostle could not defeat Leon, his power level must be above the Fifth Apostle’s.

He was likely one of the top martial artists in the Intermediate Almighty State and given Leon's age, this was unheard of.

If they had not witnessed what happened, they would have never believed this to be true.

"That's great! Mister Wolf's wonderful!" The Morrisons and the Daglehs were all overjoyed.

Renee, who knew that Leon used up the Potential Energy Forces and was in love with Leon, was quite concerned.

She was worried for his safety, thinking that he was no match for the Fifth Apostle.

However, Leon managed to defeat the Fifth Apostle with ease and survived unscathed.

She was instantly relieved.

Naturally, not everyone was pleased with Leon's victory.

Jayden was one of the few exceptions.

His expression darkened. He was upset that the Fifth Apostle did not manage to defeat Leon, and felt helpless about it.

"Felton, it's your turn now." Leon ignored the Fifth Apostle and strode toward Felton, Dorian, and the others.

After witnessing how Leon defeated the Fifth Apostle, he realized that Leon was likely in the Intermediate Almighty state or above.

The Ex Husbands Revenge Chapter 2889-"Elder Grimston's right! First Apostle, the four of you will attack together and destroy him!" Felton soon regained his composure.

He waved his arm and commanded the remaining four Apostles decisively.

Leon's power exceeded his expectations and for safety measures, he dared not to underestimate his opponent and ordered all four Apostles to attack at the same time.

That way, he could ensure Leon's demise.

"Yes, sir!" the four Apostles said.

They then strode forward and stood in four different positions to surround Leon.

Apart from that, a few martial artists who stood behind Felton took the opportunity to help the Fifth Apostle up, before returning to Felton.

"Leon, your luck has run out. Let's see if you can take the remaining four Apostles on!" Felton sneered.

He knew that under normal circumstances, two to three martial artists in the Intermediate Almighty state should be enough to defeat someone in the The four remaining Apostles were all in the Intermediate Almighty State.

Amongst them, the First and Second Apostles were the strongest. Both were not be able to face all four of them at the same time.

martial artists and rare in both the western and southern regions.

would be impossible.

Also, Felton insisted on having the four Apostles handle Leon instead of getting the Grimstons and the Underwoods involved because he had selfish considerations.

He and his father were plotting to take Leon down because they wanted Cynthion Group for themselves.

At the moment, the Morrisons and the Daglehs could not offer Leon any protection and this was the best opportunity for Felton to capture Leon and rob him of Cynthion Group.

This was hardly what Felton wanted.

"Four puny men is hardly a threat!" Leon scoffed and stared at them in contempt.

“How dare you, kid?” “Since you have a death wish, we will grant your wish!”

The four Apostles were furious and provoked by Leon’s contemptuous attitude.

The Ex Husbands Revenge Chapter 2890-Despite his earlier contemptuous attitude, Leon dared not to take their attacks lightly.

He stepped forward and launched the Phantom Steps to swiftly dodge the attacks.

“Kid, take this!” Once the attack missed, they all worked together to attack again.

Leon repeated the same thing and kept dodging their attacks while he thought about a solution.

Though his overall strength reached the Semi-Saint State, he was currently at the invincible level of the Intermediate Almighty State without taking the Dragon Pill.

The four Apostles he faced were all in the Intermediate Almighty state and since he was outnumbered, it would not be as easy as dealing with the Fifth Apostle.

Also, because taking the Dragon Pill would leave him vulnerable for a while, he did not intend to take it.

He did not think he needed to do so either.

Apart from the Dragon Pill, he also had another trick up his sleeve: the Mirror of Sovereign.

Given his current power at the Intermediate Golden Core Phase, the Mirror of Sovereign should be able to fend off any attack in the Intermediate Almighty State or below.

challenging to face them all alone.

However, they were all in the Intermediate Almighty State. They would not be able to break through the defense of the Mirror of Sovereign, let alone defeat Leon.

Hence, Leon was not at all worried.

His only concern was that the four Apostles worked well together and were attacking from four different directions. Their attacks were ceaseless and they did not give him a single moment to pause.

Hence, Leon was not in a hurry to face them and simply executed the Phantom Steps to dodge their attacks.

He would occasionally fight back to interfere with their teamwork.

At the same time, he was preparing to defeat them with a single blow once they showed weaknesses.

Baam, baam, baam!

With that, Leon exchanged countless blows with the Apostles.

Though Leon was in a defensive position, the incredible speed of the Phantom Steps made it hard for the Apostles to defeat him.

For the moment, no one could win.

That way, it would be much easier for the four of them to defeat Leon.
