

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2924-On the way to the southern region, Leon called Angus to warn him, informing him that the Southern Boss and the Western Boss were heading over to rescue Rodney.

He then called Alfred and requested backup from the Dragon Guards located in the southern region.

Though Alfred went to the central region like Mister Orpwood and could not do much in the southern region, there had to be Platinum Dragon Guards stationed in the southern region.

With Alfred's order, he could send the Platinum Dragon Guards in the Almighty State over to help the Thompsons.

Like the Dragon Corps in the western region, they could only gather seven to eight Platinum Dragon Guards, and not all of them within such short notice.

Given the Southern Boss and the Western Boss's strength, the Thompsons may not win even with the help of the Dragon Guards.

Still, Leon never planned to rely on the Thompsons and the Dragon Guards.

If he could not catch up to the Southern Boss and the Western Boss, the Thompsons and the Dragon Guards would only need to stall.

By the time he arrived at the Thompsons' mansion, he could defeat the Southern Boss and the Western Boss and all issues would be resolved.

Meanwhile, in the Thompsons' mansion in the southern region.

Angus received the call from Leon and immediately realized the severity of the situation.

Not daring to delay, he immediately called for an emergency meeting.

In the main hall, Angus, Arthur, and the elders all gathered for a discussion.

Angus informed everyone that the Southern Boss and the Western Boss were heading over to declare war and rescue Rodney.

“What?” The others were all shaken by the news.

Still, most of them saw plenty in their lives and soon regained their composure.

“Uncle, what do you think of this?” Angus asked Arthur.

Due to Yonas’s death, Arthur made Angus the leader of the family.

As the new leader of the Thompsons, Angus had the final say.

However, he only became the leader recently and was not respected enough.

So long as the Southern Boss was alive, they could not take Rodney’s life to avenge Yonas.

However, the Southern Boss allied with the Western Boss and they were coming over.

This worked to Arthur’s advantage.

If he could take the Southern Boss down and kill Rodney, he could finally avenge his grandson.
