

Married At First Sight

Married At First Sight Chapter 3331-When Tania was busy with children, she sometimes neglected her husband. There were not many opportunities to live in a world between two people like now.

She had experienced this and knew it deeply.

“Okay, it’s winter vacation. I’ll send Sonny back to stay for two days.”

Serenity couldn’t bear to upset her mother-in-law, so she decided to send Sonny back to play for two days and then take Sonny to Annenburg for a week before returning to prepare for the New Year.

“Are you just going to come back and stay for two days? Sonny is going to Jensburg?” Tania asked with concern, “Jensburg is so cold and snows often. Can Sonny endure it? He would find it fun to go there for two days occasionally. If he stayed there every day, he would catch a cold. He can’t adapt to the severe cold.”

When Wiltspoon dropped to more than ten degrees, everyone would shout that it was so cold, but this temperature was very comfortable compared to the winter in the north.

Serenity said, “Instead of going to Jensburg, he said he was going to Annenburg. Titus has already gone on winter vacation. The two little guys had already talked on the phone and made an appointment for winter vacation, so Sonny went over to play together. I also promised him.”

Tania was a little disappointed. She thought that Sonny would be able to live in Wildridge Manor for ten and a half days after the winter vacation and would not return to his mother until the New Year.

She didn’t expect Sonny to go to Annenburg.

Seeing Tania’s disappointed look, Serenity asked tentatively, “Mom, how about you go to Annenburg with us? Just think of it as a trip there. There are several good attractions there, and the man-made attractions are even more beautiful. The food is similar to ours at Wiltspoon.

The Johnsons are also very hospitable. Our family has close contact with their family. Grandma doesn't even want to come back after she goes there."

Camryn's eyes were cured by Dr. Lilian Carden.

Elisa was Serenity's cousin, and she was the fifth young mistress of the Johnsons.

The Yorks and the Johnsons were close relatives.

Relatives needed to move around before kissing.

The parents of the Johnsons, like the Yorks, were retired at home. It was easy for people of the same age to get together and chat.

The personality of the eldest wife of the Johnsons was different from that of Tania, but they were all the heads of large families, so they could talk to each other even if they wanted to.

Tania was very moved, and she said, "I have no contact with the Johnsons, so it would be inappropriate to go there and disturb others."

Serenity said, "Mom, it's nothing; just treat it as a trip there. If grandma knows, she will probably go there. If you feel embarrassed, just pretend to be worried about grandma and take care of your mother-in-law."

Tania smiled and said, "Your grandma takes good care of me. Her body and bones are better than mine. If we go out for outdoor activities, I really can't compare to your grandma."

Maybe Grandma May was often disobedient and ran around.

Although Tania could also exercise, she was not like Grandma May, her mother-in-law, who often runs around. When it came to outdoor sports, she was not as good as Grandma May.

"Mom, if you want to go, just follow. There are several babies in Johnson's house, and it's very lively." Zachary spoke. "I'll say hello to Ben in advance. If you're afraid that my dad won't let you go, I'll tell him."

Tania said, "Your father will not stop me; he will only go with me. There are several grandchildren in the Johnsons, and they are much more lively than ours, so my mother will shamelessly follow and play for a while.

Seren, the time has passed. You and Zachary are busy with work, so you can come back to take care of you first. Your father and I will take good care of Sonny. It's almost New Year; I guess you guys are also very busy."
