

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2971-“Western Boss, you’re too kind. Leon’s too resourceful and I wouldn’t challenge him if I’m not fully prepared,” The Southern Boss sneered and turned to Brahma, “Master Brahma, Leon’s too strong, so I’ll leave him to you. Western Boss and I’ll stand by to prevent him from running.”

“Sure! He’s just a brat. I’ll destroy him right now to avenge Scarlet Thief, Demon Lord, and the others!” Brahma nodded and strode toward Leon, before stopping a few meters away in a confronting manner.

Meanwhile, the Southern Boss and the Western Boss each chose a spot to seal off escape routes to prevent Leon from running.

“Brahma, why don’t you, the Southern Boss, and the Western Boss all attack at once? That ought to save me some time!” Leon pointed at Brahma coldly.

Given his current strength and with the help of the Mirror of Sovereign, he could easily deal with Brahma.

Rumors had it that Brahma reached the Semi-Saint State and had great strength, so he was not far from reaching the Saint state.

It would be challenging for him to defeat Brahma.

Most importantly, he was worried about getting caught up in a fight with Brahma.

If the Southern Boss and the Western Boss viciously attacked Iris, he would be in trouble.

If possible, he needed to ensure that all three of them focused on him so he could look for a chance to destroy them all. That was the safest option.

“How arrogant, kid. I should suffice when dealing with a brat like you. Why should the three of us have to work together?” Brahma was infuriated by Leon’s words.

“You? You overestimate yourself.” Leon scoffed in contempt.

“Very well. You asked for this. Since you have a death wish, I’ll let you have it!”

Brahma laughed angrily.

He ranked at the very top of the criminal list and anyone would be terrified to see him.

Yet, Leon did not fear him at all and even spoke to him in a contemptuous tone.

He could not stand Leon's arrogant attitude.

Unable to suppress his anger any longer, he charged Leon to attack, wanting to get rid of him as soon as possible.

"Bring it on! Take this, Earthly Plunder!" Leon scoffed.

He remained fearless and strode forward, before launching the Earthly Plunder.

Powerful energy instantly gathered at the tip of his finger and sent toward Brahma.

When Brahma tried to save the Southern Boss, he threw something at Leon since Leon did not fight Brahma, he had no idea about the extent of his strength.

Therefore, he was using Earthly Plunder to confirm how powerful Brahma truly was.

Knowing one's opponent was important in a duel.

The Ex Husbands Revenge Chapter 2972-"Kid, you must have a death wish!" Brahma's expression darkened maliciously.

Leon was young and he looked down on Leon the entire time, not seeing him as a threat.

Seeing as Leon did not dodge and intended to face his attack with a single finger, Brahma saw this as a suicide attempt and was not about to show mercy.

He exerted more strength in his attack, intending to finish Leon off with a single blow to avenge the other criminals.

"Oh no!"

"Mister Wolf has overestimated himself!"

Angus, Levi, and the others all paled as their hearts sank.

Upon witnessing the Southern Boss and the Western Boss's defeat, they all knew that Leon was formidable and that he possessed a powerful defensive tool in the Peak Almighty State.

However, Brahma was in the Semi-Saint State, making him much stronger than the Southern Boss and the Western Boss.

He had enough power to break past Leon's defense. It was foolish of Leon to face Brahma directly, not to mention using a single finger.

If they were not mistaken, Leon would surely perish if he took the hit.

"Know your place. Die, kid!" Contrary to the Thompsons' reaction, the Southern Boss and the Western Boss all looked at Leon like he was dead.

None of them believed that Leon had what it took to defeat the almighty Brahma unless there was a miracle.

However, amid their sneer, what happened next shook them to their cores.

Baam!

Following a loud sound, Leon's Earthly Plunder clashed with Brahma's attack.

Since Brahma's power was superior, his true energy instantly tore through Leon's attack and the aftermath of it slammed toward Leon.

Leon did not panic and simply took the hit with the Mirror of Sovereign.

In the meantime, he clenched his fists and launched the Double Attack and a wave of true energy in the Initial Emperor State rose, before charging at Brahma.

"What is this?" Brahma was taken aback.

Initially, he thought that he could eliminate or injure Leon with a single blow considering his superior power.

To his bewilderment, he failed to hurt Leon and Leon remained unscathed.

This was so surreal.

On top of that, Leon managed to attack again while still being on the momentum of his initial attack.

This completely caught him off-guard.

Despite wanting to counter, he was on the momentum of his first attack and was incapable of countering.

Still, as the head of all criminals, he was not about to just give up.

At the very last moment, he summoned all his true energy to dodge.

Unfortunately, he was one step too late and did not completely escape Leon's attack.

He was struck by the Double Attack on the chest.

Baam!

He was sent backing away under the impact and blood streamed down the corner of his lips.

Fortunately for him, Leon's power level in martial arts was not high and he dodged the attack in time, so the Double Attack merely caused mild injuries.

The Ex Husbands Revenge Chapter 2973-"What? How is that possible?" Everyone was stunned and rubbed their eyes in disbelief.

They all knew about Brahma's reputation and thought that Leon would surely lose if he faced Brahma's attack with a single finger.

To their bewilderment, the outcome was quite the contrary.

Not only did Leon not lose, but he also defeated and injured Brahma.

It was a miracle and they were all stunned.

"That's weird! Why is Brahma so weak?" Leon did not continue to attack and frowned in confusion.

The Semi-Saint State was technically a part of the Peak Almighty State. Based on the wave of true energy he sensed from Brahma, he could sense that Brahma was in the Peak Almighty State, and did not know if he was truly in the Semi-Saint State.

However, rumors had it that Brahma was in the Semi-Saint State and was not far away from reaching the Saint State.

Yet, through the exchange earlier, Leon had a new perspective on the matter.

Brahma was far more powerful than the Southern Boss and the Western Boss, but he was merely one of the best within the Peak Almighty State and was a step away from reaching the Semi-Saint State.

This contradicted the rumors about him being in the Semi-Saint State.

Instantly, Leon was confused as to why Brahma's power would be so different from what was described in the rumors.

“Kid, I didn’t expect you to fend off my attack with a single finger. I assume that it’s an Advanced technique!” Brahma steadied himself with a dark expression.

He knew that martial artists in the Almighty State or above could practice martial techniques to maximize their power.

The higher the level of the martial techniques, the more powerful they were.

Based on the exchange earlier, he could tell that Leon’s Earthly Plunder was a powerful technique or Loen would have been capable of fending off his attack and injuring him in the process.

“So what if it is?” Snapping out of it, Leon did not deny it.

Though his Earthly Plunder was a spiritual technique instead of a martial technique, the two were rather similar so Brahma was not entirely wrong.

“I see!” Angus, the Southern Boss, and the others all realized as to why Brahma failed.

In a fight between skilled martial artists, the slight difference could yield completely different results.

Brahma underestimated his opponent and did not use any martial technique against Leon, so it was normal for him to be overwhelmed by Leon’s powerful attack.

“Master Brahma, apart from a powerful advanced technique, he also has a defensive treasure in the Peak Almighty State and some daggers with poison that kills upon contact. You have to be careful,” the Southern Boss reminded to prevent Brahma from continuing to underestimate Leon.
