Chapter 4041

“If you can’t kill them, then try another method. Don’t you just need the flame energy to practice?”

“You were still absorbing the flame energy on the cliff at that time. Now there are so many ready-made flame energy, what are you waiting for?” The

Red Cloud Demon Lord said to David!

David’s eyes lit up. These red fireflies actually feed on the flame energy. These red fireflies must have a lot of flame energy in their bodies.

And when these red fireflies gather together, their power is even more powerful than ordinary fire!

Moreover, he has the essence of fire in his hand and has cultivated the true fire body. He is not afraid of any fire attack at all!

So these red fireflies can’t cause any harm to David!

But David can absorb the flame energy in these red fireflies!

Thinking of this, David suddenly understood the intention of the Red Cloud Demon Lord!

It feels like he has wronged him. The Red Cloud Demon Lord knew that there were red fireflies in the cave, but he didn’t tell David, just to attract the red fireflies and let David absorb them!

“Senior, I’m so sorry, I misunderstood you...”

David said very embarrassedly!

“Get out quickly, don’t waste time in the formation, this formation is to protect me.”

The Red Cloud Demon Lord kicked David and took David out of the protection of the formation!

Seeing this, the red fireflies swarmed up and wrapped David up, desperately attacking David!

But these red fireflies couldn't hurt David at all!

David was running the origin of the stars, madly absorbing the fiery energy in the red fireflies!

The flames soared into the sky, and these red fireflies continued!

Soon, around David, some red fireflies that had absorbed the fiery energy had turned black, and there was no sound anymore!

Not long after, they were densely packed with a layer!

David was very happy and desperately absorbed it!

And those red fireflies had no intelligence at all, they just kept swarming in, desperately releasing the fiery energy, and wanted to burn David to death!

This was in line with David's wish. The red fireflies released the fiery energy, and David tried his best to absorb it.

I don't know how long it took, but the ground was full of corpses of red fireflies!

In the end, a red firefly finally got wise, turned around and ran away quickly, no longer attacking David!

But David didn't chase him, after all, it's easy to get lost in this cave!

When the red fireflies dispersed, David's origin star flickered with light!

A strange breath of fire slowly formed in David's body!

When these breaths of fire condensed into a ray of fire essence, David suddenly discovered that this was actually another kind of fire!

David already had four kinds of fire in his body. Originally, he thought that these red fireflies absorbed the breath of blazing flames, and also absorbed the breath of the fire of the earth's core!

So absorbing the blazing flames of these red fireflies is just to increase the power of his own fire of the earth's core!

Unexpectedly, the blazing flames of these red fireflies actually formed a unique fire!

This kind of fire seems to have some spirituality than other fires!

David directly sacrificed a ball of fire, then dripped a drop of blood essence, and chanted in his mouth!

In an instant, the fire turned into more than a dozen red-haired rats!

However, this time the red-haired rats were obviously much smarter, and they also had some intelligence!

You know, these are all transformed from the fire, not real monsters, but they already have intelligence!

It was entirely because the fire formed by the blazing flames that David absorbed from the red fireflies had a certain spirituality! The

red fireflies had no intelligence, and they followed like fools one by one, but they didn't expect that the fire formed had spirituality! More than

a dozen red-haired rats surrounded David, squeaking constantly!

"You go find the exit, you must find the exit, understand?"

David ordered the dozen red-haired rats!

All the dozen red-haired rats nodded, and then began to divide the work, and then ran to different cave entrances!

While those red-haired rats were looking for a way out, David continued to beat Elder Tu out of boredom!

Anyway, it was boring in the cave, so David made fun of Elder Tu!

Chapter 4042

Soon, David found that a red-haired rat had returned, and then kept squeaking at David, and biting David's trouser legs!

David knew that the red-haired rat must have discovered something, so it did this, but how long has it been, and the red-haired rat has found a way out?

David followed the red-haired rat towards a fork in the road, and did not forget to let the whip drag the Tu elder!

David did not kill the Tu elder, in fact, there is another very important reason, that is, he wanted to let Huo Yuanting see that even if they colluded with the Ghost Face Sect, the end would be the same!

David followed the red-haired rat for only a short distance, and found that he was blocked by a stone wall in front of him!

"Dead end?"

David frowned: "Dead end, why did you bring me here?"

David was a little angry. No wonder the red-haired rat returned quickly, it turned out to run into this dead end!

But why is it a dead end, and the red-haired rat brought himself here!

"You, even if you have some intelligence, your IQ is too low!"

David sighed and turned to go back!

But the red-haired rat stopped David, squeaking and screaming desperately, and biting David's trouser legs from time to time!

This time, David was a little annoyed!

"Could it be that there is a way out behind the rock wall?"

At this time, the Red Cloud Demon Lord spoke!

David was stunned for a moment when he heard it, then walked over and gently pressed his hand on the rock wall!

This time, David's eyes widened and he noticed something unusual!

As David's consciousness probed into the rock wall, he actually found that there were wisps of flames surging behind the rock wall, and this breath was extremely pure and rich, and it was somewhat similar to the flames in the red firefly!

If this is a dead end, then it is impossible for such a strong flame to appear behind this rock wall!

In this situation, there must be a way behind this rock wall, perhaps it is a way out!

"I'm sorry, I misunderstood you..."

David looked at the red-haired rat and said awkwardly!

The red-haired rat seemed to understand what David said and squeaked!

David waved his palm and hit the rock wall in front of him fiercely!

Boom!

With a loud noise, the rock wall in front of him did not move at all!

This surprised David!

You know, it was too easy for him to split the mountain and crack the rocks with this palm!

But the rock wall in front of him was not damaged at all!

"What kind of stone is so hard?"

David said, offering the Dragon Slaying Sword, and then swinging it vigorously! After

swinging more than ten swords in a row, there was still no sign of damage to the rock wall.

David's forehead was covered with cold sweat and he was breathing heavily!

David was a little dumbfounded. Even if he knew that there was a way out behind the rock wall, it would be futile if he didn't look at the rock wall in front of him!

“Isn't this rock wall opened by force?”

David began to observe carefully!

If there is a formation mechanism here, it needs to break the formation. It can't be opened by force!

But David checked for a long time, and it was not a formation mechanism at all, and he didn't find any formation pattern fluctuations!

David frowned and fell into deep thought!

“Damn, it's really strange, why can't I open it?”

David was a little speechless!

Seeing this, the Red Cloud Demon Lord slowly disappeared and returned to David's sea of consciousness!

Just after David returned to David's sea of consciousness, he said: “Open the Heavenly Eye and see, maybe you can find out the reason!”

David himself couldn't use the Heavenly Eye, only the Red Cloud Demon Lord could do it!

David nodded, and as an eye on his forehead slowly opened, David was surprised to find that the rock wall in front of him had disappeared!

Instead, there was a white light door!

“Teleportation array? Could it be teleported out?”

David was overjoyed when he saw the light door!

Chapter 4043

After taking a few deep breaths, David slowly walked towards the light gate!

David was extremely cautious because he didn't know what was behind the light gate!

The whole person was in a state of war, and if he encountered danger, he could react immediately!

But when David slowly passed through the light gate, there was no so-called way out, but a bottomless cave!

“Damn...”

David cursed. He thought he could get out, but he didn't expect to be in the cave!

This is a cave, why do you need a light gate?

And it's disguised as a rock wall, isn't this sick?

But when David was about to retreat, he found that the light gate was gone, and behind him was a real rock wall!

This means that David can't go back even if he wants to go back!

This made David a little confused, his hair stood up, and his expression was extremely nervous!

Obviously, this light gate or the rock wall is absolutely man-made, not naturally formed!

Is this to lure yourself in and then close the door to beat the dog?

David was a little scared. After all, what was inside the cave was unknown!

He didn't know if he could get out!

However, the way back was blocked, so David could only move forward!

“Hahaha, this is a dead end, definitely a dead end. Maybe there will be wild beasts waiting for you here.”

“You tortured me so cruelly, and you won’t survive either!”

Elder Tu laughed!

The more nervous David’s expression was, the happier he was!

David glanced at Elder Tu coldly, and said with a disdainful smile: “If I encounter a wild beast, I will throw you out as food first.”

After that, David gave Elder Tu two more whips, and then continued to move forward along the cave! This time, there was no fork in the road. David just had to walk deeper into the cave! After

walking for an unknown amount of time, another light curtain appeared in front of him. However, this light curtain was obviously a formation set up by someone to block people in the cave!

Seeing the light curtain that suddenly appeared in front of him, David knew that someone might be here!

If this cave is really inside the Shenhuoshan Mountain, who would be in this cave?

David walked forward and observed, and found that the formation pattern on the formation was very old. Obviously, this formation has been arranged here for many years, probably hundreds of years!

Stayed here for hundreds of years? Who is it?

You must know that the only thing that can be used in this cave is the extremely fine flame filaments that penetrate in, and there is no spiritual energy at all!

What can you use to practice without spiritual energy in this place?

You would not choose this place for retreat!

David tried to emit his spiritual consciousness, wanting to see who was behind the light curtain, but his spiritual consciousness could not penetrate the light curtain at all!

Now David didn’t know if there was someone behind the light, or if he would still be in this cave after passing through the light gate just now.

“Senior, I didn’t intend to enter this place, and I don’t know how to get out. If I disturb you, please forgive me.”

David shouted loudly at the light curtain!

If there was someone behind the light curtain, he would definitely hear David’s shout!

After shouting, after waiting for a while, David carefully investigated the formation!

This formation is not difficult. For David, it should be considered a simple defensive formation!

After just two glances, David found the center of the formation!

David flicked his finger, and several spiritual lights flew out and hit the position of the formation center!

Boom!

The light curtain began to shake violently, and then disappeared in an instant. When the light curtain disappeared, a series of brilliance directly illuminated the entire cave!

In the dark cave, the brilliance was colorful and dazzling.

Chapter 4044

David quickly blocked his eyes, then slowly looked over and found that this was the end of the cave!

At the end, there was a clearly visible stone door, on which were painted various paintings that David could not see!

“There really is someone living here...”

Seeing the stone door, David was sure that someone was living here!

Walking over carefully, David put his hand on the stone door, and then injected a spiritual power into it!

David wanted to try whether there was a mechanism in this stone door, he dared not push the stone door rashly!

After realizing that the stone door had no mechanism, David pushed the stone door open with force!

Behind the stone door, it turned out to be a small stone room filled with various treasures, which were vivid and radiant!

And all these treasures were extremely rich in the aura of fire!

David was stunned when he saw these treasures. He didn't know whether these treasures had the aura of fire because they had been here for many years, or whether they had been there from the beginning!

And in the middle of these treasures, on a bluestone platform one meter square, there was actually an old man sitting upright!

This person was wearing green clothes, and his body was so thin that it looked unrecognizable. His gray hair fell to his shoulders, and he exuded a faint breath!

However, David could tell at a glance that the old man in front of him with a faint breath was not a living person, but a remnant soul!

It was just that under the light of these treasures, it looked like a living person sitting there!

“Who are you?”

David asked the old man!

The old man slowly raised his head. Although his breath was weak and his figure was thin, his eyes were sharp!

“I should be the one asking you this. Who are you? How did you appear here?”

The old man asked David!

“I am David, a disciple of Zi Yan Men!”

David said!

After all, the old man didn't know David, so David didn't need to hide his identity!

The reason why he said he was a disciple of Zi Yan Men was because he felt that the old man in front of him must have something to do with Zi Yan Men! Sure enough, after David said that he was a disciple of Ziyang Sect, the old man's sharp eyes softened a lot!

“Who is the leader of Ziyang Sect now?”

the old man asked!

“Huo Yuanting's acting leader!” David said!

“Huo Yuanting?” The old man frowned slightly, then shook his head slowly: “I don't remember, it's been too long, I've been here for too long...”

After that, the old man's eyes fell on Elder Tu behind David!

At this time, only the torso of Elder Tu was left, and the whole person was horrible!

“People from the Ghost Face Sect, how could people from the Ghost Face Sect appear here?”

The old man saw Elder Tu, obviously with anger!

“That Huo Yuanting colluded with the people of the Ghost Face Sect to get the Divine Fire Seal and take the position of the leader.”

David explained!

“as***...” The old man shouted when he heard it!

This sound almost shook the old man's thin body apart!

It was originally a remnant soul, pretending to be a living person. This anger almost scattered the remnant soul. If it scattered, it would be completely over!

Seeing the old man so angry, David hurriedly asked: “Senior, who are you? Why are you here?”

“Me?”

The old man was startled, then laughed bitterly: “I founded this Zi Yan Sect. I am Hong San, the first sect master of this Zi Yan Sect.”

“The first sect master?” David was shocked!

He didn’t expect to meet the first sect master of Zi Yan Sect here!

David thought that this old man might be a sect master of Zi Yan Sect, who was accidentally drawn into this void crack and then entered here! Unexpectedly,

he would be the first sect master!

It’s just that the name of this first sect master is a bit too casual!

Chapter 4045

The two had a romantic dinner outside.

After returning home, Shen Muchen received a call and went into the study.

Yu Chuchu smiled. The boss of a company with no management problems is the most relaxed. It seems that Shen Muchen just laughed at her when she was in the company just now. He is now simply a company slave.

But she didn’t care. Shen Muchen was in the study where she could see him anyway, not anywhere else.

“Mother Chen, do you have scissors?” Shen Muchen was busy in the study, so Yu Chuchu came to find Mother Li.

“Madam, I have scissors.”

“Then do you have red paper here?” Yu Chuchu asked.

“There is no red paper. What do you want red paper for?” Mother Chen asked in confusion.

“I know a friend who is in the hospital. I promised him that as long as he behaves well, I will give him a big red flower. But I was too busy and didn’t go to the store to buy it. If there is one at home, I will make one for him and put it in my bag so that I don’t forget it.” When she was in the company, she wanted to reward Shen Muchen with a big red flower. If she didn’t give it to him, Shen Muchen would definitely pester her, so she had to be prepared. At this moment, she could only use Xixi as a shield.

Thinking of Xixi, she seemed to have not visited him for a while. She didn’t know if he was okay, nor did she know if Li Yao was okay.

Chen’s mother cooperated with Yu Chuchu to find red paper, but she couldn’t find it after searching the whole room. “Hey, there is no red paper. Can I use a red envelope?”

Yu Chuchu saw the big red envelope that Chen’s mother took out and smiled fiercely, “Of course.”

As long as it is red, it will be fine. The power of the people is really immeasurable. When she gave up, a red envelope turned the situation around, and the big red flower was settled.

.....

Yu Chuchu returned to her room. After washing up, it was almost 11 o’clock.

Shen Muchen hadn’t come out of the study yet.

Yu Chuchu remembered Xu Minjia’s teaching yesterday, to love her husband and to cherish her husband. She got up from the bed, made a cup of milk for Shen Muchen, and sent it to the study.

When she entered the study, Shen Muchen had already closed the computer. “Are you done?”

“Yeah. It smells good.” Shen Muchen sniffed.

“Imported milk from the Netherlands, grandma ordered it to be specially made for you. How could it not smell good?” Yu Chuchu replied. Raising Shen Muchen is more meticulous than raising anything else. There are many requirements for the milk at night alone. Where it is produced, when to eat, how much, nothing can be sloppy.

“No, I smell good because of you.” Shen Muchen’s eyes were filled with a faint smile, staring at Yu Chuchu who was wearing very cool clothes.

Yu Chuchu was stared at by him and felt hot all over. She threw the milk on the table and said, “Drink your milk!”

“I will definitely drink the milk, and you and I will too...” Shen Muchen’s hands were very fast. He pulled Yu Chuchu’s hand to his side, and Yu Chuchu sat on his lap.

“Shen Muchen, you...” The breath was very ambiguous, and the temperature was getting a little high.

“Don’t move.” Shen Muchen put one hand on her chest, holding her whole body, and rubbing it from time to time.

Yu Chuchu was embarrassed and twisted her body, “Let me go.”

Whose claws are these? Who is moving around? And you told her not to move?

“Shh, don’t move.” Shen Muchen said softly again, this time holding her hand and not moving, and started drinking milk with the other hand.

Yu Chuchu didn’t dare to struggle anymore. If she moved, she would spill a glass of milk on herself.

“Chuchu, have you noticed that Ye Qin and Fuyang quarreled as soon as they met?” Shen Muchen asked while drinking milk slowly.

Yu Chuchu remembered that Fuyang and Ye Qin also quarreled last time, “Then what?”

“Maybe they are enemies.” His assistant and her assistant, it’s not bad to be able to get along.

Yu Chuchu laughed “Puff”. Shen Muchen also gossiped sometimes, and he gossiped so seriously.

“What? Do you think Fuyang is not worthy of Ye Qin?” Shen Muchen saw that Yu Chuchu’s attitude was not correct, and felt that his face was swept away.

“No. I think no one can be sure about this, so let’s just wait and see.”
