

Super Rich Dad Chapter 367-368

Chapter 367 - South of the City Project

But when these words reached Qin Tiancheng's ears, they were like pins and needles.

His face suddenly sank as he glared at Qin Yun and shouted: "You're reckless! What, it's your turn to teach me how to behave in the world? Qin Yun, I am your father, will you get it straight?"

Qin Tiancheng seemed to be enraged by Qin Yun's words, and his face turned red with anger.

And seeing her father being so unreasonable, Qin Yun was also very upset and pouted directly, ready to hit back forcefully!

Only before Qin Yun could open her mouth, Jiang Hao, who had been watching from the side for a long time, hurriedly grabbed Qin Yun and pulled her back, shaking his head at her, saying, 'Qin Yun, forget it, don't talk to uncle like that.'

Qin Yun looked at Jiang Hao and was somewhat upset for him.

Jiang Hao was his life-saving benefactor, and his father should have treated him with hospitality.

But not only was his attitude lukewarm, he was even shouting at himself when he wanted to say something in fairness. Is it possible that you are giving Jiang Hao a face like this when he comes to your door for the first time? What does this mean, you want to kick him out?

Qin Yun simply felt that her father was unreasonable.

She said in an exasperated voice, 'Jiang Hao, don't worry about it, I have to talk sense into you today, otherwise it would be unfair to you!'

Qin Yun's words once again angered Qin Tiancheng, and he immediately turned his head at his words and looked at Jiang Hao in a fury, 'What did you say? It's too unfair to him? Have you ever thought that you are being fair to your father and me by talking like this? I'm your father, what, now I'm not as good as an outsider?'

As if he wanted to vent all the anger in his heart, Qin Tiancheng suddenly pointed at Jiang Hao and spoke again, 'What face did I give him? He's here, so he's here, what, I have to serve tea and water and welcome him? Can't you see that I'm talking about serious business?'

Qin Tiancheng looked at the young man opposite himself and said excitedly, 'Humph, the same age of about twenty, look at other people Chu Yuan, he is now the vice president of a listed company, and look at you guys still playing small with me, I'll go and entertain you warmly, are you able to help me in the project in the south of the city, or do you contribute your share?'

'Humph, you know, this time the south of the city project, is responsible for the development of the Haoyuan Group, this time is almost the same as a new Chujiang city centre, how big is the business opportunity, the whole Chujiang who does not want

to get involved in a foot? Do you know that Chu Yuan's family is an engineering contractor, and he is able to communicate with Liu Guohao, the president of the Huoyuan Group? You guys are the only ones who are short-sighted and can't see anything!'

When it came to the south of the city project, Qin Tiancheng's eyes seemed to be full of expectation, and at this moment, he was putting almost all his expectations on the happy Chu Yuan in front of him.

And just as Qin Tiancheng finished his words, that Chu Yuan smiled.

Although he smiled naturally, from time to time he was still able to detect the smugness in it.

After all, he was a young man, and anyone who heard compliments from others would naturally be fluttering.

Chu Yuan hurriedly raised his hand to interrupt Qin Tiancheng's words and said with a smile, 'Hey? My father and Liu Guohao, the president of the Haoyuan Group, have been good friends for more than ten years, and the relationship is not particularly good.'

Chu Yuan could not help but look at Jiang Hao after he finished speaking, his mouth skimmed, although his mouth did not say, but his gaze still carried a few disdain.

Chu Yuan's gaze then fell on Qin Yun's body, and he couldn't help but light up in front of his eyes, somewhat fascinated and dumbfounded for a moment, and finally his whole body seemed to be somewhat attracted by Qin Yun's temperament.

But soon, Qin Tiancheng interrupted Chu Yuan: 'Aiyaya, look at other people Chu Yuan, he is just good at talking, yeah yeah, we are not all here to help Chu Jiang add bricks to the wall, you guys, learn from other people Chu Yuan!'

After saying that, Qin Tiancheng hurriedly said to Chu Yuan, 'Chu Yuan, whether we can participate in the south of the city project this time, depends on your help, if you can help uncle, then uncle owes you a great favor.'

Chu Yuan smiled and hurriedly said, 'Uncle Qin, look at what you said, you and my father are friends, it's only right that I help you, and don't worry, I'll ask my father to say hello to Liu Guohao, and if there's a suitable opportunity, I'll definitely find an opportunity to introduce you!'

'Aigoo, really? Introduce me to General Manager Liu?' Hearing these words, Qin Tiancheng's whole person was excited, and with an even more excited face, he said, 'If that's really the case, then I really have to thank you properly ah, Chu Yuan ah, don't worry, uncle understands, I will definitely not treat you badly when I turn around, haha'

Listening to the hot conversation between these two, Qin Yun's heart became more and more uncomfortable.

This was her own father, this time she had really left herself and Jiang Hao out to dry ah.

Chapter 368 - A Matter of Words

'Dad, then in your eyes, you only have that what's-it project in the south of the city, right?' Qin Yun looked at her father with some disappointment, simply furious.

Qin Tiancheng looked at Qin Yun with dissatisfaction and scolded, 'Nonsense, if I don't have my eyes on the project, what will you eat and drink? How are we going to maintain our family with such a large expense? Do you still think I think about all those nonsense things like you every day?'

Qin Tiancheng glanced at his daughter with dissatisfaction, and also lightly skipped over Jiang Hao.

For Jiang Hao, Qin Tiancheng didn't even have the heart to give him a second glance.

For a veteran of many years in the business world, Qin Tiancheng naturally knew very well that only those who could bring value and opportunities to him were worthy of his attention and maintenance.

In his opinion, Jiang Hao is a stinkbug or, to put it bluntly, a moth.

Jiang Hao is useless, and he will definitely not be able to lend any strength either now or in the future.

On the contrary, Jiang Hao's visit to the door, in Qin Tiancheng's opinion, was just a desire to climb up to him.

They are just looking at their own family's money, so they are trying to get close to Qin Yun and win her favour, so that they can get close to themselves.

What are such people, if not assholes?

When Qin Tiancheng thought of this, his eyes became unfriendly when he looked at Jiang Hao, and he scolded in a low voice, 'Humph, usually I tell you, when making friends. Be careful, don't make all kinds of foxy friends, or you'll be the one to suffer sooner or later!'

When Qin Tiancheng said this, both Qin Yun and Jiang Hao could not help but be slightly stunned.

It was obvious that Qin Tiancheng was talking about Jiang Hao, but what Jiang Hao couldn't believe was that he hadn't provoked this guy at all, so how could he have gone crazy and bitten him?

Jiang Hao couldn't help but be a little unhappy, and his face became a little gloomy.

And when Qin Yun heard these words from her own father, she was even more furious!

She shouted out in surprise and said to Qin Tiancheng, 'Dad, do you even know what you're talking about? What do you mean? How can you make Jiang Hao think of you with these words? You are so hurtful! What kind of person do you take Jiang Hao to be?'

Originally, Qin Yun wanted to find justice for Jiang Hao, but what she didn't expect was that instead of finding justice, Jiang Hao was now even more hurt.

But since the words had already come to this point, Qin Tiancheng had nothing to be afraid of.

He snorted coldly and said, 'What, is there something wrong with what I said? You really think he is approaching you because he wants to be friends with you? He just wants to get closer to you so he can stick to our family. You're the only one who's stupid enough to be sold out and still count the money for them! I even wonder now if his so-called rescue of you is real!'

In Qin Tiancheng's mind, this matter was indeed full of doubts. And

Qin Tiancheng had even doubted this matter, Qin Yun was simply a bit speechless.

What was there to doubt about this matter? She was not blind, how could it be that Jiang Hao

After all, he was also beaten up at that time.

The first time I met Jiang Hao, I knew what kind of person Jiang Hao was and what kind of disgusting things he would never do.

Qin Yun huffed and puffed and wanted to retort to her father, but just as she was about to speak, she was stopped by Jiang Hao.

Jiang Hao shook his head at Qin Yun and then spoke to Qin Tiancheng, 'Uncle Qin, I think I should probably explain myself properly, if you think that I approached Qin Yun because your family is rich, then I can tell you that you're really wrong.'

Jiang Hao couldn't help but laugh when he said this, as he really felt that Qin Tiancheng's idea was a bit ridiculous.

He himself now had ten billion dollars in his hands, how could he possibly look at this meagre amount of Qin Tiancheng's family money?

Qin Tiancheng couldn't see himself because he was judging people by their appearance and his prejudice against himself.

Jiang Hao continued after a pause: 'There are some things I can't say directly, but I can say this to you, in my eyes, your family's wealth is nothing. If you think that I am greedy for something else, then I can only tell you that you are thinking too much.'

At the end of his speech, Jiang Hao smiled again, looked at Qin Tiancheng with some playfulness and said, 'Oh yes, Uncle Qin, just now I heard you say that you are interested in the south of the city project, if you are really interested, I can also help, and I can guarantee that I can give you the opportunity that no one else can give!'

To this Jiang Hao of course did not say big words, this project was all invested by himself, if he wanted anyone to participate in the project, it was not just a matter of words?
