

Super Rich Dad Chapter 397-398

Chapter 397 Kicked out

The middle-aged man paused and said with a bit of bravado in his tone, 'Chu family, the largest engineering equipment company in Chu Jiang, hum, let me tell you this, in Chu Jiang, you casually see an engineering equipment vehicle on the road, it has a 60% chance of being owned by the Chu family, and even if it belongs to the 40% chance that it is not Chu family equipment, it is also bound to have inextricable ties with the Chu family!'

The middle-aged man pointed outside and said proudly, 'See the dozens of hotels, large and small, and a bunch of landmarks of the Chu family? To tell you the truth, nine out of ten of those are the Chu family's equipment involved in the construction of the cause, in Chu River, without the Chu family's equipment, you still want to build buildings? Oh, dream on!'

The middle-aged man paused and continued, 'And the most important point of the tour, perhaps you have also heard of it, the Chu youngster's father, and Chu River Ho brother, but the life of a brother, and you know Chu River Ho brother Liu Guohao is what?'

'Heh, he is the general contractor of this time the south of the city project, all the work about the project, in the end, it is his brother Ho is in charge. Hehe, you are now saying that you want to kick Brother Howe's good friend out of the project, you say you are not dreaming, what are you doing?'

After finishing his words, the middle-aged man skimmed his lips in triumph and continued, 'Hmph, now you know how ridiculous and absurd those words you just said really are, right?'

After the middle-aged man finished his words, he immediately looked at Chu Yuan again, and could not help but say with a few ingratiating hints, 'Young Master Chu, how about it, what I just said, is that correct?'

Chu Yuan skimmed his lips and gave a laugh, 'Of course it's right, and it's very well said, huh, well, didn't certain people just say that they wanted to kick my Chu family out of the south of the city project? Now it's time to do it, ha, I'm still not leaving today first, I just want to see how he actually does it!'

Chu Yuan finished his words, drew over a chair, swaggered and sat down, two feet even directly on the dining table, arrogant energy, a moment with two.

Although You Yun also resented Chu Yuan like this, there was nothing he could do about it.

And in fact, he also felt that what Jiang Hao had just said was too much.

Even though Jiang Hao had spent more than ten million on himself in just one day without blinking an eye.

But You Yun still knew very well that even if he had spent more than ten million, but even so, Jiang Hao wanted to sway the south of the city project like he had said just now, this was still a fool's dream, not even a little bit realistic.

You Yun sighed and glanced at Jiang Hao, feeling sorry for him in his heart.

But he also understood that perhaps these rich kids love to save face, Jiang Hao also wanted to pretend to be a pussy, but did not want Chu Yuan to be serious.

Hey, you can't live with your own sins, it's all your own fault, no one else can blame you.

You Yun muttered to himself and silently lowered his head, he was now in a difficult position to protect himself, so he was not interested in Jiang Hao's death or survival.

Only, Jiang Hao looked calm and collected from the beginning to the end, without a hint of panic.

Jiang Hao raised his eyebrows and looked at Chu Yuan, silently took out his mobile phone and said to Chu Yuan, 'Aren't you going to call your family now?'

When Chu Yuan heard Jiang Hao's words, he was very puzzled and asked back in a cold voice, 'What do you mean?'

Jiang Hao smiled, 'Nothing, I just think that your Chu family is about to be kicked out of the City South project, don't you call your father and let him know in advance?'

After Jiang Hao finished speaking, he slapped his forehead violently and continued to laugh again, 'Oh also, your family will know about this matter soon anyway, so I guess it won't be of much use if you call or not.'

After he finished speaking, Jiang Hao fished for the number on his mobile phone and dialed it. While broadcasting the number, Jiang Hao then looked at You Yun and said indifferently, 'Mr. You, I think we should forget about this meal today. I'm no longer interested, besides, if you want to participate in the City South project, then please provide your qualifications, a professional company will check your qualifications later, if you pass, you can participate in the City South project, but if you fail to pass the qualification audit, then I can only say sorry.'

Jiang Hao finally glanced at Chu Yuan and said coldly, 'Please rest assured everyone, in the future for the City South project, there will definitely be no more relying on human connections to get in, and the companies that were previously entered into the list by virtue of some ulterior secret will soon be thoroughly investigated, humph, no one will be able to pass if they fail!'

Jiang Hao's last few words were spoken with a loud voice as he looked at Chu Yuan with a disgusted look on his face and turned around to leave.

And just at that moment, the phone call that Jiang Hao had broadcasted out happened to be picked up.

The person Jiang Hao called was none other than Liu Guohao.

The latter was simply thrilled to see Jiang Hao calling and smiled repeatedly, 'Aiyoo, so it's Jiang Shao, I'm really sorry, I'm a bit late in answering the phone, Jiang Shao's, may I ask if you have any orders?'

Jiang Hao smiled and said back, 'Of course there is something, Mr. Liu can ah, hehe, I guess now the south of the city project has not yet started, Mr. Liu you have already made a lot of money, right?'

When Jiang Hao said such words, Liu Guohao's entire body immediately tensed up.

And he was scared precisely because what Jiang Hao had said was right!

Although the project had not yet started, Liu Guohao was really making a lot of money.

Other than that, just from the more or less filial tributes from those who wanted to go through Liu Guohao here and get a piece of the pie in the south of the city project, Liu Guohao had made a lot of money, and this of course did not count the money that the Chu family's side had shared with itself.

Liu Guohao can't help but be a little vain, hurriedly said: 'Jiang Shao you say this is I I don't understand ah haha'

Jiang Hao suddenly coldly snorted: 'Humph, don't play sloppy with me, Liu always take me for a fool! May I ask Mr Liu, the Chu Jiang Chu family is involved in the south of the city project, right?'

'Yes, what's wrong Jiang Shao?'

Jiang Hao said: 'Nothing, I just want to inform you, please kick out the Chu family, from today onwards the south of the city project, there will be no Chu Jiang Chu family any person any equipment involved, Mr. Liu, you must remember, I am warning, not discussing with you, I hope you immediately go to me to do this matter, otherwise please think about the outcome of your own!'

Hearing Jiang Hao say this, Liu Guohao's sweat was about to stand up, thinking what the hell was going on here? Jiang Hao was so angry.

And he was telling himself to kick the Chu family out, could it be that the Chu family had offended him?

But at this moment, Liu Guohao obviously could not care about that much anymore. He could hear that Jiang Hao was really angry this time, and if he asked any more questions, he would probably be adding fuel to the fire.

Liu Guohao hurriedly said, 'Fine, fine, please don't worry, Jiang Shao I'll go and do it right now, right now'

Jiang Hao heard Liu Guohao say this before he hung up the phone.

'Pfft,' just then, Chu Yuan's mocking laughter came again as he looked at Jiang Hao and said, 'Tsk, tsk, finished fighting? Haha, don't say it, you're really good at acting, pretending to look like that, and calling General Manager Liu? Which Mr. Liu? Liu Guohao? Oh, you're killing me you know?'

'Okay, I'll wait here, I want to see what you can do to me!' Chu Yuan said with a carefree expression.

Jiang Hao turned sideways and sneered at Chu Yuan, 'Then please wait and see.'

Having said that, Jiang Hao directly stepped out of the private room.

And seeing this, You Yun hurriedly followed him out, saying in a loud voice, ‘Jiang Shao, Jiang Shao, please’

When the two of them left the private room, Jiang Hao stopped in his tracks and looked back at You Yun: ‘You can stay here, no need to see me off, I’ve already said what I said just now, if you are interested in participating in the south of the city project, please do as I said. I have things to do, I’ll leave first.’

‘If You Yun was about to say something else, but Jiang Hao didn’t give him a chance and walked away without looking back.

You Yun sighed, in a bad mood.

Originally he was going to treat these people to a meal today, but he had never expected it to end up like this.

Deep down, you Yun did not believe Jiang Hao’s words.

He thought that even though Jiang Hao’s identity was mysterious, he was not so powerful that he could give orders to Liu Guohao, what kind of person must he be?

In You Yun’s opinion, the phone call that Jiang Hao had just made was 80% fake, and he probably left because he was afraid that it would be broken up later.

Just then, You Yun suddenly heard Chu Yuan’s unbridled laughter coming from the private room behind him.

‘Hahahaha this kid is really funny, do you know who he was pretending to call just now?’ Chu Yuan asked the middle-aged man beside himself, laughing, ‘Liu Guohao, Brother Chu Jiang Howe, haha, I see what happened today, when I get the chance later, I must talk to my Uncle Howe about it, so that he can clean up this little son of a bitch’

On the other hand, in the Howe Yuan Group, Liu Guohao’s office.

Ever since Liu Guohao hung up Jiang Hao’s call, his entire mind had sunk completely.

Liu Guohao was puzzled as to how Jiang Hao had found out about his ‘scandals’.

And he was even more curious as to why Jiang Hao insisted on kicking the Chu family out of the city’s southern project. What happened to the Chu family that made Jiang Hao hold such a grudge against them?

After all, the Chu family is not a normal relationship with himself, even though Jiang Hao said that kind of words, but Liu Guohao still felt compassionate.

After all, he has been a friend for decades, so of course Liu Guohao did not want to be kicked out of the project so easily, because being kicked out of the project would be almost the same as being temporarily blocked within the Chu River.

In that case, it was estimated that the Chu family would all sink as a result, which was certainly not something Liu Guohao wanted to see.

Liu Guohao sighed and hurriedly broadcasted a number

After about a few minutes, the phone was picked up and a thick voice came through, 'Hey, Old Liu, why do you have time to find me today?'

Chapter 398 - Too Late

The person who answered the phone was no other than Chu Yuan's father, Chu Zhengting.

Every time Liu Guohao called himself, nine times out of ten it was good news, and Chu Zhengting felt that this time would definitely not be an exception.

He was trying to get Liu Guohao to leave the construction project of Jiangnan Business School to himself some time ago.

The project is the most important project in the whole of the south of the city, if you can successfully take this project, not to mention more, so that the Chu family 'big' body to expand a third, is more than enough.

This is definitely a big cake.

And Chu Zhengting thought that Liu Guohao's phone call to him was an agreement to build the project himself!

When he thought of this, he couldn't help but be overjoyed and was about to open his mouth to thank Liu Guohao when he heard Liu Guohao on the other end of the phone let out a loud bellow.

'Chu Zhengting, what the hell have you done?'

Chu Zhengting froze at the words, and the smile on his face instantly dissipated.

'What's wrong old Liu?' Chu Zhengting was confused by the scolding and was even a little nervous, 'What, what's wrong?'

Liu Guohao on the other end of the phone gave a cold snort, 'You still have the nerve to ask me? I would like to ask you, what have you done? Do you know that you have already stirred up a big mess!'

Hearing this, Chu Zhengting was even more confused.

He hadn't done anything. In the past few days, he had either been at home or at the company working with the senior management on the plan for Jiangnan Business School in advance.

It's hard to believe that when one is sitting at home, disaster can still come from the sky?

'What the hell is going on?' Chu Zhengting asked nervously, 'Old Liu, I promise you, I haven't done anything in the past few days, I swear, what's going on? But I can be sure that even if something has happened, I am certainly not to blame, really.'

Liu Guohao certainly knew how Chu Zhengting was, and if he said he hadn't done anything, then it was 80% true.

He couldn't help but sigh, 'I'll be honest with you, I just received a call that your family, has been kicked out of the City South project.'

The moment Liu Guohao said this, it was like a bolt from the blue, Chu Zhengting was standing on the phone, after hearing this, the whole person swayed back and forth, almost fell head down, fortunately there was someone around to hold him in time, which slowly put him on the sofa.

'You you say what? Old Liu ah, this matter can not be joking ah, I have a bad heart, you know that.' Chu Zhengting said in a trembling tone, 'Besides, aren't you the general contractor for the City South project? Is it not a matter of your words in the end whether I can be in this project or not?'

Liu Guohao's words were something that both shocked Chu Zhengting and made him feel a bit puzzled.

And even if this thing was true. He couldn't figure out how he could be kicked out of the City South project when he was fine.

If he was kicked out of the City South project, the whole project would have to come to a halt.

It is obvious that even if someone really wants to mess with him, it will end up killing a thousand enemies and losing eight hundred.

Chu Zhengting's heart was full of questions, and he finally waited quietly for Liu Guohao to give him an answer.

Liu Guohao sighed and said helplessly, 'Oh, do you think I look like I'm joking? This kind of thing, how dare I joke?'

Liu Guohao followed up by saying, 'Heh, you think I'm the general contractor of the City South project and think I'm a bully? To tell you the truth, I'm just an errand boy who works for other people, so I'm no big deal. I still have to listen to the opinions of other people's funders on how to do things.'

Liu Guohao sighed and said, 'And I'll tell you the truth, the person who asked me to kick you out of the project this time is no one else, it's the gold owner behind the whole project, I remember I told you before, it's the young man who has a lot of connections with the Shen family overseas! Remember what you did to provoke him? Did your men do something bad and they caught you in the act, or did you directly mess with their heads?'

Upon hearing Liu Guohao's words, Chu Zhengting's entire face instantly turned pale.

The gold owner behind the City South project? It seems that this time the matter. This was a big deal.

Of course, Chu Zhengting knew very well what kind of existence the so-called master behind the project was.

It was said that the entire City South project, which cost four to five billion dollars, was paid for by the big money maker himself, and it was said that not even the bank loan was used.

What does this mean? It means that the people alone have billions of dollars of funds on hand, what kind of wealth is this?

Take a few of Chujiang's so-called, even the Chujiang Xu family, whose claimed total assets exceed five billion, but that is only their entire Xu family up and down all the industries, movable real estate, plus the liquid capital on hand, to have so much money.

And even with the Xu family's five billion, but its liquidity on hand, at best, is only three to five hundred million to the head.

The big money behind the project in the south of the city, such as the master of the hand alone to reach billions of funds, and the total assets of the people, may already be tens of billions, or even hundreds of billions of scale.

That kind of volume of big brother, even Chujiang Xu family in front of others are not enough to look at, let alone the goods like yourself?

Obviously, the gold master behind this south of the city project is already strong beyond words, making people nervous.

And what made Chu Zhengting feel even more desperate was that the decision to kick himself out of the project was also made by that big money maker!

What had he done to provoke him?

Chu Zhengting was both nervous, but his heart was also simply in a panic.

'Old Liu, is this really true or not? Is it true that the financier of the South City project wants to kick me out of the project? What the hell is going on here?' Chu Zhengting said with a helpless face, 'I really have not provoked this big man, and the people under me are also peaceful, usually I discipline them, you know that without my voice, they do not dare to go out and do anything.'

The first thing you need to do is to get your family out of your house, and that's just the beginning. If I find out which son of a bitch has stirred up such a big mess, I'll fucking skin him!

At this moment, Liu Guohao's heart was also in turmoil and he didn't know what to do.

Of course, he knew that if Jiang Hao and Ye Yunjie wanted to investigate the south of the city project thoroughly, then he would really be in trouble.

It seemed that he would not be able to escape from this calamity this time.

The more he thought about this, the more Liu Guohao hated the person who had provoked Jiang Hao and eventually implicated himself.

The more he thought about this, the more he loathed the person who had provoked Jiang Hao and ended up implicating himself. He knew that with such a thorough investigation, he would have to lose tens of millions of dollars.

Suddenly, as if on a whim, Liu Guohao suddenly asked Chu Zhengting on the other end of the phone, 'Old Chu, what is your son doing these days?'

The meaning of Liu Guohao's question was already very clear, he began to suspect Chu Yuan.

Because Liu Guohao knows Chu Yuan very well, although that kid in the Chu family's company hung a vice president position, but to be frank, and his own son who does not compete a virtue, except for serious business, damn anything to do.

And since he took on the project in the south of the city, this kid is almost growing up in his own house.

But in the past two days, he seemed to be very surprised that he hadn't even shown up.

This of course surprised Liu Guohao, especially now that such a big thing had happened, Liu Guohao would of course think to suspect Chu Yuan's head.

And after hearing Liu Guohao's words, Chu Zhengting certainly understood what he was thinking.

Chu Zhengting frowned, intentionally favoring his son, and said, 'No, it can't be Chu Yuan, right? He's been doing very well lately, how would he mess with the financier behind the City South project? The company's main business is to provide a wide range of products and services to the market.

Chu Zhengting's attitude really made Liu Guohao a little angry, things have come to a head, he himself is going to be kicked out of the city south project, he wants to be accountable, this Chu Zhengting even want to favor his own son?

'Chu Zhengting, what time is it, why are you still old and confused? I'm telling you, I've already asked someone to investigate this matter, anyway, I must find out, who is the one who spoiled my good deed, tens of millions of dollars, this is estimated to be gone in one go, if I know who it is, I will have to abolish him!' Liu Guohao coldly snorted and coldly said, 'Old Chu, I tell you, don't blame me for not reminding you, if in the end I find out that it was Chu Yuan who spoiled things for me, then you can't blame me!'

After saying the words, Liu Guohao hung up the phone decisively.

And Chu Zhengting, who heard these words, his entire heart was about to seize together.

He had been with Liu Guohao for decades, of course he knew his temper very well, this man was ruthless, but he was true to his word, and no matter who it was, as long as it jeopardized his interests, then Liu Guohao did not care about your relatives and friends, wait to be fixed!

The more he thought about this, the more Chu Zhengting's heart became uncomfortable.

The more he thought about this, the more uncomfortable he felt. In fact, when he thought about it carefully, it seemed that only his own son, who was indisputable, could have caused such a big trouble.

In any case, it was better to ask him personally, whether it was Chu Yuan's doing or not, at least, he should have a bottom.

If it really is Chu Yuan, then one can also have an advance preparation, if in the end really by Liu Guohao to find the door, then can say anything is too late!
