

Super Rich Dad Chapter 401-403

Chapter 401 - Self-made

The middle-aged man laughed disdainfully and looked at Chu Yuan with a snorting expression as he said indifferently, 'Oh, come on, I think you're the one who's too naive, aren't you? Do you really think that your Chu family is the Chu family of the past? Now that you have been kicked out of the City South project, I guess it will soon be all over town, who will dare to take care of your family? Who would dare to help your family? Wouldn't that be the same as going against the big money maker behind the City South project? Now the whole Chu River, who doesn't want to squeeze into the City South project and give up a great opportunity to make money in order to save your family. Do you think everyone else is two hundred and five?'

After finishing his words, the middle-aged man straightened his suit and walked smugly towards the entrance of the private room.

Chu Yuan glared fiercely at the other party and waited until he was far away before he spat in the direction of the door.

'I pooh, who do you think you are, what do you know, our Chu family has been in Chu Jiang for so many years, I just don't believe that everyone will fall on their sword like you! Wait for me, I'll show you today, I can get you killed!'

After he finished speaking, Chu Yuan took out his mobile phone, thought about it, and called a number directly.

'Hello, Uncle Ma, this is Chu Yuan, how are you doing?' Chu Yuan said a lot of polite words before finally saying, 'Actually, I'm calling today because I want to ask Uncle Ma to help me.'

Before Chu Yuan could finish his sentence, the person on the other end of the line hurriedly cut him off.

‘Hey no ah big nephew, I already know about your family, this is not, your father just finished calling me, asking if I can lend your family a few million, but you also know, now Uncle Ma is also fighting for a small project in the south of the city project, a large sum of money has been invested, now there is really no money on hand ah, Uncle Ma also has a heart but no strength ah‘

Hearing the other party’s words, Chu Yuan’s face instantly turned gloomy.

Of course he knew very well that the person he was calling was a notorious tycoon in Chu Jiang, and the liquidity in his hands, plus the bank deposits, was at least ten to twenty million, so if he was to say that he had no money, it was definitely a lie.

Obviously, the other party is clearly perfuming himself.

However, Chu Yuan could not say anything, he could only scold his uncle Ma in his heart.

However, Chu Yuan did not dare to say a word on his mouth and hurriedly said, ‘Ah, that’s right, but Uncle Ma, what I want to ask you is not this matter, I want to ask you to help me clean up a person, this guy is too uncaring, I‘

‘What? What?’ The person on the other end of the phone took a sharp turn for the worse and said to Chu Yuan in a lecturing tone, ‘Chu Yuan, I’m not talking about you, Uncle Ma, you say your family is in a life-and-death situation now, you don’t think about how to help your father get through the immediate difficulties, but you are still thinking about how to fix people? Aren’t you a bit too heartless?’

The other party then said, ‘You’re young, you’re learning something, but you’re doing this and that all the time, and what’s going to happen to you? I think that your family’s current situation is definitely related to the fact that you have made too many enemies. You’re either crazy or you’re a bipolar!’

After the other party finished speaking, he directly hung up the phone, not even giving Chu Yuan a chance to explain.

Chu Yuan looked at the phone, and his anger immediately rose up.

‘You’ve fallen on your sword too, haven’t you? You’re still talking about teaching me? Have you forgotten the time when you begged me to fix others? Old bastard, I wish you choke to death soon.’

Chu Yuan’s hatred was so intense that he could not wait to crush his phone.

He really did not expect that these people would change their attitude towards his family so quickly.

He had to know that this Uncle Ma, who was normally a brother to his own father, that relationship was simply too good to be true.

But now his own family had only just been kicked out of the south of the city project, and he was treating it this way, it was really infuriating.

However, Chu Yuan was still undeterred, after all, he only looked for one person, he knew a lot of people, there would definitely be someone willing to help him out.

While thinking, Chu Yuan took his mobile phone and dialed a number again.

This time, the phone rang twice, but soon, the person on the other end simply hung up and didn’t even pick up.

Chu Yuan was not willing and hurriedly called again, and this time, he was shocked to find that the other end of the phone had simply switched off.

‘Old bastard, did you do that on purpose?’ Chu Yuan cursed and hurriedly dialed another number.

This time, the call was answered, but before Chu Yuan could speak, a grumpy roar came from the other end of the line, ‘What the hell do you and your father want? Calling me one by one to borrow money? What do I owe your family? Get lost, I don’t have any money, you can find your own way, don’t bother me, I don’t want to get involved in your family’s bad luck!’

The other end hung up the phone straight after he finished speaking.

Chu Yuan was simply dumbfounded, what was the meaning of this? He called himself, and before he could say a word, he gave himself a scolding, and after the scolding, he didn’t even give me a chance to say anything back, and then he hung up the phone?

At this moment, Chu Yuan was on the verge of going crazy.

He violently kicked over a chair beside him and cursed to himself.

He could not believe how these people, who were usually pleasant to him and even some of them even flattered him, had flipped out in an instant.

Unconvinced and resigned, Chu Yuan hurriedly took his mobile phone and made another call.

Only this time, he called a dozen numbers.

The result was that either the other party did not answer the phone, or they found various reasons to excuse themselves and said they could not do it, and there were several others, like the one surnamed Ma at the beginning, who just gave a lecture to himself.

There were all kinds of people, but no one was willing to help him.

Chu Yuan was completely devastated, really, this world is too realistic.

People who are usually playful and smiling with you, when you are about to fall down, not only don't go to help you, there are even people who want to go over and give you a push!

Chu Yuan's eyes were full of anger, but he didn't know what to do.

What else could he do now?

He raised his head, glanced at You Yun who was always standing beside him, expressionless, and bellowed, 'What are you looking at? Are you very happy to see me like this now? When you used our family, you wanted to treat us like ancestors, but now that you can't use us anymore, you want us to die quickly, right? Why didn't I see through you people earlier? If I had seen through you earlier, I would have killed you all.'

Listening to Chu Yuan's curses, You Yun still looked at him with no expression, he did not have much hatred for Chu Yuan at this moment, he just felt that this person was a bit pathetic.

Perhaps he was so used to being on top in the past that he thought he could always be on top, but he did not know that the feng shui in this world is always rotating, no one can sit in his position for the rest of his life.

You Yun also saw that Chu Yuan had no one else to blame for his fate today, he had brought it on himself.

He looked down on Jiang Hao, and how did Jiang Hao really provoke him? But he was chasing after people.

But what was the result? Not only did he harm himself, he also harmed the entire Chu family.

Now the Chu Family had simply become a street rat, and it was all thanks to Chu Yuan.

‘Young Master Chu, may I ask if you are satisfied now?’ You Yun talked and said in a serious tone, ‘This is the result you wanted, right?’

‘What do you mean? You’re gloating, aren’t you? Oh, you can finally look at my jokes now, can’t you? It’s all thanks to you people that our family has become what it is today!’

Chu Yuan was furious, he now felt as if the whole world was against him.

You Yun sighed again and shook his head, ‘No, you’re wrong, you’re very wrong, until now, you still think that your Chu family’s current fate is because others have victimised you, haven’t you realised that this is all your own downfall?’

You Yun continued: ‘Chu young master, although I do not have much contact with you, but I still want to advise you, and act and cherish, your Chu family has today, this is already the most painful lesson for you, if such a big lesson, still can not make you learn to restrain, learn to reflect, that is your biggest failure!’

After finishing his words, You Yun raised his hand in a gesture of invitation and said indifferently, 'Alright, my words are finished, be my guest.'

Chu Yuan was confused by this move of You Yun: 'You you expel me?'

You Yun's expression was serious and although he did not say anything, he was clearly acquiescing.

The Chu family had now become a street rat and had become a thorn in Jiang Hao's side, so if he kept Chu Yuan, would it not be like directly challenging Jiang Hao?

The Chu family has already failed completely to challenge Jiang Hao, and You Yun does not think that he is more powerful than the Chu family.

So even though he wasn't someone who would fall on his sword, the way things were going now, it was absolutely impossible for him to do anything maverick.

Besides, now that the Chu Family was almost certain to be finished, there was no need for him to stoop to Chu Yuan's level any more.

'Well, well you all, it's all against you!' Chu Yuan flamed with rage, and in his anger, he casually copied a chair and smashed it towards You Yun.

However, just as Chu Yuan made his move, he was already noticed by You Yun.

Quick as a flash, You Yun rushed to Chu Yuan's front and kicked him without a second thought.

This kick hit Chu Yuan's abdomen, and then he fell backwards, and the chair in his hand fell down instantly.

Chu Yuan immediately let out a miserable cry and rolled all over the ground in pain.

Chapter 402 In the Bubble

'My my foot my foot is broken' Chu Yuan wailed, tearing his heart out in pain.

When You Yun heard this, he could not help but frown, he hurriedly looked at Chu Yuan's ankle and could not help but be slightly shocked.

You Yun was slightly skilled in the art of medicine, so naturally, he could see at a glance that Chu Yuan's ankle was really broken.

Originally, he had wanted to teach him a lesson, but he had never wanted it to end up like this.

You Yun panicked for a moment and hurriedly shouted, 'Someone, someone come quickly.'

As soon as the words left his mouth, two hotel attendants rushed in, and You Yun hurriedly shouted, 'What are you waiting for? Quickly call an ambulance and take him to the hospital.'

‘Oh oh oh, okay,’ one of the Jiang Hao attendants hurriedly called, while the other went to help Chu Yuan.

Ten minutes later, the ambulance arrived, and the paramedics simply bandaged Chu Yuan and carried him onto a stretcher.

Before leaving the house, Chu Yuan seemed to be enduring severe pain and said to You Yun, ‘You, you f*cking dare to hurt me, I’m not finished with you!’

You Yun sighed and did not reply to him, but only waved his hand, signalling the medical staff to hurry up and carry the stretcher away.

If this had been in the past, You Yun would have felt that the sky would have collapsed on him.

But at this moment, You Yun was not panicking at all.

The Chu family is defeated, this matter is almost a foregone conclusion, even if Chu Yuan threatens himself, it is just a pain in the mouth.

The first thing that happened was that Chu Yuan was the one who made the first move. At most, there was something wrong with his defense, but in the end, Chu Yuan had nothing to do with him.

You Yun talked and said silently, ‘It has come to this kind of time, you are still so unreasonable, humph, your Chu family planted, I think it is also deserved!’

After saying his words, You Yun then fell into deep thought once again.

Right now, he didn't care about Chu Yuan's death or survival, You Yun wanted to enter the south of the city project, and the most likely person to help him now was Jiang Hao.

To be honest, Jiang Hao's performance today simply gave You Yun a big surprise and unexpected.

It is estimated that even if he thought about it, he would never have thought that Jiang Hao's strength and background would be so terrifying.

A Chujiang largest engineering equipment company, said kicked out of the south of the city project, just kicked out of the south of the city project? This is too scary.

You Yun was glad that he had always treated Jiang Hao with respect, otherwise Chu Yuan's today would be his tomorrow.

However, You Yun was still a bit excited because obviously, since Jiang Hao was so powerful, he didn't need to beg others anymore, if he could just take care of Jiang Hao, wouldn't he be able to enter the south of the city project smoothly?

Thinking of this, You Yun was excited for a while, and after thinking about it, he suddenly had a bright idea, seeming to think of something, and hurriedly chased after him.

As he ran, he dialled Jiang Hao's number.

'Hello Hello, Mr Jiang, may I ask where you are now? I'm really sorry for today, I said I'd treat you to dinner but it turned out to be such an unhappy mess, why don't you wait for me for a while, I'll book another place, just the two of us'

At this time Jiang Hao had long left the Kunlun Hotel, he was already in the taxi, when he received the call from You Yun, he just smiled lightly: 'Forget it Mr. You, I appreciate your kindness, but forget about the dinner, let's do it some other time.'

'No, no, no, that's not okay.' You Yun hurriedly said, 'Besides, I want to return the money for the jade you auctioned before, that one is even my gift to Jiang Shao, I'll have someone transfer the money back to you.'

'Hmm?' Jiang Hao couldn't help but freeze for a moment, how could he still want to return the money to himself?

Hearing this from You Yun, Jiang Hao couldn't help but mutter a little in his heart.

Of course Jiang Hao knew very well that there was no free lunch in the world, the jadeite was more than ten million, so he was just willing to give it to himself?

Jiang Hao thought about it and suddenly laughed, because obviously he had understood what You Yun was doing this for.

Wasn't the purpose of You Yun's contact with Chu Yuan so that he could get into the city's southern project? So isn't it obvious that he's doing this to himself now?

Jiang Hao smiled and said to You Yun: 'Mr. You, I don't like to beat around the bush, I'll say it straight, if you have the intention to enter the south of the city project, then I advise you to think about how you can bring your company up to our audit standards, I just called, you should have heard my words, from now on, Chu Jiang city south project, any link, any I will ask him to leave the project, and those who are dragging their connections through the back door will not be negotiable, they will all be released from the contract and will never work together again, I will do what I say!'

When Jiang Hao said this, You Yun was left speechless.

You Yun was silent for a moment before he spoke, 'Then that's fine, I'm really bothering Mr. Jiang, don't worry, I'll try my best to cooperate with the audit.'

Jiang Hao gave a hint: 'That's good!'

On the other hand, in the corridor outside the ward of Chu Jiang Hospital.

At the same time Chu Yuan was taken to the hospital, Chu Zhengting and a host of other Chu family members also arrived at the hospital at the first opportunity.

Looking at his son on the hospital bed, Chu Zhengting's heart ached.

In just one day, his family had instantly fallen from the top to the bottom.

Chu Zhengting looked at his son and sighed heavily. He was of course aware that even if he resented Chu Yuan, it would be useless now.

What he had to do, as the head of the Chu family, was how to save the building from falling.

'What do we do now, Mr. Chu?' A young man beside Chu Zhengting asked with a bitter face, 'As this news came too suddenly, we were simply caught off guard, before you said that all the funds on the company's books had been invested to buy equipment, now the equipment has not returned, but the funds are gone'

In the past, Chu Jiang books, has always had 20 to 30 million of active funds, and this time Chu Zhengting felt that he could safely into the city south project, also let go, a brain to all the funds on hand all for the purchase of new equipment.

The company also relied on some of its own loans and a loan from the bank that was about to come down.

But this time, Chu Zhengting did not expect that he had played badly no matter what.

Chu Zhengting sighed and asked, 'That loan of 30 million from the bank, when will it come down?'

Chu Zhengting was of course clear that as soon as this loan came down, his current crisis could be successfully passed.

As long as he could give himself a breather, he would also be able to find a way to turn the crisis into peace.

But once Chu Zhengting said this, the young man's face suddenly changed and he shook his head repeatedly: 'Mr. Chu, I I'm going to say this is the matter, I don't know who leaked the news, the bank's manager Chen just called, saying that we are now kicked out of the south of the city project, so that loan, may fizzle out'

Chapter 403. Give me a hand

'What?' Chu Zhengting smiled, and a mouthful of old blood nearly didn't spurt out, 'How is that possible? How can he do this?'

Of course Chu Zhengting was clear, if this loan fizzled out, then he would still be able to get through his own sh*t, he could just go and file for bankruptcy.

Now the Chu family could not even afford to pay the hundreds of employees under them.

The young man nodded slightly: 'What Manager Chen means is that we've been kicked out of the city's south project, the company must be in a situation of liquidity difficulties, then we naturally won't have the ability to repay the loan, so'

'So he just stopped lending?' Chu Zhengting said with a near roar, 'This old bastard, has he forgotten how old me helped him in the beginning for his performance? Now he's pushing himself before I'm sure he's going down?'

Chu Zhengting was shaking with anger, and it took him a long time to come back to his senses.

The young man also rushed over to comfort him, 'Mr. Chu, don't be angry, the young master is already in hospital, so don't get angry again.'

Having said that, how could Chu Zhengting not be angry, what had been a good situation seemed to have turned into a deadlock in an instant.

'Old Ghost Chen, You Yun and those guys who didn't save me from death, you bastards wait for me, you see my Chu family's edifice is about to fall and treat me like this, you better not let me slow down, as long as I, Chu Zhengting, can get through this difficult time, I promise I will settle accounts with you one by one!'

Of course, Chu Zhengting knew very well that he could only talk tough here and now, but what to do, how to save the company, he still didn't have a single idea.

Chu Zhengting let out a lament and sat down on the bench in the corridor with his buttocks, looking incomparably lost.

‘What should I do?’ Chu Zhengting muttered to himself.

At this moment, the young man suddenly came over and said: ‘Mr. Chu, in fact, I think, this matter, the bell must be tied, instead of sitting here and waiting for death, why don’t we go and find the so-called investor of the south of the city project, after all, so far, we don’t even know them yet, they kicked us out, only because the young master offended them, they must feel ashamed. If we apologize to them and make up for the loss of face, then I think we will be able to survive the predicament we are in, don’t you think?’

After hearing the young man’s words, it was as if Chu Zhengting was suddenly enlightened.

In the current situation, it seemed that this was the only solution that would work.

Chu Zhengting nodded, ‘Right, right, you’re right, since the fault lies with us first, we should go over and apologise properly, and try to make an effort no matter what, right?’

The young man smiled slightly, ‘Yes, Mr. Chu, that’s what it looks like, do you think it’s feasible?’

‘Feasible, too feasible!’ Chu Zhengting suddenly let out a loud laugh and heavily patted the young man’s shoulder, saying, ‘Sun Dong, you are really smart, don’t worry, Uncle Chu I will not forget you, as long as our company can get through the immediate difficulties today, then you don’t need to be in any secretary anymore, isn’t there a shortage of deputy managers in the engineering department? When the time comes, you can go!’

‘Then let’s go right now?’ Chu Zhengting asked.

Sun Dong shook his head slightly, he pointed at Chu Yuan who was in the ward while wearing a cast and fuming at the medical staff, and said, 'Mr. Chu, have you forgotten that I said that it is useless to untie the bell, the focus is still on the young master, don't forget that it is the young master who has damaged the face of others!'

Chu Zhengting smiled and nodded his head, 'Right, right, you're right, then I'll call this little bastard!'

After saying that, Chu Zhengting hurriedly and quickly walked into the ward.

At this moment, the ward was in a mess, Chu Yuan's suppressed anger at Jiang Hao and You Yun was all vented out at these doctors and nurses, he almost smashed everything he could get his hands on.

Even when Chu Zhengting entered, he was still smashing and cursing.

'Alright, don't be reckless!' Chu Zhengting shouted as soon as he entered, 'Undisputed thing, you almost killed old me, and now you dare to be reckless?'

When Chu Yuan saw his father, he seemed to have collected himself a little and pointed at the doctors and nurses beside him, 'Can you blame me for this? It's all because of these dogs, they didn't hit me lightly, they almost hurt me to death'

Chu Zhengting sighed and continued, 'Alright, cut the crap, it's just a fracture, it's no big deal, when I was fighting in the world, the injuries I sustained were much more serious than yours? Now that you're in a cast too, hurry up and get out of bed and come with me!'

Chu Yuan was stunned at his words, 'Go dad, I've broken my bones now, I need to recuperate, where do you want me to go?'

‘Hmph, how dare you ask, I’ll take you to make amends to someone!’ Chu Zhengting coldly shouted, ‘Now everyone knows that our family has been kicked out of the south of the city project, no one is coming to help us, and the bank loan is also yellow, our family is now one step away from death, so just now Sun Dong proposed that we go and apologize to the one you offended, whether our family can survive or not depends on whether they are willing to forgive us this time. We’ll have to see if he’ll forgive us this time.’

‘Apologise?’ Chu Yuan’s face suddenly changed at his words, ‘Impossible, I’m going to make amends to him? Dream on!’

When Chu Yuan thought of Jiang Hao, he was not willing to apologise to him, not even to give him a soft apology.

Not to mention making amends and apologizing, even when Chu Yuan heard that the idea had come from Sun Dong on one side, his face was gloomy.

He pointed at Sun Dong and said coldly, ‘Damn it, whose dog are you anyway? You can even come up with such a bad idea? Damn it, now it’s the old man who is disabled, or I would have to kill you!’

After he finished speaking, Chu Yuan casually grabbed an object and was about to throw it towards Sun Dong.

Only before he could throw it out, he suddenly saw his father’s body flash and fiercely scurry to his side, greeting him directly with a slap.

‘Slap.’

Chu Zhengting used the full force of this slap, directly knocking Chu Yuan over onto the bed.

‘Ah,’ Chu Yuan let out a miserable cry and was about to yell something, but as soon as he saw his old man’s face that was bubbling with anger, he wilted down.

‘Me.’

‘You what you?’ Chu Zhengting shouted, ‘Shut your mouth, get out of bed and come with me now, or I’ll give up today, I’d rather have you in bed for the rest of your life!’

Chu Zhengting’s words were not meant to be a joke, Chu Yuan’s body shivered as he listened to them and hurriedly crawled under the bed.

‘What are you looking at, come and give me a hand!’ Chu Yuan yelled in a low voice at the medical staff on the side.
