

The Charismatic Charlie Wade Chapter 1701 – 1705

Chapter 1701

Seeing that Charlie was surrounded by so many bodyguards, Zhiyu had determined in her heart that he was in a disaster today.

However, she had no sympathy for Charlie.

Because she didn't see the whole cause of the incident, she only saw Charlie desperately chasing a man on the road, causing the man to be hit by a car, and then his arms were broken by the car.

Just so, it was already a bit bloody and cruel, and she didn't expect Charlie to accept it before seeing it, and even choked with the young master of the host family. It was simply a brain problem.

At this time, Eiki saw that the time had been delayed for a long time, and his endurance had been completely exhausted. He immediately ordered his opponents: "Fight me! Only one breath left. Together with this person under my feet, you will be thrown into the Rubbish Heap!"

More than ten bodyguards gathered around Charlie for a long time, waiting for these words.

With an order from Eiki, they quickly rushed to Charlie, and everyone tried their best for fear of falling behind.

After all, Charlie is only one person. In their eyes, this is the standard of more monks and porridge. Everyone is a top master. If anyone is a little slower, this kid may notice them.

In that case, those who lag behind will have no chance to show their strength in front of the young master!

Seeing so many people surrounding Charlie, Takahashi suddenly shrank the encircling circle, and a sneer of mockery was wiped from the corner of his mouth.

“A little man, dare to confront Eiki on the streets of downtown Japan. Isn’t this a death-seeking thing?”

“It’s a pity that, as the eldest master of the Takahashi family, it is not convenient for me to personally shoot in front of so many people. Otherwise, I really want to destroy you by myself!”

Eiki was expecting to see Charlie’s dying appearance immediately, but he didn’t expect that a few screams of horror and pain suddenly came from the encircling men made up of more than ten masters!

Immediately afterwards, several people on the periphery of the encirclement circle flew out one after another!

“what!”

“pain!”

“This kid, is he a human?!”

Accompanied by these few hoarse roars, several people flew out, and then fell heavily to the ground.

One of them flew to the feet of Eiki in a daze!

The subordinate was grabbed by Charlie’s in the neck and threw him out directly, so he lay heavily on Eiki’s feet, and with a bang, Eiki was startled!

Immediately afterwards, the man raised his head with great difficulty, his forehead was already full of blood!

The man looked at Eiki with extremely painful eyes, and said, “Young...Young master...”

Immediately after that, there was a pop, and a large cloud of blood mist was ejected from the mouth!

This large mass of blood mist was sprayed on Eiki's vamp and trouser legs, and the white trousers were completely stained red with blood!

Eiki hurried back half a meter in fright, and saw that his subordinate said in great pain, "Mr....that b@stard... so awesome... ."

After finishing talking, he lay down on the ground again with a loud boom, completely losing consciousness!

Eiki felt that his brain was instantly energized with high voltage!

what happened?!

These bodyguards are top masters! Even Master of Masters!

Why did he get down on the ground like a waste in front of that kid? !

Before he could understand the situation, several other people were also defeated by Charlie one after another!

These so-called masters fell to the ground one after another, just like a bowling pin that was hit by a bowling ball.

Suddenly, besides Charlie, only Eiki Takahashi stood alone.

Chapter 1702

Zhifei and Zhiyu in the car were also shocked!

Zhifei swallowed his saliva and exclaimed: "This kid... is too strong?!"

Zhiyu was also dumbfounded, and blurted out: "He is indeed a top expert, it seems that I underestimated him just now..."

At this moment, Charlie had already put down all the bodyguards and walked towards Eiki.

While Eiki was trembling with fright and his legs were weak. He wanted to escape, only to find that his legs didn't listen at all.

And he knew very well in his heart that this guy was so powerful that he couldn't escape it...

So, he could only say in horror: "What do you want?! I tell you, I am the youngest of the Takahashi family!"

Charlie went up and slapped Eiki's face severely, and said coldly: "I care what bridge master you are, now let's talk about what you owe me two arms!"

Eiki was dizzy by Charlie's slap!

He grew up, he has always been spoiled, pampered, and held in the palm of the hand by countless people like stars holding the moon. When has he been beaten?

Moreover, he was slapped in the street!

This is really shameful!

Eiki Takahashi clutched his swollen face, gritted his teeth and roared: "b*stard! Do you dare to hit me?! Beware that I want your life!"

Charlie stretched out his hand and patted his face, and said faintly: "It's just a skin test for you. I said, you owe me two arms!"

After all, Charlie didn't bother to talk nonsense with him, grabbing his right wrist directly, and shaking his hand was just a twist.

Immediately after hearing a "click", Eiki's right arm had broken from the elbow, and his pain was so great that he cried, his nose and tears flowed: "It hurts... my arm hurts so much. Up..."

Charlie remained unmoved, and said: “This is just one piece, you still owe me one, come on, stretch out your left hand!”

Eiki was trembling in pain, and his face was extremely pale. He really realized that Charlie hadn’t joked with him this time.

Panicked, he knelt on the ground with his knees soft, crying and begging: “Brother, I’m sorry, it’s me! I shouldn’t be entangled with you, please forgive me, don’t take my left arm it will be a waste...I beg you...”

Charlie said with a grim expression: “Everyone is an adult, and you have to be brave enough to bear it, instead of kneeling down and begging for mercy!”

After speaking, Charlie asked again: “Do you think that if you ask me, I will spare you?”

Eiki was almost shocked.

What is this guy going to do?

Does he really want to scrap both arms?

In that case, wouldn’t he be a useless person? What if he turns around and kills him?

Thinking of this, he wailed loudly, and pleaded with trepidation: “Sir, I am willing to pay you a sum of money, how about 100 million yen? As long as you nod your head, I will give you money!”

Charlie said coldly: “Don’t talk about these useless things, even if you give me 100 billion, you can’t keep this arm.”

At this time, Zhiyu in the car couldn’t stand it anymore, and said, “Brother, we can’t just sit back and watch this matter, otherwise it won’t be justified.”

“Man?” Zhifei blurted out: “Are you crazy? Didn’t you see the strong power of this kid? What if he even beats you?”

Zhiyu said earnestly: "I'm going to reason with him, or know it with affection and move it with reason, otherwise we will sit in the car and watch Eiki Takahashi being deposed, which is not in line with the justice of the world."

"Oh, no! Safety first!"

Zhifei was persuading, Zhiyu had already opened the car door and went straight out!

Chapter 1703

Seeing that Charlie didn't move at all, Eiki felt that he was going to be cold today.

Because at this time, he is no longer available.

Even if he is now calling a master from the family to help, it is too late.

When Eiki Takahashi was desperate, the door of the car next to him suddenly opened.

Zhiyu stepped out of the car and said to Charlie: "You gentleman, you are Chinese. You have to be forgiving. You don't understand the things?"

Charlie didn't expect that someone would dare to give this Eiki a head start.

Moreover, she is still a woman.

He frowned and looked at Zhiyu, and asked in a cold voice, "You should be Chinese too when I hear you? Why Want to intercede for this little kid?"

Zhiyu said blankly, "I'm not pleading, I just advise you not to be a man in the wild, you should stay in the line of everything."

Charlie smiled and asked her: "Just now, he asked those dozen or so people to gang up on me, why didn't you stop him and persuade him to stay a line in everything?"

Zhiyu was stunned by Charlie's question.

Just now, a thought flashed in her mind, if Charlie couldn't hold it and his life was in danger, she would definitely have to come down and stop Eiki.

However, she knew very well in her heart that he would definitely not believe what she said now.

So she opened the mouth and said: "A dozen people beat you up, haven't you been injured? Since you are not injured, why don't you leave some room for the other party?"

Charlie sneered and asked, "He doesn't give me the room, why should I give it to him?"

Zhiyu blurted out: "You gentleman, let's just talk about things. What happened just now was that you made a mistake first. This is the main road, not your back garden. You chasing and fighting people on this road are inherently wrong. First, and after that person was chased by you, he was finally crushed by this car."

Charlie smiled and said, "Then I ask you, do you know why I chased that kid just now?"

Zhiyu said coldly: "don't know, I don't want to know, don't say anything else, you chase each other on the street, this itself is very rude."

Having said that, Zhiyu said again: "You were wrong in this matter, but you did it to Mr. Takahashi for no reason, and you still attacked him for no reason. This is justified, right?"

Charlie snorted: "Girl, I don't think you are like a treacherous person, why do you want to defend two idiots? And there are still two s*umbags?"

"scm?" Zhiyu asked back: "Then I ask you, why are the two scm in your mouth, one was chased by you and caused a car accident, the other was crippled by you?"

Charlie said disdainfully: "The term fake pious, used on a superficial person like you, could not be more appropriate!"

Zhiyu was a little angry, but asked, "Hey, what did you say?! I'm superficial?"

Charlie nodded: "Yes, and very superficial!"

After a pause, Charlie said again: “The more superficial people, the more they believe what they see. Let’s not talk about what evil this kid who was crushed by the car did, just say that this guy with the surname Takahashi, gets off the car. Just pretend to be non-stop with me and let so many people work on me together. Do you think this person is innocent? If I were a little less skilled, I would have been beaten to death by those bodyguards a while ago!”

Zhiyu’s angry chest continued to rise and fall, and said angrily: “I just want you to be forgiving. You have broken one of his arms. Isn’t that enough?”

“Not enough!” Charlie said blankly: “I just said, I will have two!”

“you.....”

Zhiyu was really angry.

She didn’t expect this kid to be so defiant!

Chapter 1704

In fact, she also knew that Eiki had the current fate, and he was to blame.

But she still hoped that Charlie could stop here by moving with affection and reasoning, and don’t really scrap both of Eiki’s arms.

Although Zhiyu is not very old, she received elite education from a young age and stayed in the United States for many years, so she can be regarded as a standard business genius.

Therefore, she has an account in her heart for what she does.

For example, this time, as the representative of the Su family, she came to discuss cooperation with the Takahashi family. Before the cooperation was discussed, Eiki was beaten as a useless person. If she sits idly by, it would be inappropriate to not say anything about it. Not only does it seem that she is not very righteous, but it also affects the specific details and progress of the subsequent two talks about cooperation.

Therefore, she has come to stop him with emotions, reasoning, and interests.

Even if she didn't use it to block f@rts, Eiki was still abandoned by Charlie, at least she had tried hard, and she could have an explanation for her heart and the face of the Takahashi family.

Of course, the best situation is that after she comes forward, the young man in front of her can give her some respect, and when she sees it, she will take care of Eiki.

In this way, not only can she live well in his heart and face, the Takahashi family will also owe her a favor. When she discussed the specific details of the cooperation later, she can even use this to ask the Takahashi family to sell more and get multiple benefits.

However, what she did not expect was that the hostility in this kid's temper was so heavy!

Seeing his posture, he must abolish Eiki!

So, she suppressed the anger in her heart and said: "You gentleman, I am from Eastcliff..."

Before she finished speaking, Charlie interrupted her directly and said with a little dissatisfaction: "You lady, you don't need to tell me who you are, and I don't want to know, let alone try to suppress me with your identity. Because even if you are a heavenly king, I won't give you half face in this matter today, have you heard me clearly?"

Zhiyu's mood was a bit untenable!

Since childhood, no one has dared to speak to her in this tone.

She has long been accustomed to the feeling of being respected and complimented wherever she goes, but she did not expect that the guy in front of her would really not give any face!

Even, he didn't even let her finish speaking!

The urge in Zhiyu's heart was immediately ignited by Charlie. She snorted and said angrily: "I'll take care of this matter today! If you dare to move him, I will definitely make you regret it!"

Charlie smiled playfully: "Make me regret?"

Zhiyu said confidently: "Yes!"

As soon as Zhiyu finished speaking, she heard a click from the side, and then, Eiki's miserable cry came out!

She immediately looked at Eiki, and saw that his left arm had obviously been twisted by Charlie, now with both arms shrugged in front of her, crying loudly in pain!

Zhiyu looked at Charlie angrily, and shouted: "What the h*ll is going on with you? You must have trouble with me?"

Charlie shook his head: "Don't be affectionate. don't know you at all. Why should I have trouble with you? You are air in my eyes."

After all, Charlie didn't bother to look at the two of them again, took back all the money he had robbed from the singing girl from the pocket of Onizuka Longer who was lying on the ground, and then turned around and came to the singing girl.

"Take the money away and don't come out to play or sing in the future."

The girl whimpered with grateful tears and choked: "I'm sorry, I'm causing you trouble..."

Charlie shook his head and said, "If you are in a foreign country, you must take care of yourself. I'm leaving now."

After that, he turned and left the scene.

Zhiyu was so angry that she clenched her fists, staring at his back and shouted: "b*stard, stop for me!"

Chapter 1705

Hearing Zhiyu's angrily shouting behind him, Charlie dismissed it without turning his head.

Zhiyu grew up so big and had never been so despised, so she was naturally very angry.

There are almost no girls in the Eastcliff wealthy family who are not self-righteous, but they are just about the importance.

Zhiyu is regarded as the top existence in Eastcliff, and even among the wealthy daughters in the country. Therefore, both self-esteem and self-righteousness are slightly higher than ordinary people.

Therefore, being despised by Charlie without looking back, made her whole popularity stomped straight.

However, she was also very clear in her heart that she was not Charlie's opponent at all, and she was not familiar with his life in Tokyo. There was no other way except to get angry.

Just as Zhiyu was very angry, Eiki shrugged his two broken arms and came to Zhiyu and the girl who sang. His expression was extremely gloomy, staring at the girl who sang, and asked viciously: "Say! Who is that guy?! What is his name, where does he live, and what is his background?!"

The girl said with some horror: "I don't know that gentleman..."

"bulls*it!" Takahashi yelled angrily: "Do you think I'm a three-year-old kid? You don't know if you don't know me? If you don't tell me honestly, I will kill you!"

Zhiyu glared at him and said coldly, "Mr. Eiki, it's not appropriate to yell at a little girl, right?"

Eiki came back to his senses a little bit, suppressing the anger in his heart, gritted his teeth and said: "Miss Su, you saw it just now, that b@stard took my arms!"

Zhiyu said blankly: "Yes, I saw it. It was the man who abolished your arm just now. What does it have to do with this little girl? You don't know what is wronged and indebted? Let's talk about it. , The injury on your arm can be recovered after three or five months of care after a plaster cast. Is it such a lack of grace?"

“No manner?!” Eiki couldn’t hide his anger: “This girl is obviously related to that man, as long as she honestly tells me the man’s information, I will naturally not embarrass her!”

Zhiyu glared at him and said angrily: “This girl has said enough. If you don’t know that man, don’t you understand?”

Eiki said angrily, “Who knows if she is lying!”

Zhiyu said coldly: “Whether she is lying or not has nothing to do with you. If you want to ask for more details, you can ask others for advice. If others tell you, it’s your duty. Don’t tell you. It threatens the personal safety of others at every turn. Don’t you remember what happened just now?”

Eiki Takahashi’s expression was hard to look at all of a sudden. He knew that Zhiyu was reminding him not to be too arrogant. The reason why he offended the man just now was entirely because he was too arrogant. Not only did he curse, he also asked the bodyguard to deal with him and it ended up like this.

Zhiyu’s words made him feel very shameless on his face.

However, on the one hand, because the Su family behind Zhiyu is much stronger than the Takahashi family, on the other hand, because he has a good impression of Zhiyu, he can only suppress the anger in his heart at this time.

Zhiyu asked the singing girl: “Girl, you just said you don’t know that man, then why did he help you out? I think he took some money from the person who was hit by the car just now. about you?”

The girl said seriously: “I can tell you clearly, that gentleman is a good person!”

“I was playing guitar and singing on the side of the road, and no one cared about it. The gentleman gave me 100,000 yen, and then the mob went around with a few violent elements, grabbed my money and guitar, and asked me to accompany them. They wanted to take me to drink, the gentleman saved me!”

Zhiyu frowned, “Is the man who was hit by the car a runaway?”
