

The Charismatic Charlie Wade Chapter 1796 – 1800

Chapter 1796

Hiroshi Tanaka sighed, turned his head and said to the driver, “Brother Yamamoto, let’s jump together!”

The driver wiped a cold sweat, nodded and said, “Okay! I’ll be with you two!”

At this time, Takehiko’s two personal ninjas have already fought to the dying state!

Seeing that the two might be hacked to death by the other at any time, Tanaka Hiroshi hurriedly shouted: “President, Brother Yamamoto! It’s now or never!”

Takehiko quickly pushed open the door on one side with him. At this time, the driver also opened the door of the cab, ready to get off.

However, the driver’s side was right in front of the Iga Ninja. One of the ninjas saw that the driver was about to get out of the car, so he rushed over and pierced the driver’s heart with a flying knife!

After the sharp ninja knife pierced the driver’s body, the blade even pierced the hard door of the Rolls Royce.

The driver died almost instantly!

Ito saw the driver being killed across the car. He trembled unconsciously, and his legs became soft.

Although he is also a man who has experienced many battles in the market, it is the first time he has experienced this kind of disaster, and it is inevitable that he is nervous and afraid in his heart.

In addition, the older he is, the less courage he has, so Takehiko squatted on the ground in fright, unable to climb the one-meter-high guardrail at all.

At this time, the ninja who had just killed the driver suddenly discovered that Takehiko and Tanaka Hiroshi both had escaped from the car, as if they were about to jump off the bridge, and suddenly shouted: "Quick! Takehiko is going to escape!"

Having said that, he drew the ninja sword out forcefully, and stepped up to the roof of the car to kill Takehiko.

Seeing that Takehiko wanted to escape, the other ninjas immediately went mad and killed Takehiko's two lingering ninjas, and then swarmed

The more so, the weaker Ito's legs became uncontrollable, and even his efforts to stand up have no effect.

At this moment, Tanaka, who was about to climb over the guardrail, rushed desperately to push Takehiko's body, and shouted: "Mr. President! You must support me with your hands! We must jump down, or we will die!!!"

Takehiko was instantly empowered, and he knew that this was really the line between life and death!

So, he pulled his body up with both hands, coupled with the desperate push by Tanaka Hiroshi, he quickly jumped over the guardrail of the viaduct.

At the moment when he almost lost his balance and turned over, he looked at Tanaka gratefully and reluctantly, and shouted, "Koichi! You must not give up"

Hiroshi Tanaka nodded, using a little more force in his hand, and pushed Takehiko down.

Immediately afterwards, he climbed up the guardrail at the fastest speed, watching the short knives of several ninjas that were about to cut him, he jumped, followed Takehiko, and jumped off the bridge!

One after another, the two jumped off the highway bridge that was more than ten meters high.

At this moment, Ito hoped that a truck full of fluffy goods could appear under him.

It's a pity that there is nothing but the hard pavement below...

Chapter 1797

Before the fall, Takehiko's mind kept echoing Tanaka's words.

As long as you don't face down, or belly down, you still have a chance to survive.

So, he struggled to adjust his body in mid-air, and landed heavily with his legs straight to the ground!

With a bang, Takehiko only felt an incomparable sharp pain from both legs, but he didn't care to check the injuries on his legs, and he immediately rolled a few somersaults on the ground to relieve the impact of his falling from the viaduct. .

Immediately afterwards, Tanaka fell heavily to the ground. Like Takehiko, he landed on his legs and rolled over for several meters.

Although their legs hurt to death, both of them saved their lives because of the correct landing posture. At this time, Ito looked at his legs and saw the entire knee, calf, ankle and sole of the foot. All fell beyond recognition!

Tanaka's situation was just as tragic. His legs were bloody, broken bones even pierced from the flesh, blood flowed across, and it was horrible!

When the passers-by saw this, they were shocked, and some women had already screamed.

Soon, several enthusiastic people gathered around, and one of them asked, "You gentlemen, how do you feel? Would you like me to call an ambulance for you now?"

Takehiko cried bitterly and said, "Help me call the police! Someone on the bridge is chasing us!"

Everyone hurriedly looked up at the bridge. On the side of the guardrail of the over ten-meter viaduct, six ninjas were lined up in a row, looking down under the bridge with a bewildered expression.

One of the ninjas asked dumbfounded: "Boss, this...what now?"

The boss didn't expect that this big piece of fat has already reached his lips, and it could fly away. He blurted out angrily: "Old fifth and sixth, the two of them can't move now, you two jump down and give him I'll kill!"

When the two heard this, each of them shrank their necks in shock.

One of them said embarrassingly: "Boss, if it is seven or eight meters high, you don't need to say that I have already jumped, but it must be about 15 meters! I jumped, and the result would not be better than them."

"Yeah!" Another said with a bitter expression, "Boss, the landing posture for the two of them is very scientific. If we are not so sure by any chance, we might just fall to death..."

The boss's expression is very ugly.

He knows that if his subordinates don't jump, he must not force them to jump, otherwise, how will this team lead in the future?

Thinking of this, he gritted his teeth and blurted out: "Get in the car! Let's get down and kill them before the ambulance and the police arrive!"

Everyone hurriedly wanted to turn around and return to the car. At this moment, they heard the roar of helicopters in the sky.

When several people looked up, they were not shocked!

At this moment, there are four police helicopters coming fast from different directions!

One of the ninjas said in horror: "Oh! It's a special operations team!"

Tokyo's special operations team is the most ace special police under the TMPD. They have been serving anti-terrorism missions all year round. They have extremely strong combat capabilities. Moreover, they all have American-style equipment and have strong firepower. Ninjas are in front of them, no different from primitive people.

What's more, they came in a helicopter!

If this is hovering over the head, holding a machine gun and shooting, even the most powerful ninja will be beaten into a sieve!

The boss of Iga Ninja immediately stunned, and shouted in a panic: "f*ck! Run away!"

The remaining five ninjas quickly got into the car under his leadership, and everyone fled in two cars.

The special operations team in Tokyo split immediately.

Two of the helicopters hovered directly nearby, allowing the combat team members to quickly reach the ground by cable drop from the helicopters to protect Takehiko.

Chapter 1798

The other two helicopters directly caught up with the two vehicles in which Iga Ninja were riding.

Since the Iga Ninja was on the viaduct, there was nowhere to hide. He was driving a car and fleeing frantically, and the helicopter was approaching overhead.

Just when they wanted to escape with all their strength, the special forces on the helicopter directly hit the front hoods of the two vehicles with armor-piercing shells.

The penetration ability of armor-piercing projectiles is extremely strong, even military armor is difficult to resist, not to mention the civilian car engine, a few armor-piercing projectiles hit, the vehicle engine is instantly damaged.

When the engine is damaged, the vehicle immediately loses power, and the vehicle speed becomes slower and slower until it finally stopped.

The six ninjas in the car were frightened. They were about to push the door and get out of the car, holding their heads and scurrying. They found that the helicopter had hovered two or three meters above the bridge deck one after another, and then a large number of special forces quickly descended. Down, the dark muzzle had been aimed at their heads.

Twenty special forces, directly let the six ninjas surrender, and did not dare to resist at all!

And at this time, Takehiko and Tanaka Koichi were also sent to the ambulance and drove to the hospital quickly.

.....

Matsumoto is at home at this time, feeling the feeling of strategizing.

The gambler's mentality is extremely heavy, and he already has that kind of immersion.

It's just that this gambling game is really too big, and he was a little nervous while excited, for fear that there would be accidents in the process of trading.

Now that Machi Takahashi is cold, Takehiko will be cold soon, and when he is cold, he will be the top one!

Nervous and excited, holding a glass of whiskey, thinking about the time in his heart, guessing that Takehiko was almost worthy of death, so he immediately took out his mobile phone and called Iga Ninja who was responsible for assassinating Takehiko.

As a result, the strange communication black hole appeared again.

The call that could be made ten minutes ago is not made.

Everything is the same as Iga Kamino who is guarding the Su brother and sister in Kyoto. If he is missing, he will disappear, and there is no trace.

Just when he was at a loss, the assistant walked up anxiously and said to him:
"President there was an accident with Iga Ninja!"

“What’s the accident?!”

“Six Iga ninjas are all arrested. Takehiko and Tanaka Koichi fell from the viaduct. They have now been sent to the hospital. It is said that there is no life threatening!”

“What?!” Matsumoto gritted his teeth and cursed: “Let Ito Yuuhiko escape?! The ninjas of the Iga family are too Rubbish!”

The assistant nodded and said seriously: “At present, it is indeed like this...”

Ryoto Matsumoto angrily threw the whiskey glass in his hand to the ground, and the glass slammed heavily on the marble floor tiles, and it broke instantly.

At this moment, a cold woman’s voice suddenly came from the living room: “Mr. Matsumoto’s temper is really big enough!”

Ryoto Matsumoto and his assistant were startled by the strange voice. The two followed their reputations and saw a woman in her twenties stepping in.

Ryoto Matsumoto was shocked, and blurted out and asked, “You...Who are you?! How did you get in?!”

The woman sneered: “Of course I walked in.”

Matsumoto took a step back and asked nervously, “What are you going to do?!”

The woman looked at Mr. Matsumoto with interest, and then said coldly after a while: “You tied up my young master and young lady of the Su family, and assassinated more than ten people of Su family. What do you say I want to do? Of course it is time. I am here to take your life!”

Chapter 1799

Ryoto Matsumoto never dreamed that the Su family would find him!

Just when the woman said the whole thing, he trembled all over, and blurted out, “I have so many guards in my house, how could they let you in!”

Matsumoto's house has always been heavily guarded.

The stronger the heart of harm, the stronger the heart of the defense.

In order not to be conspired by others, he arranged twenty bodyguards at home, among them there are ninjas from small families, and his defenses can be regarded as very strong.

So, he couldn't understand how this woman got in, why didn't he hear any movement? !

The woman smiled indifferently: "It doesn't matter how many guards there are, I just kill them all? Besides, there are not many people, including your family, there are 36 people in total. Now they are all dead, leaving you two."

After that, the woman said again: "You killed more than a dozen of our Su family, we naturally want to ask for more interest."

Ryoto Matsumoto looks terrified!

He paled in fright, trembling all over, and blurted out, "You...you killed my whole family?!"

"Yes." The woman nodded: "But you can rest assured that our Su family is still very civilized. Your parents, wife and children, brother and sister-in-law are all poisoned and dead, and there is no blood spill."

Matsumoto's legs weakened, he unconsciously stepped back two steps, fell on the sofa, his whole muscles trembling violently, gritted his teeth and asked: "As the saying goes, it's not good for wife and children. If you have any hatred, you can just attack me. ! Why do you want to start with my family!"

The woman smiled and asked, "What? Mr. Matsumoto has started talking about the justice of the world? Then when you killed more than a dozen people in my Su family and intended to murder young master and the young lady of the Su family, why didn't you talk about the justice of the world? What? When you plan all this, you should think of such consequences."

Matsumoto gritted his teeth and roared: "You are beasts! Devil! No matter how bad my Matsumoto is, I have never killed a child! My son is only ten years old! My daughter is only eight years old!"

The woman smiled, and said coldly: "So what? If you dare to plot against my Su family, you must be prepared to bear the greatest price! To blame, you can only blame yourself for being too vicious and not leaving others behind. The way is not to leave a way for oneself."

Matsumoto's heart collapsed completely at this time.

He knows that when he comes out, the most basic quality is to be willing to bet to lose. He has suppressed everything in this game. Since he has lost, he naturally has to lose everything.

At this point, Matsumoto sighed sullenly, and said without love, "If this is the case, I am willing to bet, and you kill me too."

The woman nodded and said coldly: "You are definitely going to die, but we don't want you to die so happy. Before you die, I want to arrange for you to meet your family again."

After that, she clapped her hands and said loudly, "Bring in those dead people!"

As soon as the words fell, dozens of Su family masters walked in, carrying corpses one after another. These corpses were all placed neatly next to each other in front of Mr. Matsumoto.

Ryoto Matsumoto saw this scene, and his whole body was distraught.

He really didn't expect that he would end up like this.

And he also knew very well that he was bound to die today.

However, there is still the only glimmer of hope left in him, that hope is the eldest son taken away when his ex-wife divorced.

Ryoto Matsumoto got married for the first time 15 years ago, and his eldest son was born in the third year after marriage.

At that time, the Matsumoto family was still in despair, until he met his current wife.

Ryoto Matsumoto's current wife was the daughter of a middle-class family in Tokyo. In order to take advantage of her natal power, Ryoto Matsumoto swept his wife out of the house and then married her.

Chapter 1800

Because the current wife didn't like Matsumoto's eldest son, Matsumoto kicked out his eldest son after marriage and let him follow his ex-wife.

Later, Matsumoto's second married wife gave him a pair of children, so he rarely thought of his ex-wife and eldest son over the years.

But now, Ryoto Matsumoto thought of his ex, and finally felt a trace of comfort in his heart.

At least, after his death, the Matsumoto family's blood will not be completely cut off tonight.

His eldest son can continue to carry on his blood.

For the current Ryoto Matsumoto, nothing can comfort and rejoice him more than this.

The Su family girl in front of her seemed to see through his thoughts.

The woman smiled playfully and said to Matsumoto, "Mr. Matsumoto, I heard that you have a son?"

Matsumoto was taken aback and blurted out, "I don't! Who did you hear it from? How could this be possible!"

The woman smiled: "Everyone is an adult, so there is no need to be embarrassed by such a botched lie."

After that, she said coldly: “Your eldest son’s name is Taro Matsumoto. Later, after you drove him out of the house, he changed his surname, followed by your ex-wife’s surname, Kurosawa, and changed his name to Kurosawa Shota. Twelve years old and lives in Yamanashi Prefecture, not far from Tokyo. Am I right?”

Matsumoto listened to her words, his whole body was struck by lightning.

After a while, he was already in tears, and he knelt on the ground with a shuddering puff, and begged bitterly: “I beg you, don’t kill my son. I only have this one son. If he died too, The Matsumoto family will be completely extinct. I beg you to leave a bloodline for my Matsumoto family! I’ll kowtow to you!”

Having said that, Matsumoto slammed his head against the hard marble floor.

At this time, he was extremely desperate and regretful in his heart, but he also knew that the bodies of his entire family were placed here. He had no way to save them, and he could not even save his life, so his only wish is to let his eldest son live.

Therefore, when he kowtows, he is also extremely pious, hoping to impress the ice-like woman in front of him.

Matsumoto knocked three heads, and his forehead was already full of blood.

But he didn’t dare to stop, and continued to kowtow until his forehead was completely bloody and bloody, and he almost fainted because of the blow to the head.

Ryoto Matsumoto gritted his teeth to support his body, and choked in his mouth: “Please! Please! Please! Please!!! Please promise my only request!!!”

The woman just smiled at this moment and said: “I’m sorry, it was too late. Just five minutes ago, Shota Kurosawa had been poisoned and is dead now!”

When Ryoto Matsumoto heard this, he collapsed completely. He raised his head and shouted hysterically: “Why! Why do you want to destroy my Matsumoto family?! Why are you killing me like this?!”

The woman sneered: “This is the price you pay for angering the Su family!”

Ryoto Matsumoto burst into tears immediately, and his tears were mixed with blood, making his entire face look particularly tragic.

At this time, he had also completely lost the will to survive, and he muttered: "Kill me, kill me now!"

The woman nodded, took out a sunflower seed carved from white jade from her pocket, and said lightly: "Ryoto Matsumoto, before you die, I hope you remember my name, my name is Su Ruoli!"

After that, she shook one hand, and the sunflower seeds made of white jade shot out.

In the next second, a tiny hole of blood appeared on the center of Matsumoto's eyebrows, and the whole person had completely lost all vitality, with a bang, and his body fell to the ground!
