

The Charismatic Charlie Wade Chapter 4066

Once the son successfully launched this emergency plan, he is the top leader of the group and naturally has enough power to freeze the group's account in the Swiss bank.

This is the so-called embankment of a thousand miles, which collapses in the ant's nest.

"Without those 200 billion dollars, what else can I use to compete for this rejuvenation pill?!"

Jian suddenly gritted his teeth, and scolded with trembling hands: "This beast... beast!!! This time, he usurped my position. He is killing me and doesn't want me to continue to live!"

At this moment, the whole audience heard Jian's roar.

Everyone's eyes widened and they kept communicating in private.

Anyone can hear that the old man was put together by his own family.

If he can't come up with the money, this time, I'm afraid he will miss out!

And Bernard Arnault was excited again at this time.

He doesn't know how many times he was desperate, excited, desperate, and excited today.

He felt that his heart was about to be tossed down.

If I come back so many times, and I haven't eaten Huichundan, I'm afraid I've had a heart attack and I'll just burp here.

He is now staring at Jian non-stop, waiting for him to say that he can't buy or pay.

In this way, I can win the rejuvenation pill for 72 billion US dollars!

Fei Kexin's heart that had just been put down, also raised her voice again at this moment. Although she only heard a roar from her grandfather, she immediately knew that the uncle must have taken this opportunity to usurp the throne...

At this moment, Ah Cheng on the phone choked helplessly and said: "Master... I'm sorry... I really have no way to help you, now I have been under residential surveillance by the eldest young master, and there are at least dozens of mercenaries guarding my house. , he said, before you die, I must not leave the house for half a step..."

Jian roared furiously, "I'll call that beast now!"

After all, Jian immediately hung up the phone and dialed another number.

The call was connected quickly.

However, there was no sound from the other end of the phone.

Jian gritted his teeth and roared angrily: "Beast! You bastard! Why did you do this! Why?!"

On the other end of the phone, a somewhat old voice came over and said, "Dad... I'm in my seventies this year, and you can be considered familiar with history books. Look at me, a man in his seventies. Prince, even in ancient times, you can't find a few, right?"

Jian asked in a fierce voice: "I can't wait to take the throne, so you let me die?! Don't forget, I gave your life! Everything you have is given by me! The Fei family's country was all taken down by me! Don't you know how to be grateful at all?!"

The other end of the phone gave a wry smile and said, "Dad, if you don't pursue longevity, I will definitely play my part in front of you, and wait until the end of your life, and play the role of a dutiful son..."

Speaking of this, the other party sighed again: "But you are already in your 90s, haven't you lived enough? Why are you still obsessed with longevity at such an old age? If you really want longevity, what do you want me to do? manage?"

Jian roared: "Damn! Do you think I have a long life?!"

The other party smiled slightly and said seriously: "Dad, you believe in your life all your life, you should know that changing your life against the sky is against the law of the sky, and it is also a kind of damage to the blessings of your descendants. You live a long life alone, we will What do you do? Do you want to live another twenty years and then send me away as a son?"

Jian gritted his teeth and said, "If I seek the way of longevity, how could I treat you badly! You are my flesh and blood!"

The other party sighed: "Dad, what do you mean, we father and son will live together for a few more decades, and then I will be the crown prince for a few more decades? When I am a hundred years old, I will still serve you by your side. write?"

Speaking of this, the other party paused slightly and said seriously: "I don't want your life, I just want you to let it go."

"It's a good one to let it flow..." Jian murmured and gritted his teeth: "You know that my life is not long, and if you miss this rejuvenation pill, you may not see me for the last time!"

The other party said lightly: "To be honest, I was not planning to see you for the last time."

After speaking, the other party said again: "Dad, all your confidants in the group have been cleaned up by me, so I advise you to give up your struggles and stay in the country to live a good life in the future. After all, you have been away for so many years, and it is time to return to the roots. Even if you come back, I won't let you enter, and when you go back and forth, and if you die on the road, I, as a son, will feel bad about it."

"So, from today, you can enjoy your old age in China!"

"If you are destined to live a long life, then I, as a son, are naturally very happy;"

"But if you are destined to live less than 100 years old, then when you die, as a son, I will naturally send you the last ride in a beautiful and beautiful way!"

Hearing this, Jian hated to the bone.

How could he not know what his son's words meant?

Although the other party's words are high-sounding, the essence is nothing more than eight words:

Die in the country, don't come back!
