

## An Understated Dominance by Marina Vittori Chapter 2182

An Understated Dominance by Marina Vittori

### Chapter 2182

When he saw Rhys catching the cauldron, King Ma thought he had lost the chance for revenge.

Unexpectedly, the other party actually proposed another bet and gave up his own advantage. This was undoubtedly asking for death!

“Okay, then it’s settled, you come first or me first?” Dustin said with a joking smile.

“Of course we go first!”

Before the horse king could speak, Niu Mang rushed to answer: “You proposed the bet. Let us take the lead. Isn’t it too much?”

Since it is stipulated that no opportunism is allowed, King Ma only needs to lift the 50,000-jin cauldron and throw it once, which is enough to kill the opponent instantly.

“Okay, I’ll let you throw it away first.” Dustin didn’t fight for it and simply agreed.

For him, there is basically no difference between the first move and the second move.

“Sign the life and death certificate first, and whoever regrets it will be a dog!” Niu Mang sneered.

“No problem.” Dustin nodded.

Soon, the certificate of life and death was handed over.

King Ma took the lead in signing it, then threw the pen to Dustin and smiled evilly: “Boy, it’s your turn.”

Dustin picked up the pen and was about to sign when he was stopped by Meng Yao’s words, “Master Lu, why don’t you forget it? Senior Brother Ma is very powerful and has

profound knowledge. You will definitely lose if you compete with him. There is no need to risk your life. “

If you sign a life and death certificate, once you lose, your life and death will be out of your control.

She felt it was not worth it to take such a risky behavior just for the sake of a moment of anger.

“Miss Meng, thank you for your kindness, but I may not lose. In fact, you should worry about your Senior Brother Ma. I’m afraid he won’t be able to withstand it in the end.” Dustin smiled lightly and signed the life and death certificate very freely. Character.

“Master Lu...”

Meng Yao was about to say something, but was interrupted by Niu Mang: “Okay Yaoyao, what do you care about the life and death of such a shady guy? Just watch the show in peace.”

“Yao Yao, as a disciple of the Xuanwu Sect, you cannot turn your elbows outward to help outsiders.” King Ma struck with an unhappy look.

He has always had a good impression of Meng Yao, so when he saw Meng Yao talking and laughing with Dustin, he began to feel envious and jealous.

“I...” Meng Yao hesitated.

She just wanted to make friends, but she didn’t expect that it would cause such a conflict.

She is now caught in the middle, not human inside or outside.

“Senior Brother Ma, let’s get started without further ado!” Niu Mang couldn’t wait.

“Yao Yao, get out of the way, don’t get accidentally hurt.”

King Ma waved his hand to signal Meng Yao to step back, then walked to the fifty thousand kilogram cauldron again and began to gather energy and power.

Lifting and throwing the tripod before had consumed a lot of energy on his part, but he simply recovered quickly, so even if he threw it again, he would still be alive and well.

“hiss.....”

King Ma took a deep breath, slowly held the base of the cauldron with both hands, and then his muscles tightened instantly, and the true energy surged out of his body.

The next second, the heavy cauldron began to vibrate slightly.

“Wake it up for me!”

King Ma shouted loudly and suddenly raised his hands vigorously.

The 50,000-jin cauldron rose directly from the ground with a “boom” and rose rapidly.

In just one breath, it had already reached Ma Wang’s chest.

“Get up again!”

After a slight pause, King Ma gritted his teeth, exerted his strength again, and raised the cauldron above his head in one go.

“Okay! Brother Ma is mighty!” Niu Mang kept clapping, giving King Ma a lot of face.

“The chief disciple of the Xuanwu Sect’s Litang is really amazing. The second time he lifted the cauldron was even easier than the first time. It’s really eye-opening!”

“Looking at it this way, the warrior who challenged the Xuanwu Sect may be in danger.”

“You can’t dodge, you can’t let go, you can’t let the cauldron fall to the ground. If you just rely on your body to catch it, the pressure is too great. It’s not an exaggeration to describe it as a narrow escape.”
