

Chapter 4832

After the business in Mexico is done, Georgina will have to come back with another identity.

At that time, Myren will no longer exist in the Chinese circle.

Thinking back on this, she couldn't help sighing softly, and at the same time made up her mind and said in her heart:

“After returning from Mexico this time, I will try my best to make a fortune from him by changing my identity again,”

“After that, I will leave the United States and never come back! “

As she said that, she took out her mobile phone and found pictures of her grandchildren,

And her faith in making money suddenly became firmer.

At this time, her eldest son suddenly called her, and after the call,

He asked flatteringly on the other end of the phone, “Mom, are you up yet?”

Georgina said lightly: “Even if I didn't get up, I was woken up by your phone call.”

“If you have something to say, just tell me.”

The eldest son smiled and said quickly,

“Mom, do you remember Brother Sun next door to our hometown?”

“Well.” Georgina asked him, “What happened to him?”

The eldest son smiled hesitantly and said,

“That... he didn’t do much... just... just...”

Georgina said coldly: “If you have something to say, let it come out.”

“If you don’t know how to let it go, I will hang up first.”

The eldest son hurriedly said: “Don’t, don’t, don’t hang up, Mom, I’ll tell you the truth,”

“I made the belly of his daughter bigger. It’s been more than three months.”

“I told him to give his daughter 100,000 yuan and let her go for the abortion,”

“But she is unwilling to let go of the child. She wants to give birth to the child now,”

“And asks me for 1 million yuan for the miscarriage.”

“I am not asking you for a favor. I plan to give her 200,000 yuan so that she can drop the child. “

Georgina angrily said, “Is it our family’s seed?”

“Yeah...” The eldest son explained quickly: “It’s not that Brother Sun called during the Chinese New Year and asked me to arrange an internship for his daughter in a big city.”

“I thought they were all old neighbors, and so was his daughter.”

“I watched her grow up, and I knew the bottom line, so I got her to be an executive in my friend’s company...”

Speaking of this, the eldest son said again: “She was unfamiliar in this place alone.”

“I thought that her father is also my big brother. I always have to take care of her. It happened once and for all...”

As he said that, he did not forget to add: “It is indeed our family’s species...”

Georgina said indifferently: "It's our family's seed, there's no reason to destroy it!"

"I've worked so hard to make money in the United States,"

"Just to make our family flourish and expand! You let it live, I'll give her a million!"

The eldest son was overjoyed and quickly said: "Mom, you can't let brother and the others know about this."

"If it gets to my wife, the family will be turned upside down..."

Georgina said lightly, "I know, don't worry."

After speaking, she said again: "Have you thought about how to tell her father about this?"

"You are more than ten years older than his daughter. If he knows, he must start messing around, right?"

The eldest son explained: "Actually, Brother Sun already knows that the one million miscarriage fee is what he wants,"

"And he didn't make it difficult for me. Anyway, this matter is her own wish,"

“And it’s not that I used force. Even if he’s not happy, he can’t do anything to me.”

Georgina sneered: “He’s not happy? His daughter is pregnant with your seed,”

“I think he’ll wake up laughing from a dream! Maybe he planned this, and I’ve seen his family clearly. “

The eldest son said helplessly: “I don’t know if he planned it or not...”

Georgina snorted and said, “I’ll give you \$50,000 when I turn around.”

“You give her the money and tell her to raise the baby with peace of mind,”

“Give birth to the baby, and do a paternity test after the baby is born, as long as it’s your seed.”

“I will definitely give her the rest of the money.”

After speaking, Georgina couldn’t help but sigh again and said,

“You and your brother have 8 children, I didn’t get the opportunity to see them growing.”

“When this child is born, I should retire and come back, and I will help you to raise it. “

The eldest son hurriedly said: “Mom, I can’t take this child home after birth.”

“My wife knows that she will make a mess with me.”

“She dares!” Georgina said coldly, “She eats, wears, uses, spends, sits, and lives with me.”

“If she doesn’t have any self-awareness, let her get out as soon as possible. “

The eldest son said embarrassedly, “Mom, even if she doesn’t dare to make trouble with me in front of you,”

“She will definitely make trouble with me in private. It won’t be enough to bother me by then!”

Georgina snorted disdainfully: “As long as she dares to make trouble with you,”

“You will divorce her immediately, and if she leaves, find another girl,”

“Maybe she will give you two more children. Your mother’s face will be stronger in her whole life?”
