

## Chapter 5243

After all, she only needed to pay one million upfront to order the car.

After one month, the full price of this Cullinan she must have earned!

Seeing that Elaine still got into Horiyah's car, Charlie sighed helplessly that her nature was hard to change,

And then he didn't think about it anymore. He picked up Cullinan's battery, drove the BMW, and drove out.

After going out, Charlie called Claudia and asked her to wait for him in the new home they have moved to.

So that he could go over today and finish Claudia's admission application.

Issac has been in Aurous Hill for many years and is also the spokesperson of the Wade family.

His local connections can be said to be pervasive, and Aurous Hill University is naturally no problem.

This time, he has already found a reference for Claudia in advance.

After she arrives in Aurous Hill, she just needs to go to the school with the necessary documents and go through the process.

According to the address, Charlie navigated to a villa area by the river.

It is not far from the city, and not far from the large comprehensive welfare home that Charlie will invest in.

It is very convenient for Aunt Li and Xiaofen to work in the welfare home in the future.

However, it is a little far away from Aurous Hill University. Fortunately,

Aurous Hill is not too big. If you are commuting by bus, it takes about half an hour to go one way.

The university's learning tasks are not heavy, so after Claudia enters school, She can consider living on campus, taking part-time studies, or taking both.

The villa arranged by Issac has a usable area of more than 400 square meters.

Although it is not large in the villa, it is not like the Tomson's where Charlie lives.

It is divided into three floors above the ground and two floors underground.

The house in this villa area, all are on the ground, so the utilization rate of the area is very high.

Moreover, this house was developed by a local developer friend of Issac's.

Issac knew the quality of the house's construction and decoration, so he felt more at ease when buying a house here.

Charlie parked the car at the entrance of the villa, and as soon as he got out of the car,

Xiaofen waved to him in the yard: "Brother Charlie!" After finishing speaking,

She came over to help Charlie open the courtyard door with a look of surprise.

Seeing that she seemed to be dealing with green plants in the yard, Charlie asked with a smile,

"Why did you get up so early in the morning to clean up the yard?"

Xiaofen said with a smile: "There are a lot of green plants and flowers in the yard,"

“But I feel that the layers are not well matched, so I want to adjust it.”

Charlie asked her: “Where is Aunt Li?” “She went for shopping.” Xiaofen Said:

“There is a big supermarket not far from the community, and there are all kinds of daily necessities for home,”

“So Auntie went there to buy something.”

Charlie nodded and asked, “Where’s Claudia?”

Xiaofen smiled, and said in a low voice: “She’s putting on makeup,”

“She seems to be looking forward to going to school, she’s been talking to me all morning.”

As soon as Xiaofen finished speaking, Claudia, who was a mixture of East and West, opened the door and came out.

Today’s Claudia is very young and beautiful, wearing a pure white T-shirt, paired with a light gray plaid midi skirt,

And two fluffy golden braids on the left and right, she looks very sunny and lively,

Unlike the whole day before Compared with the expressionless, bitter little girl, she was a completely different person.

Seeing Charlie at the door, she said abruptly, “Brother Charlie, you are here...”

Xiaofen saw the well-dressed Claudia, and exclaimed, “Why are you going to school?”

“I’m afraid you’re going to debut in a group! Or I think you’ll stop going to school this year,”

“And go to a domestic talent show first, maybe you’ll be popular!”

Claudia smiled a little shyly, and asked her back: "Sister Xiaofen, how can I form a group by myself? How about we two?"

Xiaofen pouted and muttered: "Two people are called a combination,"

"And a girl group needs seven or eight members at least." Talent like you can do it..."

Claudia smiled and said: "Then we have at least two of them first, and we have taken the first step bravely."

Xiaofen snorted and said, "I don't want to form a group with you,"

"The orphanage is still waiting for me and Aunt Li to take good care of it!"

Charlie also said to Claudia at this time: "Claudia, if you have nothing else,"

"Let's go now. The dean of the school and the person in charge of recruiting overseas undergraduates have already arrived,"

"And it's basically enough to meet and go through the process."

"Okay!" Claudia nodded quickly, then turned to Xiaofen and said, "Miss Xiaofen, then I'll go first!"

Xiaofen said with a smile, "When you get the notice, Aunt Li and we will celebrate!"

Charlie raised his eyebrows: "Count me in,"

"You tell Aunt Li that she has to work hard to cook more special dishes at noon today."

Xiaofen said excitedly: "Really? Then I will go to the supermarket to find Auntie,"

"We will come back with some delicious food!"

Charlie asked her, “Do you want me to drop you there?”

Xiaofen waved her hands: “You two go first, I have to change clothes, I can’t go out in pajamas.”

Charlie nodded, greeted Claudia to get into the car, then said goodbye to Xiaofen, and drove towards Aurous Hill University.
