Novel Married at First Sight Chapter 1781 -Zachary looked at Liberty and Liberty also nodded, and congratulated Duncan.

“Duncan, congratulations on your recovery and discharge from the hospital. It’s a coincidence that I came here and I can pick you up and leave the hospital.”

Duncan said, “Where do you lie down? I don’t need infusions anymore. I can feel good when I lie down at home.”

If it was possible, he would never want to go to the hospital in his life.

“Uncle Duncan, are you okay?” Sonny walked to Duncan’s side and asked with concern.

Duncan: “Uncle Duncan can be discharged from the hospital today.”

Duncan pulled Sonny closer, hugged him, and wanted Sonny to sit on his lap, but Sonny struggled to get off the ground. The little guy said sensibly: “Uncle Duncan I can’t sit on your lap.”

Sonny remembered that his mom said that Uncle Duncan’s foot was injured and it would take a while to heal, so she told him not to sit on his lap.

Duncan smiled and said: “Sonny, you can sit quietly, Uncle Duncan can still bear it.”

The pain hurt, but it wasn’t as bad as it had been right after the car accident.

He picked up Sonny again and let Sonny sit on his lap. Sonny didn’t dare to move while sitting, and asked him from time to time: “Uncle Duncan, will your leg hurt? If it hurts, I will go to the ground.”

“Okay.”

Facing the sensible Sonny, Duncan was in a very good mood, with more smiles on his face.

Zachary watched their conversation from a distance.

Liberty helped to pack Duncan’s things. Occasionally, Duncan looked at the figure she was packing up, with his love hidden in his eyes, but soon, he would look away.

“Zachary, what’s going on in my company now?”

Duncan's brother was temporarily helping to take care of the Lewis & Co., maybe because he just took over and was not familiar with it. Sometimes he would ask his brother about things in the company.

Brother's answer always made Duncan speechless.

Ask Zachary to be more clear.

After all, the two big Corporations cooperate deeply.

Zachary: "It's running normally. Brother Lewis is a little more familiar with it now, and he's not as flustered as he was at the beginning."

Although the four brothers of the Lewis family were capable, the Lewis & Co. was Duncan's personal property, and he had always been in charge of it himself. His brothers only know that Lewis & Co. had already ranked among the tens of billions of companies, but they didn't know about the internal affairs of the company.

Second Brother Lewis was initially upset about letting someone take over the company who wasn't familiar with the Lewis family, but by this point he had gradually begun to adjust and was knowledgeable about the business's operations.

"Duncan, take good care of your injuries. Don't worry about the company's affairs. Besides Josh and I are watching over."

Duncan hummed, but said dejected words, "I don't know if I will have a chance to come back again to work in the company."

"Duncan, don't talk about being discouraged, you will get better, you will definitely get better, and then do a good job of rehabilitation, persevere, you can stand up again, and Josh and I are waiting for you to play ball, ride a horse, go to sea together."

Duncan did not speak. His Recovery was the longest.

After a long time, Duncan said: "If I can't get rid of the wheelchair for the rest of my life, I will go to work in a wheelchair and let the bodyguards follow me, it will not have much impact."
