Novel Married at First Sight Chapter 1892

“Brother, the more you guard against Kevin, the easier it is for you to show your flaws.” Hugh said these words very quietly.

He knew what his sister was guarding against Kevin, she was just afraid that Kevin would know his daughter’s identity.

“I don’t know which daughter is Kevin’s wife.”

They asked this question, but Kevin didn’t say who his wife was.

Hugh smiled, and said uninterestedly: “Whoever he is, it has nothing to do with us anyway, he is from Wiltspoon, Old Mrs. York must have chosen for him a famous daughter in Wiltspoon, even if she is not a wealthy daughter, she will belong to Wiltspoon.”

Hayden: “The first young mistress of the York family and the second young mistress who has not passed the school are both from Wiltspoon.”

Hugh turned to face his sister, and she immediately understood the meaning in his eyes.

Anyway, it won’t be his sister’s, so let his sister not be so suspicious.

Usually, his sister would not be so guarded against a man, let alone be suspicious of a man.

His sister acted more like a man than a man.

All the bosses who were close to his sister want her to be their son-in-law, but no one wanted to be their daughter-in-law.

After being silent for a long time, Hayden said in a low voice: “I don’t know, maybe it’s not right with him. Seeing that he is not used to it, I can’t help being on guard against him. “

Hugh said with a smile: “Brother, Kevin didn’t offend you either. Well, why is it wrong with you? I think he is very good, his mouth is so expressive, our parents like him very much.”

“Now, I don’t think we will be so enthusiastic about him now.” Hayden’s self-rescue was very successful.

Parents probably won't think about matching her and Kevin anymore.

Hugh: "Why?"

"No reason, I'll sleep for a while, when we arrive, wake me up." Hayden worked until the early morning last night, and was woken up by Kevin's phone call early in the morning, making her very sleepy.

She forgot to drink a cup of coffee before heading out.

However, today was a holiday, so she had the day off, the energy to rest, and the freedom from the need to rehydrate herself with coffee.

"Go to sleep." Hugh felt sorry for the dark circles under her sister's eyes.

Sometimes, Hugh really hoped that his sister would regain her daughter's body and be a charming young woman. It's not impossible for the company to be handed over to him and his father.

However, when his sister held on, it was much easier for him as a younger brother, and he could do what he wanted most of the time, and he became that selfish second young master again.

When They arrived at Queen's ranch, it was only after 9 o'clock in the morning. It could be seen how early Kevin went out, and he can't blame Hayden for having a big opinion of him.

Queen's ranch had a lot of horses, and there was a racecourse, which was specially for tourists to race horses.

There were numerous racecourse, one of which was for young racegoers. The majority of visitors who come here to ride horses do so with their kids. Children enjoyed riding horses. Some kids came here to learn how to ride horses, and professional riders would accompany the kids.

As long as the tuition fee was in place, the child in custody could learn to ride a horse.

The Queen family had a private racecourse that they could use if guests arrived. Only guests traveling with the Queen family were permitted entry to the exclusive racecourse. It was encircled by lush trees and a sizable lawn. The horse gallops like a prairie runner.

Tired from running, resting under the tree, blowing the wind, very comfortable.

Kevin stood under the tree, looked around the private racecourse, and said to Hugh: "Mr. Queen, your private racecourse is quite big."

Compared with their York family's, it was still small.

The racecourse in Yorks appeared to be on the prairie because it extended into the distance.
