**Married at First Sight Chapter 2017**-Serenity blinked away the tears from the corners of her eyes.

Elisa: "My aunt will be happy watching you and your sister live a happy life in the sky."

Serenity nodded vigorously.

Under the nine springs of the parents, they know that the two sisters will be able to rest in peace if they have such a good life today.

"jingle..."

The doorbell rang.

Serenity and Elisa were walking in the yard. When they saw someone at the door, they didn't even need a servant to open the door. Elisa walked over to open the door after seeing clearly who was standing at the door.

Serenity naturally followed her.

She saw that it was the security guard in the villa area.

The security guard was holding a large bouquet of flowers and several bags, which seemed to be clothes.

"Ms. Stone, that gentleman asked me to deliver these things to you again." The security guard handed the bouquet and several bags to Elisa.

Elisa was not in a hurry to take the things, but asked, "That person left?"

The security guard: "Yes. He got out of the car and handed the things to me and left."

Elisa pursed her lips, even if she wanted to return the things.

She reluctantly took the bouquet and a few bags, thanked the security guard, and the security guard said 'you're welcome', and left.

Serenity felt gossipy when she saw it, and asked her: "Elisa, did you get into debts outside? These things were not given by Fifth Young Master Johnson."

According to the security guard, it was not the first time that the person who gave Elisa something.

Elisa smiled wryly: "I don't know how this is a peach blossom debt. It cannot be a peach blossom debt anyway. This is what I want to tell you, but I can't let Jasmine know.

Go, go and sit down at the gazebo. I'll tell you slowly, but you have to keep it secret. Don't let Jasmine know. If she knows, Josh will know, and then I will be out of luck."

Serenity said: "Don't worry, I will keep it a secret for you. If you don't let me tell Jasmine about such an important matter, I will not say it."

The two walked towards the gazebo.

After entering the gazebo, Elisa made another internal call to the housekeeper and asked the housekeeper to bring them some fruit and snacks.

She put down the bouquet and the bags.

The bag was full of clothes, the clothes that Julian gave her.

However, she couldn't wear it, not because she disliked it, but because the size was wrong.

Julian was just putting on a show, and didn't really want to give her clothes, so he just bought two pieces of clothes casually, regardless of whether she liked it or not, whether the size was right or not, stuffed them into a bag, and asked the security guard to bring them to her, to block her.

Elisa just went on a business trip, and she didn't know where she offended Julian when she came back. Julian made things difficult for her like this.

Saying that Julian liked her, she wouldn't believe it even if she was beaten to death.

Julian said he wanted to pursue her, but that was just pretending.

Until now, she still couldn't figure out what kind of idea Julian had.

Remy also went to inquire about the news, but it was Julian's business, so it was really hard to inquire, unless Julian said it on his own initiative.

They didn't dare to go to the Bucham family to inquire, because it would be easy for the Bucham family to find out.

Neither Julian nor Elisa wanted Patriarch Bucham to know about this matter.

"These things were sent by Julian." Elisa said in a low voice.

Serenity: "ah!"
