Married at First Sight Chapter 2022—“Doesn’t Julian know the consequences of doing this? If his father finds out, neither he nor Elisa can be quiet.” Serenity chuckled, “It really has nothing to do with you? Then what are you doing with your evasive eyes? Don’t dare to look me in the face.”

She grabbed his handsome face and forced him to look at her.

“Zachary, you said that you would never lie to me again in the future. If you lie to me again, you will sleep in the study room for a year.”

“I never said I would sleep in the study room for a year.” Zachary said with a guilty conscience.

He only said that he would not lie to him again in the future, but he never said that he would sleep in the study for a year.

He could still accept letting him sleep in the study for a day, but absolutely not for a year, not even for a month.

Serenity: “You didn’t say it. I said it. If you lie to me again and let me know, you can go to sleep in the study for a year and don’t even touch me.”

Zachary said with a downcast handsome face, “Honey, do you know how to compare with that?” it makes me feel bad.”

Serenity: “Then don’t lie to me.”

“I...well, I’ll tell you the truth. After you hear this, don’t tell Elisa. I’m not afraid of her coming to settle accounts with me, but I’m afraid of her putting on shoes for me in front of you.”

That’s his wife’s cousin, and he couldn’t afford to offend her.

Serenity: “Tell me, what’s going on?”

Zachary said carefully: “It’s also because of my aunt. Didn’t my aunt want to break up Remy and Elisa? She likes my cousin Andrew, and you too know.”

“But Andrew really doesn’t like Elisa. Elisa loves Remy wholeheartedly now, Andrew intervenes, and it’s doomed to be fruitless, it’s a matter of knowing that she will be hurt, Andrew is stupid Only then will I do it.

Auntie is tricky and always plotting against Andrew, which annoys Andrew so much that she came to complain to me. My own cousin, if he ask me for help, I will definitely help

him if I can. Then I gave him a trick. I don't know what I was wrong about. I mentioned Julian, and then... that's it."

Serenity: "..."

"Okay, Husband, it's really your handwriting. If Elisa knows it and won't settle accounts with you. That's great, you actually created a new love rival for him."

"Julian didn't mean it." Zachary obviously felt extremely guilty when he said this.

It's true that Julian didn't come, but his appearance brought real troubles to Remy and Elisa, and it caused them a lot of headaches.

"Create some trouble for Remy and make it more difficult for him to chase his wife. When he embraces a beautiful woman in the future, he will cherish his cousin very much."

Zachary, who was guilty, stopped calling her Elisa and changed her name to cousin.

If Elisa was there, she would definitely look for things to hit him everywhere, and it would be useless to call her cousin.

"You're right. We can all see Remy's feelings for Elisa. If the two of them achieve a positive result, they will be very happy. Remy will also spoil Elisa for the rest of their lives. The men in the Johnson family are very professional in love.

It's a good thing that Elisa used to always say good things about you in front of me, praise you, let me not miss you, don't have conflicts with you again, this is how you repay her. She knows that cutting your heart will hurt you."

Zachary: "... Wife, I didn't think too much about it, I just said that casually, who knew that Andrew could really persuade Julian to help him. You must not talk to your cousin about this matter. Tell me, she knows, and she will tear me apart."

Serenity: "Now you know that you are afraid, and you will talk too much in the future, and you will use random tricks, and you will not be able to chase your wife by yourself, so you will give the tricks to others."

Zachary hurriedly promised: "I promise that I will not use random tactics in the future. I will only give them a few tricks unless my younger brothers come to me."
