

A Man Like None Other

Novel

Chapter 2811

"Don't talk nonsense, if Mr. Chen hadn't saved me, I would still be tortured by Moxiu." "

Hurry up and apologize to Mr. Chen..."

Suo Xingyue yelled at Zhuzhu!

Zhuzhu looked aggrieved, but David really said generously, "Elder Suo, you don't have to be angry, my realm is indeed no better than your apprentice's!"

Suo Xingyue hurriedly said in embarrassment, "Mr. Chen, don't Keep a low profile, even I am not your opponent, my apprentice is in your hands, I'm afraid I can't even catch a slap in the face!"

Zhuzhu on the side was very unconvinced when she heard Suo Xingyue belittle herself so much, But dare not say anything!

"Elder Suo is too much..." David smiled lightly!

"Mr. Chen, sit down quickly..." Suo Xingyue greeted David and Yihe to sit down, and then said to Zhuzhu, "Zhuzhu, go make tea..."

Zhuzhu left reluctantly. It was for the sake of getting away, because he knew that there must be something wrong with David coming to find him! After

Zhuzhu left, Suo Xingyue said to David, "Mr. Chen, I don't know if you are looking

for me. Is there something wrong?"

"

But if it's about the pharmacist's ability to compete, I'm afraid I can't do anything about it. Although I am a referee, the rules in Jialing County are very strict, so I dare not cheat." Suo Xingyue thought that David was looking for him at this

time, I want him to cheat in the medicine refining meeting. After all, Jade Cauldron Sect is also here to compete, and if he can win, there will be a very generous reward!

"Elder Suo, you misunderstood me. I'm not doing it for the Alchemy Association. My friend has been poisoned by a strange poison, which makes him unable to display his strength." "I've checked, but I can't do anything, so I want

to Ask Elder Suo to see if there is any way to heal it."

David explained!

Suo Xingyue heard it, so she looked at Yihe, and after taking a look at Yihe, a wisp of breath enveloped Yihe's body.

After a while, Suo Xingyue frowned, and her expression became a little serious!

"It's so strange. Since I'm poisoned, I can't display my strength, so why can't I detect the toxin in my body?"

Suo Xingyue said with a puzzled face!

"Elder Suo, the poison in my friend is controlled by the sea of consciousness, so it cannot be detected in the body."

David said!

Hearing this, Suo Xingyue sent out a burst of consciousness again and entered Yihe's sea of consciousness!

This time, Suo Xingyue made a discovery, retracted her consciousness and said, "So it's like this, it's the first time I've seen this kind of poison, so I can't make a conclusion!

" My senior brothers come back, let's consult together to see if there is any way to detoxify!" "

Then thank you, Elder Suo." David said gratefully after hearing this!

At this time, Zhuzhu had already made tea, and then poured it for several people, and then looked at David!

"Mr. Chen, I wonder if you passed the pharmacist level assessment?"

Suo Xingyue asked!

"Assessment? Haven't taken the test yet..."

David didn't take the test at all.

"Mr. Chen, only licensed pharmacists who have passed the pharmacist examination can participate in this alchemy meeting." "The alchemy meeting will start soon, and you haven't passed the examination yet!"

Suo Xingyue said anxiously! "Ah?" David was a little dazed, he hadn't

heard from the third elder, so he asked, "Then what should we do now?"

I'll let Zhuzhu take you there."

"With Zhuzhu leading you, the personnel in the assessment field should show some face. If all goes well, you can get the certificate of alchemist today."

Suo Xingyue said!

"Master, I still have something to do, I don't have time..."

Zhuzhu became a little unhappy when she heard this!

Chapter 2812

"Shut up, you dare to disobey orders, don't you?"

Suo Xingyue glared at Zhuzhu and said!

"Master, the pharmacist examination site in Jialing County requires at least a third-grade high-class pharmacist qualification. Do you think this guy is qualified?" "

My current pharmacist level has just reached this standard, and this guy is definitely not enough. "

It would be a waste of time for me to take him there..."

Zhuzhu looked down on David at all, thinking that David's realm was low, and his level of refining medicine must not be good either!

"If you're told to go, just go, why are you talking so much?" Suo Xingyue was angry, her face was very gloomy!

Seeing that her master was really angry, Zhuzhu had no choice but to stop talking!

"Mr. Chen, don't worry, my apprentice is spoiled by me..." Suo Xingyue apologized!

"It's okay!" David smiled lightly, "But my friend, I have to trouble Elder Suo."
"Don't

worry, Mr. Chen, we will see a doctor immediately when my seniors come back."

Suo Xingyue promised!

David followed Na Zhuzhu to leave, and then walked towards the pharmacist examination field in Jialing County!

David was not familiar with Jialing County, so he could only follow behind Zhuzhu the whole time!

Zhuzhu kept a cold face and didn't say a word to David!

Just as David and the others were walking towards the assessment field, they suddenly saw a handsome man wearing a white robe and holding a long sword on the way!

Beside the man, there were a few girls playing and laughing, they seemed to be shopping!

After Zhuzhu saw the man, his eyes lit up immediately, and he chased up directly and said, "Brother Meng..."

The man turned his head to see Zhuzhu, smiled slightly and said, "Zhuzhu, why do you have time to go shopping, your master Didn't they let you out?"

"I took someone to the assessment site to participate in the pharmacist assessment. I didn't expect to meet you. It's really great. I...I missed you these two days, and I dreamed of you yesterday!" Zhuzhu

said Finished, his face suddenly turned red!

Looking at Zhuzhu like that, David immediately understood that this girl must like the man in front of her! But the man's eyes were very plain, he put aside the topic and said

, "Zhuzhu, is this the new junior brother your master has accepted for you?

"

"Hello, my name is Meng He."

"Hello, my name is David!" David could only introduce himself!

But when Meng He heard the word David, he was taken aback for a moment, then frowned slightly and said, "David, why are you so familiar?"

Soon, Meng He suddenly opened his eyes wide, and stared at David closely. "You...you are David who was told by Elder Shi that he possessed three Heavenly Thunder Fruits?"

David looked at Meng He like that, without saying a word, neither denying nor affirming it!

However, David knew that the fact that he possessed the Sky Thunder Fruit would soon spread to everyone!

It's just that Meng He has never met himself, but he also knows about it, and it seems that he heard about it from somewhere else!

Seeing that David didn't speak, Meng He guessed that it was true, so his eyes were full of envy and he said, "I didn't expect you to have three Heavenly Thunder Fruits at such a young age. I'm so envious..." "Brother

Meng , What is Tianleiguo?" Zhuzhu asked curiously!

"It's just a kind of medicinal material, nothing!" Meng He explained casually!

"It's just a kind of medicinal material. If Brother Meng likes it, I'll give it to you. Our Danyang Sect has all kinds of medicinal materials."

Zhuzhu said innocently!

Meng He just smiled, but didn't speak!

And David said to Zhuzhu, "Miss Zhuzhu, let's hurry up..."

Zhuzhu gave David a white look, then looked at Meng He with an ambiguous expression and said, "Brother Meng, I will take him first." Go to the assessment, I'll go and play with you when I have time."

Meng He nodded, and then left with a few girls around him.

Zhuzhu looked at Meng He's back like a nympho, and didn't react until Meng He's figure disappeared!

Chapter 2813

"People can't see anymore, we should go too..."

David said to the nympho Zhuzhu!

"What's the rush? It's annoying..."

Zhuzhu gave David a white look, and then continued, "I tell you, it's useless if you go. Your medicine refining skills don't believe it at all." "

Look at Brother Meng, his age In a short time, he is already a fifth-rank low-class pharmacist, not much worse than my master!" "

And Brother Meng is very personable, especially gentle and considerate..."

Speaking of Meng He, Zhuzhu seemed to be There are endless things to say, and I have been praising!

David smiled and said, "It seems that you like this Meng He..."

"Of course, which girl doesn't like Brother Meng."

Zhuzhu nodded and admitted without hesitation!

"But I think this guy doesn't like you, and there are so many women around him."

David could tell from Meng He's eyes that he didn't have any interest in Zhuzhu!

"You fart, can you talk? If you can't talk, just keep your mouth shut." "

Brother Meng must like me. The women around him are just playing tricks." "

The person he really likes is me. It's just that my master has been taking care of me, otherwise I would have been with Brother Meng long ago." After

Zhuzhu finished speaking, she walked straight forward, ignoring David.

Soon the two of them arrived at the examination area. At this time, there were many people queuing up for the examination. They should also be pharmacists who wanted to participate in the pharmacists meeting but had not passed the examination!

Zhuzhu took David in through the back door, relying on Danyangmen's face, without queuing up!

Zhuzhu directly brought David in front of an examiner and said, "We are here for the assessment."

The examiner took a look and said, "People from Danyang Sect, I didn't expect anyone from your Danyang Sect to participate in the assessment?" "Don't get me wrong,

this is not from our Danyang Sect, I just brought him here. You don't need to consider our Danyang Sect if you test like this."

Zhuzhu said to the examiner!

It seems that Zhuzhu didn't want David to take advantage of their Danyang Sect's face. If he was a disciple of Danyang Sect, the examiner would let him down more or less!

The examiner glanced at Zhuzhu, then nodded, and then said to David, "Young man, come in..." David followed the

examiner into a room, but the room was completely transparent, just to prevent people from cheating!

Zhuzhu stood outside, watching David's assessment, she wanted to see what level David was!

"We have a total of nine assessment boxes here, namely the third-rank upper middle and lower pharmacist, the fourth rank upper middle and lower, and the fifth rank upper middle and lower nine levels!" "With your own strength, think about which level to assess, just open

it Which box, you must not overestimate your own strength, or you will be miserable, and you will not even pass the assessment."

The examiner warned David!

David nodded, and then walked straight towards the fifth-grade upper-class box.

The examiner who saw this scene quickly reminded, "Young man, you have to recognize your own strength. If you want to gamble on luck, this is not the place to gamble!" Zhuzhu, who was outside, saw

David go straight to In front of the fifth-grade upper-class box, his brows frowned!

"This guy, what do you think of the pharmacist examination? He even pretended to go to the fifth-rank upper class. I don't know if he took the wrong medicine."

Zhuzhu said to herself outside!

But David couldn't hear it at all, so he picked up the first-class fifth-grade box directly!

"Young man, you should know that the fifth-grade top-grade pill can be regarded as a high-grade pill, and it consumes a lot of spiritual power to refine it, and it also requires the spiritual power of the alchemist." "If you insist on choosing the

test If you are injured at the fifth-grade upper level during the assessment, or even hurt your own sea of consciousness, we will not be responsible." The

examiner warned David.

Chapter 2814

"Don't worry, I will be responsible for anything that happens."

David said with a faint smile!

Seeing this, the examiner could only take David's box and open it slowly!

Inside the box is a pill, a top-ranked pill, and the pill is random, so that the examiners will not have the possibility of cheating!

After taking out the elixir, the examiner opened the elixir, and with a wave of his hand, the two of them unexpectedly appeared in a medicinal herb area, where there are countless medicinal herbs, thousands of kinds, all kinds of rare medicinal herbs. have!

However, David knew that these were just illusions. If Jialing County really had such a medicinal herb area, the monks in the entire Celestial Realm would be worried about it!

“Okay, you can go among these herbs and find the herbs used in the pill according to the recipe.”

The examiner said to David!

David nodded, jumped up, and flew straight over the thousands of herbs!

David just skimmed over this patch of herbs, and then returned to the examiner again!

Seeing that David had returned, the examiner reminded, “There is also a time limit for finding herbs. If you don’t pick the right herbs within the specified time, you will fail the assessment.” “I know, I’ve already finished picking

... ..”

David said, spreading his palms forward, and at some point, David actually had several kinds of herbs in his hands!

The examiner was taken aback for a moment, but he didn’t realize when David picked the herbs, and David had already picked them?

Isn’t this too fast?

"It's useless to be fast, it must be correct."

The examiner said, and began to compare the herbs in David's hand!

How could someone pick all the herbs correctly in such a short time!

But when the examiner finished checking, the whole person was stunned!

Because David picked it completely correctly!

"This... this..."

"How could it be so fast? Could it be cheating?"

The examiner's face was full of disbelief!

You have to know how many pharmacists he has tested, and he has never seen such a speed!

"Examiner, I didn't cheat, you should know best, the two of us have always been together."

David said with a faint smile!

"Sorry, I was just shocked. You have never experienced such a speed."

The examiner also knew that he had said something wrong, so he hurriedly apologized!

"Then have I passed the test?"

David asked!

"Passed, and you broke the record. I'm afraid no one will be able to break your record in this assessment field!" The

examiner nodded, and then waved his hand, and the two reappeared in the room!

The examiner took David out of the room!

Seeing this, Zhuzhu stepped forward and asked, "How is it? Have you passed this level?"

Zhuzhu couldn't see the two people in the illusion, so she asked!

"Not only passed, but also broke the record..."

the examiner said in shock!

"Break the record?" Zhuzhu was taken aback for a moment, then looked at David with a face full of disbelief!

She couldn't believe that David was able to pass the first test of the fifth-rank superior pharmacist!

She has heard that there are thousands of medicinal herbs in the first test, and it is necessary to find the required medicinal herbs in a very short time!

How could David pass?

And broke the record?

"It can't be that a blind cat ran into a dead mouse, right? But let me tell you, there can be luck in this first level, but it is impossible to have luck in alchemy.

" Only when you pass the formal assessment, you don't have to be complacent now!"

Zhuzhu said to David!

"It's just a fifth-grade high-grade elixir. It's not difficult. As long as I have the right herbs, I can make it in minutes!"

David raised his mouth!

Chapter 2815

"Just blow it up, and see how you failed in alchemy later, how did you get blown out!" "

I can tell you that refining the fifth-grade top-grade elixir is very dangerous. , there will be an explosion, and you will be blown to death when the time comes, let me see what you can do!"

Although David passed the first test, Zhuzhu still looked down on David!

But David just smiled lightly and didn't say anything!

David has absolute confidence. As long as there are enough medicinal herbs, David can refine even a elixir that is higher than the fifth-grade top grade!

For David, refining elixirs is not difficult, but how to obtain those herbs for refining high-level elixirs!

The examiner took David to an alchemy room, and Zhuzhu went with him!

Because of Zhuzhu's identity, the examiner did not stop her. After all, there is no way to cheat in alchemy, it all depends on David's own strength!

Walking into the alchemy room, there are several alchemy furnaces of different shapes and sizes.

"For the sake of fairness, you can't use your own pill furnace during the assessment. The pill furnace has been prepared here. You can choose the pill

furnace you are familiar with to refine the pill!" "However, there is a time limit for refining the pill

. It must be refined within the specified time."

"You are allowed to fail within the specified time, but if the elixir is not successfully refined within the specified time, it means that the assessment has failed." "

Because the fifth-grade high-grade elixir The medicine is a high-grade elixir, and it takes too long to refine it, so only semi-finished products are needed for the assessment and refining!" The

examiner followed David to explain the assessment rules!

For example, if it is refined by a fifth-grade pharmacist, it will take several days to make it!

And it is impossible to give you a few days during the assessment, so you only need to refine it into a semi-finished product, even if you have passed the assessment!

"Examiner, can I not use these alchemy furnaces you prepared? Are you used to it..."

David asked the examiner!

"Didn't I say that you are not allowed to use the alchemy furnace that you brought, that would be unfair. If someone brings a divine cauldron to make alchemy, it will not reflect your true alchemy skills!" said the examiner

!

"I don't use my own pill furnace!" David shook his head!

"Then what do you use?" the examiner asked in confusion!

"I'll just use that..."

David casually pointed to an incense burner on the table not far away!

"Are you kidding? It's an incense burner. It's used for sticking incense and timing. How can you make alchemy?"

the examiner said with a dazed expression!

"David, is there something wrong with your brain? Do you use an incense burner to make alchemy? This is a fifth-grade high-grade elixir. Do you think you can refine those low-level ordinary elixir?" Zhuzhu said to David with a look of disgust

.!

"I'll just ask, is it okay to use that incense burner to make alchemy, if not allowed."

David shrugged and said!

"There is no rule that you can't use the incense burner to make alchemy, but you have to know that using the alchemy furnace to make alchemy has a bonus for alchemy. Don't you want to get the bonus of the alchemy furnace?" asked the examiner

!

"It's just a fifth-grade high-grade pill, how can you use the bonus of the upper pill furnace? Even if you give me a broken tile, I will practice it for you!" David said indifferently

!

"Examiner, use the incense burner for him. I have never seen such a bragging person. I want to see how he can use the incense burner to refine the fifth-grade high-grade medicine." Zhuzhu looked at

David like that, I'm so angry!

In fact, David was deliberately angry with Zhuzhu, and looked down on this little girl from the moment he met her, so David wanted to let her see his true abilities!

"Okay, I have been an examiner for so many years, and I have never seen anyone using an incense burner to make alchemy. Today I will make an exception and see how you use the incense burner to refine medicine." The examiner said, and put the incense ash in the incense

burner Dumped it, and then threw it to David!

Chapter 2816

"Hmph, I don't want to watch your alchemy anymore. If you fail then, I can't afford to lose that person."

Zhuzhu snorted coldly, turned and walked out of the alchemy room!

After all, David was brought by her. If she brags about using an incense burner to make alchemy, if the burner really blows up, she will be ashamed too!

Zhuzhu simply left and didn't look at it. In fact, she didn't need to look at it. She knew that it was absolutely impossible for David to use the incense burner to refine the fifth-grade high-quality elixir!

After Zhuzhu left, David picked up the incense burner and started refining it!

But Zhu Zhu, who had just walked out of the alchemy room, ran into Meng He head-on.

"Brother Meng, why did you come to the assessment place? Do you have friends who are also taking the assessment?"

After seeing Meng He, Zhuzhu's face was filled with a smile!

"No, I came here specially to find you."

Meng He said!

"Looking for me? Why are you looking for me?"

Zhuzhu's face was full of excitement, and her heart was filled with excitement!

"I can't find you if I have nothing to do?" Meng He said with a smile!

Seeing Meng He's smile, Zhuzhu almost melted, nodded quickly and said, "Of course, Brother Meng can find me anytime." "By the way, didn't

you bring that David to the exam? How is the exam? "

Meng He asked! " "Don't mention it, this guy overestimated his abilities, and even passed the first test of a

fifth-grade pharmacist. A blind cat encountered a dead mouse and passed."

How could it be possible to use an incense burner to refine five-grade first-class elixir?"

"I didn't want to be laughed at by others with him, so I came out!"

Zhuzhu said!

"Use an incense burner to refine a fifth-grade high-grade elixir?"

Meng He frowned slightly, and then said, "Which alchemy room is he in? Take me to see, I really want to see if this guy has real skills!"

"In alchemy, how can David compare to Brother Meng!"

Zhuzhu belittled David!

If David heard this, he would probably be very angry!

"Maybe this guy can really succeed, take me to see..."

Meng He smiled slightly!

"Okay!" Zhuzhu nodded!

Meng He took Zhuzhu's hand and walked towards David's alchemy room!

This made Zhuzhu blush, but the excitement was beyond words!

Zhuzhu took Meng He into the alchemy room, at this time David had already settled down to refine the elixir!

The examiner glanced at Meng He and Zhuzhu, but didn't say anything!

And Meng He looked at David, whose eyes were slightly closed, and an incense burner was placed on the ground in front of David!

There were bursts of spiritual fire burning in the incense burner, and blue smoke kept coming out!

Not far from David, a stick of incense has burned halfway through!

As long as the incense is burned out, David's semi-finished elixir of the fifth grade can't be successfully refined, then the assessment has failed!

"Brother Meng, did you see that? Half of the time has passed, and there is still green smoke coming out of the incense burner. This guy is absolutely impossible to succeed."

Zhu Zhu looked at the incense burner in front of David with disdain, and said to Meng He !

Meng He didn't speak, but just stared at David.

The entire alchemy room fell into silence, and the time passed by every minute, and the stick of incense was about to burn out!

Boom.....

At this moment, there was a sudden loud noise, and the incense burner in front of David burst suddenly, and a white mist rose into the sky.

"Brother Meng, be careful..."

Zhuzhu hurriedly used her body to protect Meng He!

The examiner also hurriedly stepped back, with a slight anger on his face!

Now that the alchemy furnace has exploded, it must have been unsuccessful!

After the white mist slowly dissipated, Zhuzhu hurriedly looked at Meng He with concern and said, "Brother Meng, are you okay?"

Meng He shook his head, "It's okay!"
