Married at First Sight Chapter 2128-The young master kept pestering Kevin endlessly, which showed that the young master did not actually hate Kevin.

The butler said heartbrokenly: "Sir, Madam and the second young master's attitude towards this matter is heartbreaking. Our young master is such an excellent person, but... if the young master is a woman, or the third son of the York family The young master has become the third young lady of the York family, so if they are together, I agree with both hands and feet, blessings, but both of them are men!"

It's true that the parents didn't feel bad, but the butler did.

The bodyguards stopped talking.

They thought it might be that Mr. York was gay, but he usually hid it so deeply that no one knew.

There were so many women who admired the young master, but none of them could win him over. Didn't this prove the fact that the young master didn't like women from the side?

If she didn't like women, didn't she like men?

...

After Kathryn came back from Queen's house, she saw her mother and Shiloh's cars parked in the parking lot in the yard, so she knew they were at home.

She got out of the car and didn't rush into the house, but walked around Shiloh's car.

"Miss, you are back." The butler came over and asked politely. Seeing her circling around Shiloh's car, the butler asked puzzledly, "What is Eldest Miss doing circling around Second Miss's car?"

Kathryn patted the front of Shiloh's car and said, "Shiloh's car is much better than mine."

This butler had been in office for a year, that is, the new butler that Shiloh's father invited back after being sent in by Matriarch Farrell. Although he has only been the butler for a year, he also knew that In this mansion, the second lady was more favored than the oldest lady.

Although the two daughters were out of chaos anyway, the second lady was no longer regarded as the successor, and the oldest lady seemed to have taken back everything that should belong to her, but the second lady had a lot more extravagance than the oldest lady in life.

Hearing Kathryn's words, the butler had some sympathy in his eyes, but he didn't want to say anything more, he just said: "The owner took the second miss to go shopping and she came back. She bought a lot of things. Let the oldest miss go into the house and have a look."

"I'll go in and see what's useful, but it's not for me." Kathryn put on a distressed look, and once again patted Shiloh's car, the anti-theft device kept ringing.

"Shiloh always drives a new car, a luxury car. Although I drive a luxury car, my brother doesn't want it anymore."

Her mother never bought her a new car.

"What's the matter, my car alarm keeps beeping, who touched my car indiscriminately?" Shiloh heard the noise and walked out.

"Kathryn, did you bump into my car? Can you drive?" Before butler could reply, Shiloh questioned Kathryn.

Kathryn said: "My car is parked there, more than ten meters away from your car, no matter how poor my driving skills are, I can't scratch your car."

Shiloh: "Then why are you standing next to my car? Do you want to steal the car?"

Kathryn: "No reason, just to see if your car tires are tight."

As she said that, Kathryn kicked the tires a few times, causing the anti-theft device to bark again.

Shiloh: "Kathryn, you kicked my car, can you afford it?"

Kathryn: "I can't afford it. I don't have as much pocket money as you. My parents love you and give you money. I'm not as rich as you. That's fine."

After Kathryn finished speaking, she ran into the house aggrieved.
