The Ex-Husband's Revenge Chapter 105

As Iris pondered over whether or not to accept everyone's opinions, Leon and Ariel came back and walked into the conference room after pushing it open.

"Well, well! Mister Wolf's back. I wonder how the negotiations between you and the Wick Group went? Judging from your red face, you must be super ashamed after achieving nothing in the negotiation!" Michael laughed mockingly.

Many high-level executives also laughed along with them.

That statement was like a bombshell that nearly blew the minds of everyone in the conference room.
