Chapter 1121

That was the difference between killing a civilian and a famous person. To counter any negative impact of the issue, the Dragon Corps would at least lock Leon away for a few years to make an example of him.

Walter instantly felt better at the thought and desperately wished that the Dragon Corps would lock Leon away for life.

“Grandpa, bad news!” Just then Theodore rolled himself onto the wheelchair and barged into the room.

Theodore led his men to ambush Leon and not only did he fail, but Leon also broke both of his legs and he was bound to his wheelchair ever since.

Even if he was to recover from the injury, his legs would never function the way it was before.

“Don’t worry, Theodore! Leon is only in the Intermediate Overlord State and hasn’t gotten to the next power level just yet! Besides, he’s all alone. Even if he reaches the Advanced Overlord State, he can’t fight us all!” Walter said.

Back when Walter fought Leon, he sensed that Leon was only at the Intermediate State, or he would have never managed to escape from Leon so easily.

Considering Leon’s current strength, the Fields could no longer attack him, but Leon was merely an orphan with no support from his own family, so he would not be able to harm the Fields either.

“That might be true, but Leon is still young and is insanely talented! With a few years’ time, he might get to the Peak Overlord State or even higher. How are we going to defend ourselves from him then?” Theodore said worriedly.

Leon was incredibly talented and would surely reach higher levels in the future.

Denzel explained.

"What?! Is that true?" Walter asked in excitement.

"Yeah!" Denzel nodded.

"That's great! Even the odds are in our favor! Denzel, contact Lilith right away and get her to talk Sean into handling Leon!" Walter burst out laughing.

"Of course. I'll call Lilith later and get her to come to Springfield City with Sean," Denzel said.

Before Leon had the chance to terminate the contract with the supplier, they grew arrogant and schemed to undermine Elegante Group, which was something that Leon refused to tolerate.

“Iris, the raw material provided by this supplier isn’t that great anyway. Let’s just terminate our contract with them and find a new supplier!” Leon said.

“Yeah. That’s what I’m thinking as well! I plan to go on a business trip tomorrow to check out the cities around us in search of a new supplier,” Iris nodded.

Though there were two raw material suppliers for cosmetic products in Springfield City, they were both too small to fulfill Elegant Group’s demand.

The supplier Ashwin worked with was found in a different city, and if Iris wished to find a different supplier, she would have to travel out of Springfield City as well.

Before Iris could finish, Ruth interrupted her and said, “Leon, aren’t things over between you and Cynthia? Why are you going to see her? Oh, I see! Are you secretly dating her behind Iris’s back?” Ruth felt as though she discovered Leon’s biggest secret.

“What are you talking about? Besides, this is between me and Cynthia. How is it any of your business?” Leon glared at her.

“It might not be my business, but it’s Iris’s! Iris, did you hear him? He’s cheating on you! Give him hell!” Ruth said.

“Um,” Iris hesitated awkwardly, before ignoring Ruth and saying, “Leon, go see Cynthia, and don’t stay out too late.”

“Damn you, Leon Wolf! It’s been days and you haven’t come to see me at all!” Cynthia gritted out.

A few days ago, Leon came to her to ask for ingredients to be used in the medicine for Louisa and he was in such a hurry that she did not have the chance to talk to him at all.

Cynthia thought that Leon would have come back for her soon, but he was nowhere to be seen in the past few days.

She kept calling Leon and hanging up before the call was connected, and after some time, she finally lost patience and called Leon once again.

“Ting-a-ling!”

“Leon, let’s go to Seacove City tomorrow and get our hands on that five-hundred-year-old Snow Lotus. That way, you can make the Pure energy Pills again,” Cynthia chirped excitedly.

“Yeah, sure,” He nodded, before sobering, “wait! Cynthia, I’m supposed to go on a business trip tomorrow with Cynthia in search of new suppliers and I might not have time to go to Seacove City,” He explained sheepishly.

“You’re looking for suppliers for Elegante Group? Isn’t that perfect?” She said.

“I’m sorry, Harvey, but I’ll never leave Iris. As for Cynthia, I owe her far too much to leave her behind as well,” Leon said hesitantly.

“What? So you’re just going to date them both at once?” Harvey roared.

“I don’t mean to date two women at once. I just don’t want to hurt Cynthia,” Leon sighed.

“This is your final warning! Sneak into the Shear Mansion again and we’ll fight you!” Benedict said coldly.

“Elder Shear, can you not give me one chance?” Leon said bitterly.

“That’s enough! We’ve heard the news that you’ve reached the Advanced Overlord State, but the Shears are not ones that you can bully! Don’t blame us for resorting to violence if you don’t leave at once!” Brad roared furiously.

News that Leon killed the Northern King and scared the Fields away traveled to the Shears’ ears, and they were all shocked to learn that Leon managed to reach the Advanced Overlord State at such a young age.

However, Leon failed Cynthia and tried to seduce her by sneaking into the Shear Mansion repeatedly, and that was something that Brad would not put up with as Cynthia’s father.
