

## The Ex-Husband's Revenge By Dragonsky Chapter 1751

### Chapter 1751

"Iris, we shouldn't delay the signing of the contract. I'll go over to the Hughes Group right now. I'll leave the matters that have piled up in the company to you," Leon said.

"Yes, alright. Go ahead," Iris said with a smile.

"Snow, let's go!" Leon called out to Snow.

Snow's position was his assistant, so he naturally needed to bring Snow along if he went to sign the contract

at Hughes Group.

"Yes, just wait a moment. I'll go print out the contract," Snow said, quickly printing out the company's

information and two sets of the contract.

"Leon, can I go with you?" Roanne asked with some hesitation.

"Why would you want to go?" Leon was surprised.

Snow was his assistant, so it was normal for Snow to go with him. However, Roanne was Iris' assistant, so he did not understand why Roanne would want to come with them.

"I—

I've been quite bored in the company for the past few days. I just wanted to outside with you," Roanne said bashfully while she pulled at her clothes.

Ever since Leon saved her over and over, she started to like Leon quite a lot.

On top of that, she did not see Leon for the past few days. She just wanted to get closer to Leon by going to sign a contract with him, wanting to be with Leon for a bit longer.

“Oh, come along then,” Leon quickly answered, not thinking too much about it.

After all, it must have been hard for Roanne to be there alone for the past few days. Since Roanne wanted to go out, he had no reason to reject her.

After that, he, Snow, and Roanne left the company together.

John was also with them. He was Roanne’s guard and tasked with Roanne’s safety.

At the Hughes Group’s massive building, a man about thirty years of age was inside the manager’s office. He looked handsome and well-mannered and sat in front of the table.

He was the heir of one of the major families in the Southern Region, the Hughes. His name was Darius Hughes, and he was the General Manager of Hughes Group.

In front of Darius stood a young man about twenty-seven years of age. He looked quite handsome, but there was a hint of arrogance in his eyes.

He was the vice manager of the Hughes Group, Gordon Bailey. He was also related to Hughes by marriage, the husband of Darius’ sister.

“Gordon, I was asked by Yuri Thompson two days ago for a favor! The Thompsons invested in a high-end cosmetics company, and want to work with the Hughes Group. I’ve already agreed to work with them! I have something urgent that needs me to head out. If the Thompsons come over to sign th

e  
agreement, then make sure to treat them well. Sign the contract for me as well,” Darius said.

The Thompsons were the head of the major families in the Southern Region, and more powerful than the Hughes were. Furthermore, Yuri was quite good friends with him.

Since Yuri had a favor to ask of him, he did not want any problems to happen..

That was why he deliberately instructed Gordon on what to do.

“Yes, I understand. Darius, don’t worry. If the Thompsons come over, I’ll definitely treat them well,” Gordon said politely, but he had a nonchalant expression.

It was just signing a contract, there was nothing difficult about it!

If he could not even do that, then he might as well not work there!

“That’s good. Go back to work, then. I’ll take my leave now,” Darius said before he got up and left.

## Chapter 1753

“Snow, it’s been a long time! I can’t believe I’m meeting you here!” Gordon said in disbelief. His eyes were fixed on Snow, completely ignoring Leon.

“Snow, do you know this guy?” Leon was shocked to hear that.

After that, he looked at Gordon before looking at Snow again. He looked curious, unable to figure out how Snow know the man.

“I don’t know him! He’s just a scumbag!” Snow’s face paled. She bit down on her lips as her eyes completely frosted over. She slowly regained her calm.

“A scumbag?” Leon was taken aback, completely confused by Snow’s answer.

“Snow, what happened in the past was all my fault, but I had my difficulties too,” Gordon said with a sigh. There was a melancholic look in his eyes.

Thanks to his handsome looks, made him look quite attractive.

“Difficulties? Who are you trying to fool with that?!” Snow said coldly. Her eyes were full of disdain.

The person in front of her was no one else but her university classmate, Gordon. He also happened to be her ex-boyfriend!

She studied in Sky County during her university days. With her stunning looks, some many rich scions and heirs were after her, and Gordon was one of them!

Back then, Gordon pursued her for over two years before she was moved by his sincerity and accepted his advances.

Initially, it was quite a good relationship.

However, she discovered that Gordon had other women behind her back out of coincidence, and he even had several relationships could at the same time. He was just despicable!

She was furious and immediately broke up with Gordon before leaving the university and going back to Springfield City.

It was precisely because Gordon’s betrayal hurt her so deeply that she started to view men with after that.

contempt

Until she met Leon.

Leon treated everyone with sincerity and had a very good character.

Thanks to Leon, she slowly recovered from the trauma of her past relationship and regained her smile.

However, she never expected to meet Gordon in the Southern Region!

It exceeded all her expectations, and caught her completely off guard!

“Snow, I’m serious. I’ve never forgotten you,” Gordon said stubbornly.

The Baileys were one of the older ancient martial arts families of the Central region. However, due to the bad management of their businesses, the family ended up crumbling apart. They headed to their doom a few

years ago!

For the sake of the family, he managed to attract the eldest daughter of the Hughes behind Snow’s back.

The Hughes were one of the major families of the Southern Region, and were much more powerful and influential than the Baileys!

After successfully establishing a relationship with the Hughes, he was forced to let go of his feelings for Snow, and let Snow leave the Central region to return to Springfield City!

However, since he was not with Snow for that long, their relationship only lasted for half a year, and he was never able to try Snow out, thanks to Snow being quite conservative!

It was something he deeply regretted!

Yet, he happened to meet Snow at that moment. So, the feelings he buried for so long started to stir again!

Chapter 1754

“Snow, so he’s your ex-boyfriend!” Leon realized.

He knew about how Snow was hurt romantically before.

Listening to the conversation between the two of them, he quickly got the gist of the situation.

“Snow, who is this guy? Could he be your current boyfriend?” Gordon shot a sharp look at Leon as his expression sank.

“|-”

Leon gaped. Before he could even answer, Snow quickly seized the initiative.

“That’s right! He’s my current boyfriend!” Snow did not even think about it before she quickly grabbed Leon’s arm, deliberately acting incredibly close to Leon.

She would not be embarrassed!

Due to Gordon’s betrayal, she was filled with hatred and disgust for Gordon!

If Gordon found out that she did not even have a boyfriend, then it would be absolutely shameful!

So, she was forced to use Leon to save her face!

“What?”

Snow’s words were like a bomb that almost blasted Leon and RQ  
anne away.

Of course, they were not the only ones who were shocked. Gordo  
n was too!

Earlier, he was just guessing. He could not believe that Leon was  
Snow’s boyfriend!

“Snow, don’t speak nonsense, I-”

Leon wanted to say something after he snapped back to reality, b  
ut he was quickly met with a helpless and pleading expression fro  
m Snow.

After that, he immediately understood that Snow was using him a  
s a shield to protect her dignity.

So, he swallowed back everything he wanted to say.

“Snow, I can’t believe you’ve been regressing so much in life! You  
found yourself such a trashy  
boyfriend. I think you’re just resigning yourself to settling for some  
one lesser!” Gordon’s expression was incredibly sour. He looked  
at Leon with jealousy and hatred.

Romantic rivals were always the worst, after all. He was Snow’s e  
x-  
boyfriend, while Leon was Snow’s ‘ current‘ one. There was no wa  
y he would treat Leon nicely!

Furthermore, he was never able to even touch Snow's body in the past, but Leon might have already made a move and gotten Snow!

The more he thought about it, the angrier he got. He was about to explode from the jealousy!

"You're the trash! Even a single toe of Leon's is a hundred times better than a scumbag like you!" Snow coldly mocked.

"Him? What a joke! He's just an insignificant fly. I can kill him without even lifting a finger!" Gordon scoffed, looking at Leon in disdain.

Even though he did not know who Leon was, Leon seemed a few years younger than Snow. He looked like a man Snow was paying to keep around!

There was no way Gordon would bother with someone like that!

"Mister Bailey, we came over this time because he wants to work with Hughes Group! Please watch your mouth, otherwise, don't blame me for being rude!" Leon's eyes immediately turned cold.

Personal relationships were a private matter. He did not know what happened between Snow and Gordon.

He was an outsider and did not want to interfere.

However, with Gordon aiming things at him and insulting him so much, he was already furious!

If not for the fact that Elegante's collaboration with the Hughes Group was very important, he would have already slapped the man in the face!

“You!”

Feeling Leon’s intense gaze, Gordon felt like a sword stabbed into his bones. He could not help but shudder, feeling scared and stiff.

“Mister Bailey, this is Elegante’s information and contract! If you don’t have any problems with it, then please sign your name!” Leon said coldly, taking out the document and putting it on Gordon’s desk, preparing to act only after he secured the contract.

“Dream on!” Gordon was furious. He hit Leon’s contract away.

Even though Darius already told him that the Thompsons could be sending someone over that day, he still knew of Snow’s background. She was just an heiress of an insignificant family from Springfield City. There was no way they would be related to the Thompsons, the head of the Southern region!

Furthermore, he never heard of Elegante before. He never saw Leon or Roanne in his circles before either!

So, he was sure that Leon and the others could not be from the Thompsons!

Since that’s the case, there was no reason for him to be polite!

“Mister Bailey, how will you be willing to sign the contract?” Leon smiled, but there was a sharp coldness to that smile.

Only someone as familiar with him as Snow could tell that he was furious at that moment!

“Brat, it’s not like you can’t work with the Hughes Group! Just let Snow keep me company for a few days. As long as she makes me

happy with her service, I'll consider giving your company a chance," Gordon laughed and said, voicing his conditions.

Things you could not get were always the best!

His jealousy already got to his mind at that moment. He only had one thought in his mind, which was to get Snow no matter what, resolving his greatest regret!

"You! Die!" Leon laughed in his anger. He could no longer hold back the fire in his heart as he sent a slap

over.

Smack!

Gordon was caught completely off guard when he was slapped by Leon. He was sent flying to the wall behind him, hitting his head and starting to bleed.

"Brat, how dare you hit me!" Gordon held his head with his hand. His eyes immediately reddened when he saw the blood.

"You just need to be hit!" Leon said coldly, his eyes were incredibly murderous.

As an outsider, he did not want to interfere with Snow's private affairs.

However, Gordon was just taking it too far. He was insulting Snow like that!

There was no way Leon could tolerate that!

Even if the collaboration had to be thrown aside, he needed to teach Gordon a lesson!

“Brat, I’ll kill you!” Gordon was furious. A strong wave of energy rose from his body, pushing down at Leon.

“Intermediate Overlord State!” Leon sniffed when he felt the energy coming from Gordon’s body. His eyes were filled with disdain.

“You don’t know your place! Since you want to die, I’ll grant you your wish!” Gordon was angered by Leon’s disdain.

After that, he charged forward with an immense wave of energy, attacking Leon!

Even though he did not know how strong Leon was, people usually stuck with others at the same level. Since Leon was together with Snow, he felt like Leon was definitely not that strong!

He was the heir of the Baileys. He was already at the intermediate Overlord State. Among the younger generation of the Southern Region, he was considered someone quite strong!

He did not think Leon would be able to match up to him!

“You’re the one who doesn’t know your place! Didn’t you say you’d be able to kill me without even lifting a finger? Let me show you who’s the more powerful one between us!” Leon scoffed.

Facing Gordon’s immense power, he advanced without taking a single st

ep back. With a single finger out, he quickly charged at Gordon's attack with mighty force!

"Brat, you do want to die!" Gordon laughed viciously. There was a sharp glint in his eyes.

Since Leon was using spiritual energy, he did not feel any true energy fluctuations from Leon at all. He did not think that Leon would be able to stand up to his attack!

Furthermore, Leon was meeting his attack with a single finger!

It was just suicide!

Right after that, he dramatically increased his power, using his full might as he planned on crippling Leon as revenge for Leon slapping him in the face!

Yet, before he could even finish his thoughts, something that shocked him happened!

Bang!

With an intense clash, Leon's finger immediately broke through his immense true energy, stabbing right into his chest!

Gordon immediately spat out two mouthfuls of blood, as if he was hit by a heavy attack. His body was sent flying back several meters before he slammed into the ground.

Right after that, waves of pain came from his bones. It was obvious that he was injured internally, and lost his ability to fight!

"H-how is this possible?!"

After he fell to the ground, Gordon clutched his chest in pain. He looked at Leon in disbelief!

He thought that he was an incredibly strong fighter, standing amongst the top of those at his age. Other than some direct descendants from major families, he rarely had anyone who could oppose him!

Yet, he never would have dreamed that he would be defeated by a young and insignificant man like Leon. He was even injured from just one blow!

That was just unbelievable!

He was filled with shock at that moment, unable to accept the cruel reality!

On the other hand, Sarah never expected Leon and Gordon to start fighting just like that. An ordinary person like her was naturally scared stiff. She already hid in the corner at some point. She panicked a little, not knowing what to do.

As for the other two executives, the moment they saw that the situation was bad, they immediately slipped out of the room, trying to get help.

Leon did not bother with the executives as he walk

As for the other two executives, the moment they saw that the situation was bad, they immediately slipped out of the room, trying to get help.

Leon did not bother with the executives as he walked toward Gordon.

Every step he took was like a vicious nail being hit down on Gordon's heart!

"Brat, d—don't come over!"

Gordon's expression changed dramatically at the sight. He scrambled backward until his back hit the wall, unable to retreat anymore.

"Mister Bailey, weren't you acting so arrogantly just now? Are you getting scared so quickly?!" Leon mocked with disdain.

"W— what do you want?" Gordon's expression was very sour. He no longer had his earlier temperament.

"It's simple, I'll give you one last chance! If you know your place, then kneel and apologize to Snow right now. Get her forgiveness. After that, go sign the contract, and I'll consider forgetting about this! Otherwise, you can bear the consequences!" Leon said coldly.

He came to the Hughes Group to get the contract signed, and not to cause trouble.

In consideration of the Hughes. As long as Gordon was willing to apologize to Snow sincerely, he could let things slide.

However, if Gordon did not know what was good for him, then Leon could not be faulted!

## **The Ex-Husband's Revenge By Dragonsky Chapter 1757**

“What? Dream on!” Gordon scowled at that!

He was already sure that Leon and the others were not from the Thompsons, there was no way he would sign the contract!

As for kneeling and apologizing to Snow, that was even more impossible!

The Hughes were one of the major families in the Southern region. They lost out to the Thompsons in wealth and power, but were practically without equal outside of that!

As an in-law of the Hughes, he was an incredibly noble existence!

On top of that, Snow was his ex-girlfriend. She came from an insignificant background, so there was no way he would kneel and apologize to Snow!

There was no way he could agree with something that would humiliate and damage his reputation like that!

“I guess you insist on being stubborn even in the face of death! You asked for this! Since you're not willing to apologize, then you can forget about those legs of yours!” Leon's face turned cold. There was a sharp glint of murder in his eyes.

“Brat, don’t be so reckless! I’m warning you, the Hughes are a major family in the Southern region. We have experts everywhere. If you even dare to hurt a single hair on me, we’ll make sure to never let you off!” Gordon shouted out furiously.

Thinking about the Hughes, he suddenly felt more confident!

With the impressive might and influence of the Hughes, he did not think that Leon would dare to do anything to him!

Leon would be suicidal to do that!

“I don’t know if the Hughes would let me go or not, but I’m not planning on letting you off this time!” Leon laughed. He lifted his leg and prepared to stamp on Gordon’s.

This time, he came over to the Hughes Group to sign the contract because Angus already set things up.

With Angus and the Thompsons behind him, as well as his position in the Platinum Dragon Guard, there was no way he would be afraid of Gordon’s threats!

Even if the matter got more serious, the worst that could happen was the collaboration being dissolved!

There was no way the Hughes were the only distributors in the Southern Region anyway!

If Elegante could not work with the Hughes, then he could just find another distributor to work with!

However, with his relationship with Snow, there was no way he would let anyone insult Snow like that!

Even if it ended up ruining this contract, he would still seek justice for S now!

“Stop!”

Two shouts were suddenly heard!

Right after that, two forty-ish-year-old men rushed inside with imperious force. They stopped Leon from doing anything to Gordon on time.

It was obvious that they were the reinforcements that the two executives got, and were from the Hughes, meant to maintain peace and order in the company!

“Emperor State!” Feeling the incredible true energy coming from the two men, Leon narrowed his eyes, immediately feeling how strong they were.

The two of them were quite strong. One of them was at the initial Emperor State, while the other was even stronger, standing at the intermediate Emperor State!

“Norin, Nolan, you came at just the right time! Save me!”

Gordon was elated to see the two men appear. After that, he hurriedly scrambled over as if he was saved, but he was quickly stopped by Leon.

## **The Ex-Husband’s Revenge By Dragonsky Chapter 1758**

“Brat, how dare you act so arrogantly in Hughes territory! I’m warning you, let him go right now, or we won’t hold back!” Norin and Nolan shouted out angrily, their expressions were murderous.

“You’re expecting me to let him off? It’s not that I can’t!” Leon thought about it, and let Gordon go.

The two Emperor State experts from the Hughes were quite strong. Even though it was no threat to him, it was still not going to be easy!

He planned on letting Gordon go for now, and seeing what would happen!

“That-”

Norin and Nolan were both stunned. They exchanged looks of surprise with each other.

It was obvious that the two of them never expected that Leon would let Gordon go!

It completely stunned them just from the surprise alone!

Of course, they were not the only ones who were stunned. Gordon was as well. He did not expect Leon to let him go so easily!

He felt like he was dreaming!

The next moment, as if he was worried that Leon would regret it, he immediately scrambled up and ran over to their side.

“Alright, I’m finally safe!” Gordon celebrated, finally breathing a sigh of relief.

He knew how strong the two of them were. They were both at the Emperor State!

With the two of them with him, he felt a lot more confident!

“Nolan, this guy hurt me just now! Hurry up and capture him so I can teach him a lesson and get my revenge!” Gordon immediately said hatefully.

“Yes!” The two of them acknowledged the order and prepared to attack Leon.

“Hold it! I just let him go based on what you said. What are you planning on doing now?!” Leon said

unhappily.

“That-”

Norin and Nolan were taken aback. They found it hard to say anything.

As Leon said, Leon let Gordon off easily, not doing anything else!

If they attacked Leon right after that, it would be dishonorable!

“Nolan, don’t listen to him! He’s trying to cause trouble in our company and even injured me. He can’t be forgiven! Even if he let me go, that’s the least he could do!” Gordon said with a sneer.

“Yes, you’re right!”

“Brat, you dared to cause trouble in Hughes territory. You have to pay the price for that!” Nolan said. seriously.

“What, are you trying to throw your power around now?!” Leon was incredibly frustrated.

“So what if I am?! Didn’t you say you were going to break my legs just now? Right now, I’ll show you whose legs are going to be broken! Go and cripple this guy. Feed his legs to the dogs!” Gordon laughed as he said, throwing Leon’s words back.

“Yes!” Norin and Nolan answered, walking over.

“Nolan, there’s no need for you to do anything! I’m more than enough to deal with someone like this! You don’t have to do anything!” Norin said casually.

Even though he did not know how strong Leon was, only Yuri and Rodney reached the Emperor State amongst the younger generation of the Southern Region!

The others were all below that level!

Since he was already at the Emperor’s State, there was no way he would be threatened by Leon!

“Yes, alright,” Nolan nodded.

Norin and Nolan were still in the second generation. They were older than Leon.

If they worked together to deal with Leon, it would be quite dishonorable!

On top of that, someone as insignificant as Leon was not worthy of them working together!

## **The Ex-Husband’s Revenge By Dragonsky Chapter 1759**

“There’s no need! Just come at me together. I don’t want to waste my time!” Leon pointed at Nolan and Norin with a look of contempt.

Since the Hughes were not going to be honorable, then there was no reason for him to hold back!

He planned on unleashing his full might and instilling hopelessness in his enemies!

What an arrogant brat!” Norin and Nolan were thoroughly angered by Leon’s attitude when they heard that.

“Brat, you have to pay the price for your youthful arrogance! I’ll show you how stupid you were to make an enemy of the Hughes! Take this!” Norin shouted angrily.

After that, he wasted no time in charging forward, quickly unleashing his might at Leon.

“You’re just at the initial Emperor State, but you speak so arrogantly! Know your place!” Leon scoffed.

He shot forward and stuck out with incredible power right at Norin’s attack!

“Brat, you’re the one who doesn’t know his place!” Norin sneered with a look of disdain.

Since Leon was using Spiritual Energy, he had no way of sensing what Leon’s strength was!

However, with Leon’s age, it was obvious to him that Leon was not strong enough to face him!

Yet, Leon was trying to face him head-on!

It was practically suicide!

Of course, he was not the only person who thought that way. Gordon and Nolan both looked at Leon as if he was just dirt!

Neither of them felt like Leon would be able to take Norin’s attack unless a miracle happened!

Yet, before they could even think about it properly, something that shocked both them and Norin happened!

Bang!

With a violent clash, Norin's attack broke through Leon's spiritual energy and went right for Leon's body.

Leon moved and used the Mirror of Sovereign to take the remainder of the attack.

At the same time, he used Double attack, and true energy at the level of an initial Supreme Master surged from his fist, quickly striking at Norin!

Boom!

Norin was not able to put up a defense. His body was immediately sent flying by Leon, slamming onto the wall and slumping down to the ground!

When he fell to the ground, there was intense pain around his chest. He spat out a mouthful of blood, clearly suffering internal injuries!

Thankfully, Leon was not that strong. He was only at the initial Supreme Master level, or he would not have just been injured by the attack!

"Norin lost? H-how is this possible?!"

Gordon and Nolan were both shocked at the sight. They could not believe their eyes!

Both of them knew that Norin was already at the initial Emperor State!

The level might not be much amongst the second generation, but he should have been at a level where no one would be able to defeat him amongst the younger generation, outside of incredibly rare geniuses like Yuri and Rodney!

Yet, they never expected that someone as young and insignificant as Leon managed to defeat Norin. He even injured Norin in one blow!

Was that not unbelievable?

It was obvious how shocked they were!

## **The Ex-Husband's Revenge By Dragonsky Chapter 1760**

### **Chapter 1760**

“1-Impossible! This can't be real!”

Norin clutched his chest in pain as he climbed up, looking at Leon in disbelief!

He was at the initial Emperor State, but he lost to a young junior like Leon. Leon was even a completely unknown person!

It was just too absurd!

He could not understand how Leon did it. He could not accept the truth at all!

“Brat, no wonder you dared to act so arrogantly in our territory. It looks like you have some skills! However, your meager skills are still too insignificant in the face of the Hughes! Let me test you out. I'll see what you can do!” Nolan said seriously, stepping forward.

Even though he did not know how Leon defeated Norin, he still had a vague impression.

Leon's speed and explosiveness were quite remarkable. He seemed to already be at the Semi Emperor State, and was not far away from the initial Emperor State!

He guessed that Norin probably underestimated his opponent carelessly, and lost to Leon because of that!

However, he was different!

He was already at the intermediate Emperor State. He was much stronger than Norin!

He was already prepared for Leon, and there was a large gap between Leon's strength and his. It would not

be hard for him to deal with Leon!

"Norin, fall back for now! I'll deal with this brat!" Nolan said to Norin.

"Yes. Nolan, there's something strange about this guy. Be careful!" Nolan did not forget to say.

"I know! Don't worry, he's just at the Semi Emperor State. It'll be easy for me to deal with him!" Nolan said coldly.

"So he's already at the Semi Emperor State! No wonder!" Both Norin and Gordon realized something.

Gordon in particular finally understood. Leon probably acted weaker earlier and managed to catch Norin off guard. That was how he was fortunate enough to win!

There were no other possibilities outside of that!

"Brat, since you're a junior, I'll let you attack first!" Nolan looked at Leon with a sharp gaze, saying proudly.

"There's no need! You can go ahead and attack! If I attack first, you might not even have the chance to do anything!" Leon said calmly.

He knew very well that he needed the Mirror of Sovereign to defeat Nolan!

With his actual power at that moment, his skills were much worse than Nolan's in various ways. He was probably not even to catch up to Nolan in a straight run!

If he attacked, he would accomplish nothing!

Of course, Nolan did not know about his situation at all. His arrogant words were an insult to Nolan!

There was no way Nolan would be able to stomach that!

"Brat, you asked for this! Since you want to die, I'll grant you your wish! Take this!" Nolan shouted angrily.

After that, he charged forward and prepared to strike Leon with his awesome might.

"Perfect!" Leon grunted. He advanced with his attack ready, charging right at Nolan's attack!
