

# The Ex-Husband's Revenge By Dragonsky

Chapter 1882

## Chapter 1882

“Joel is right! Yuri, you have no right to interfere in our business, regardless of what it is we do! You have not only trespassed on our territory but even harmed my son. Are you trying to start a war between the Thompsons and us Hiltons?” Sebastian snapped with a steely look. He knew full well that it was wrong of Joel to even sabotage Elegante Group in the first place, but the Thompsons had no right to serve them justice like that. They were just another major family in the Southern region, not the nation's peace holder, after all!

As wrong as Joel was to do this, there was no right of Yuri to punish him like that!

“What do you mean, this has nothing to do with the Thompsons? I'm not afraid to let you know that the Thompsons are one of Elegante Group's shareholders, and so we have as much right as anyone to protect Elegante Group!” Yuri sneered.

“What?” both Sebastian and Joel were stunned to hear this. They all initially thought that Yuri was acting out of line, and no matter how much Yuri threatened to hurt them, they knew that they were the rightful ones.

They never once dreamed that the Thompsons would turn out to be one of Elegante Group's shareholders, and if what Yuri claimed was true, then the Thompsons had every right to interfere!

Joel finally realized that he was tricked by Yuri!

He questioned Yuri over and over before this, and yet Yuri refused to admit his relation to the Elegante Group. It was clear that Yuri was setting up a trap for him. If he knew of the Thompsons' connection to the Elegante Group, Joel would never have attempted to confront Yuri in the first place and end up being defeated!

His guesses were correct—Yuri deliberately concealed his connection to the Elegante Group in hopes that Joel would continue denying the truth, which would give him all the reasons to attack and teach Joel a lesson!

His intention of coming here in the first place was to punish Joel for what he did to Leon and the Elegante Group!

Now that Yuri got the satisfaction he wanted, and even Sebastian got involved in this, there was no longer any need to hide the Thompsons' connection to the Elegante Group anymore!

“Is this reason enough for me to interfere, President Hiltons? A portion of Elegante Group belongs to us Thompsons, so isn't it within reason me to punish Joel for what he did to Elegante Group?” Yuri snickered.

“Um,” Sebastian was rendered speechless by this.

He was not the only one utterly baffled—even Joel himself was frozen in shock! He initially thought that Elegante Group was just a small, insignificant company from another city. Not only that, but Leon was not even related to the Thompsons, so there was no reason for the Thompsons to protect them so fiercely at all!

However, he never once imagined that Elegante Group would turn out to be one of the Thompsons' investments, and this realization changed everything!

It was perfectly reasonable of Yuri to punish him for what he did to sabotage Elegante Group now, and as reluctant as he was to admit it, he knew there was nothing he could do about it!
