Chapter 2241

"Also, Elegante has been expanding very well in the last two months. It's not far away from becoming a large business! Based on my initial assessment, the Thompsons' first line of descendants will be able to at least make a few hundred million a year for the family through Elegante! If you want to contend with Yuri for the position of the family heir in the future, your elders and core members of the family will support Yuri since he has Elegante as a trump card. They won't support you," Joel continued to add.

"Then what should I do?" Yonas' mood sank.

He knew that what Joel was saying made a lot of sense!

Since the family focused on raising Yuri the past few years, Yuri was already working within the family's businesses, and held quite a lot of power!

Instead, he merely had some inane positions in the business!

On top of that, he did not have a foundation in business at all!

If he wanted to fight Yuri over the position of the family head in the future, he would be at a huge disadvantage!

That was not something he wanted to see!

"That's simple! If you want to defeat Yuri, then I would suggest that you establish your foundations just like he did," Joel said.

"You're not wrong! However, I don't have that much money to my name, and I don't have much power over the family businesses. How could I do that?" Yonas said with a bitter look on his face.

He knew that his grandfather always favored Yuri, and wanted to hand the power over the family back to the first line of descendants!

It would be incredibly difficult for him to gain any amount of capital from his grandfather to establish a business!

His grandfather would not support him!

"Mister Thompson, don't get too frustrated right now! It's fine even if you don't have that much money. Isn't there a fruit there ripe for you picking?!" Joel laughed.

"What fruit?" Yonas asked in confusion.

"Elegante is a ripe fruit! You can go look for Leon to ask for some of Elegante's shares. The best would be if you have more shares than Roanne! Then, you won't just have your business foundations, you'll be able to push Yuri back as well! Isn't that just perfect?!" Joel urged.

"Impossible! Leon is not an idiot. Why would he give me his shares for no reason?!" Yonas shook his head and said.

"That's not necessarily the case! The Thompsons have helped Leon so much, and Leon owes all of you a lot! Leon only managed to reach his current heights thanks to the protection and help of the Thompsons! If you ask for some shares from him, he will do it! If it's not possible, just spend awesome money to buy some shares for him. It would not be a problem! As long as he has a heart, there's no way he would refuse your request!" Joel said slyly.

He knew very well that Cynthion Group and Elegante were Leon's lifeblood. There was no way Leon would hand over the shares for no reason!

He deliberately stirred Yonas up to ask Leon for the shares because he wanted to cause conflict between them!

The moment Leon and Yonas had a conflict because of that, the two of them would start fighting!

The Thompsons' first line would be caught in the middle. Either they helped Yonas against Leon or they would have a conflict with the second line!

Then, he would not only be able to cause a rift in the Thompsons, but also shatter Leon's relationship with them!

It was the perfect plan!
