

The Ex-Husband's Revenge By Dragonsky

Chapter 2272

Chapter 2272

'Yonas, I guess you're not that stupid! Yes, you're right. Fiona is with us!" Rodney laughed mockingly as he admitted to it without holding back before Yonas could even finish.

Since Rodney revealed the truth, Fiona knew that her task was already complete. So, she no longer put on an act as she quickly walked over to Rodney.

'I greet Mister Spears," In front of Rodney, Fiona meekly greeted him.

"You all!"

Yonas was completely shocked at the sight.

Even though he was not someone particularly intelligent, he did not need to be to understand that everything that happened at the club that night was very possibly just a show fabricated by Joel, Rodney, and Fiona!

'So the three of you worked to toy with me last night!" Yonas was furious when he finally realized it!

"So what if we did?! You can only blame yourself for being too stupid. You can't blame anyone else!1' Rodney mocked.

'You-"

Yonas was unhappy, but he could not say anything about it.

After all, Rodney was right. Even though he accidentally fell into Joel and Rodney's trap, Iris and Roanne constantly told him at Elegatne that something was wrong with Fiona!

Yet, he was too infatuated, and he refused to believe Iris and Roanne's words. He even slapped Iris to protect Fiona!

Was that not just stupidity?!

Thinking about that, he could not help but regret things a bit. He regretted ignoring Iris and Roanne's warnings. He should not have listened to Fiona!

Otherwise, things would not have escalated so much, and he would not have been injured by Leon!

However, it was already too late for any regrets!

"Fifi, I think I've treated you quite well. Why are you helping Joel and Rodney to trick me?" Yonas said as he forced back the anger in his heart. He looked at Fiona with a pained and disappointed expression.

After what happened the night before, he was deeply infatuated with Fiona in every way!

He even decided to attack his cousin, Roanne, while they were in Elegante for Fiona's sake. He even snuck an attack in on John, and became an enemy of Leon's!

All of that was for Fiona!

Yet, Fiona lied to him the whole time, and even deliberately made things worse, causing him to be in this predicament!

It was obvious how he felt at that moment!

'Mister Thompson, I'm Mister Spears' subordinate. I'm just acting as ordered! I hope you don't blame me," Fiona said coldly.

She knew that Yonas treated her quite well, and she was quite touched. However, she had her own goals!

She was closely related to the Spears, and her parents were indebted to the Southern Boss and Rodney. She would naturally need to listen to Rodney's orders!

Furthermore, Yonas was a playboy. Yonas was just treating her so well because of her looks!

When Yonas got tired of her, Yonas would abandon her without a second thought!

There was no way she would betray Rodney and the Spears because of Yonas's brief fancies!
