Chapter 2218

Chapter 2218

"Rodney, don't worry! Once Fourth Apostle gets rid of Leon, I'll get them to capture all his women to be your playthings! You can do whatever you want with them!" The Southern Boss narrowed his eyes coldly.

"Southern Boss, we mustn't! The Thompsons have arranged for Roanne to live with Leon. They are trying to protect Leon, Iris, and the others! If we launch an attack toward them and accidentally harm Roanne in the process, the Thompsons will use that as an excuse to start a war with us! That won't do us any good!" Grand Apostle said.

"But," The Southern Boss was instantly rendered speechless as he realized that Roanne moved in with Leon to prevent him from attacking Leon in secret.

The Spears and the Thompsons were always rivals, but since the Thompsons valued their reputation, they never tried to attack the Spears from the dark. However, if the Southern Boss attacked Leon or capture the women, the Thompsons would use that as an excuse to attack the Spears to weaken their influence in the southern region.

Naturally, he did not know that Roanne was the one who proposed to move in with Leon. Still, Angus did agree to her request out of the consideration of hindering the Southern Boss and preventing him from attacking Leon.

"Dad, Grand Apostle is right. Now is not the time for us to declare war against the Thompsons! You have to think this through!" Rodney said.

He knew that as the head of all families, the Thompsons were even more powerful than the Spears and if they enraged the Thompsons by killing Leon, the Spears were destined to fail.

Even if they succeeded in eliminating Leon, they would not be able to obtain Cynthion Group and would have risked everything over nothing.

"Damn the Thompsons! They asked for it! If they insist on protecting Leon, I won't hold back any longer!" The Southern Boss scoffed and narrowed his eyes maliciously.

He gave up on sending the Fourth Guardian after Leon and turned to Grand Apostle decisively. "Grand Apostle, the Head Guardian, the two of you are coming with me to the Hiltons!"

"Dad, why are you going to see the Hiltons?" Rodney asked, only to realize what the Southern Boss was plotting shortly after.

"I'm going to meet with Elder Hilton! He wanted to ally with me to take Leon down, but I refused him. Now, I've changed my mind and I've decided to work together with the Hiltons to get rid of Leon and the Thompsons! With our joined forces, the Thompsons won't be able to rival us!" The Southern Boss said coldly.

Since the Thompsons used Roanne as an inhibitor to stop the Southern Boss from hurting Leon, the Southern Boss knew that he needed to get rid of the Thompsons if he

wished to kill Leon, or he would not gain anything from Leon's death.

The Thompsons were far too powerful for the Spears to take down on their own, so the Southern Boss intended to work with the Hiltons to put pressure on the Thompsons.

It would be ideal if the Thompsons knew what was best for them and backed away, but if the Thompsons insisted on protecting Leon, the Spears, and the Hiltons would destroy the Thompsons to teach the Thompsons what it was like to cross the Southern Boss.
