

The Ex-Husband's Revenge By Dragonsky

Chapter 2219

Chapter 2219

Meanwhile, in the Hiltons Mansion, the Southern Boss arrived with Grand Apostle and the Head Guardian to meet with Devon in the living room.

Joel was seen next to Devon and after a brief exchange of pleasantries, they each took their seats.

"Southern Boss, what brought you here?" Devon asked.

"Elder Hilton, I thought through your proposal about allying a few days ago! Leon's far too capable and has the Thompsons to back him up, so the Spears can't get rid of him on their own! I've come to join forces with the Hiltons to go up against Leon and the Thompsons," The Southern Boss explained.

"The Thompsons, too? Southern Boss, our common enemy is Leon. All we need to do is take him down! There's no point in getting the Thompsons involved!" Devon said.

Though he invited the Southern Boss to ally with the Hiltons, Devon's main purpose was to get rid of Leon.

The Thompsons were extremely influential as the head of all families, so there seemed to be no reason at all for them to target the Thompsons, or they would face tremendous loss even if the Hiltons joined forces with the Southern Boss.

"Elder Hilton, you may not know this, but the Thompsons have sent Roanne Thompson to move in with Leon to protect him! If we want to get rid of Leon, we'll have to get

rid of the Thompsons first," the Southern Boss said.

"What?! The Thompsons are a respected family, and they sent their eldest unwed daughter to live with a man who has a girlfriend. Have you gone insane?" Devon gaped.

Like the Southern Boss, he instantly knew that the Thompsons did so to protect Leon, Iris, and the others. However, each move Roanne made represented the Thompsons, and Leon was a womanizer as he was surrounded by women apart from Iris.

Since Roanne moved in with them, she would soon find herself swarmed by rumors questioning her honor.

Devon simply could not understand why the Thompsons would do something so foolish.

"Yeah! The Thompsons have sacrificed the honor of Roanne to protect Leon! There is nothing they won't do! In any case, let's just try pressuring the Thompsons into moving Roanne out of Leon's house for now! If they refuse, we will wage war against them and make them pay for their arrogance!" The Southern Boss said.

He felt the same as Devon and did not wish to declare war against the Thompsons unless it was necessary.

However, if the Thompsons were determined to protect Leon, the Southern Boss would have no choice but to attack the Thompsons in the hope of obtaining the Cynthion Group.
