### The Ex-Husband's Revenge Chapter 361

"N-nothing..." Janice blushed a little, not daring to face Leon.

Back then, she would occasionally be quite close to Leon, but she never felt anything wrong about it.

At that moment, her mother, cousin, and everyone else tried to get her together with Leon. She could not help but feel a bit different.

Leon sat so close to her. She could even feel the strong sense of manliness coming from Leon.

It caused her heart to beat erratically.

"Leon, we were just talking about you," Leanne said.

Even though she said so many nasty things about Leon earlier, Leon did not seem to have taken them to heart. He did not seem to have any intentions of pursuing the matter.

It caused her to feel much calmer. At the same time, she approved of Leon's character even more. She started to feel like a mother-in-law looking at her son-in-law.

Leanne was quite unhappy as she spoke.

"Yes, your mother's right. Leon is quite a good man," Horace nodded, approving of Leon.

Leon was powerful, but he was not arrogant like Theodore. Instead, he was humble and well-mannered.

That was a good man who was worthy of his daughter's future!

"Mom, dad, can you please change the topic?" Janice's head hurt.

After coming back from the hotel, her mother was in her face the whole time, causing her a lot of grief.

"What kind of attitude is this?! You just refuse to listen no matter what I say, are you trying to frustrate me to death?" Leanne said angrily.

"Whatever, I'm going to take a walk in the park," Janice could not stand her mother at that moment and found an excuse to go out to calm down.

She was pushed too hard by her mother, and her thoughts were affected somewhat.

Horace was stunned. He knew that there was no way his wife lied, and he started to get anxious as well.

“No matter who did it, let’s hurry up and report this to the police!” Leanne hurriedly took out her phone and prepared to call the police.

“No, we can’t tell the police!” Horace stopped Leanne in panic.

“Why can’t we call the police? Your daughter’s already been kidnapped. It gets more dangerous every minute. Are you just going to let your daughter suffer and not do anything?” Leanne was furious. She almost slapped Horace in the face.

“Leanne, calm down!”

“If the other side is some violent thugs, then Janice will be in even more danger if we call the police and scare them!” Horace hurriedly explained.

He was a man in the end and was calmer than Leanne at the moment. He thought things through even more.

In his heart, Janice's position was second only to Iris's!

If Janice was in danger, there was no way he could allow  
Janice to get hurt, no matter the price he had to pay!

After hanging up, Leon had a dark look on his face. Iris could not help but ask, "Leon, did something happen?"

"One of my best friends just got kidnapped," Leon said angrily before he explained everything.

After that, he took a deep breath to try and calm himself down, "Iris, I need the Youngs to help me with this. I hope you can use your connections to help me look for those thugs."

"Alright, it's not a problem. I'll make the arrangements," Iris nodded before she left with Louisa.

"I don't mind if you want to play around a bit, but you'd better clean up after yourself. Don't leave any evidence. If the police are alerted, it won't do us any good!" Xander did not forget to say.

They lived in a lawful society, and the internet and media were incredibly quick to expose anything. Even the four great families and the two kings were not able to stop everything!

There was no way Xander and Brody could either!

If Brody ended up leaving any evidence because of his lust, then the results would be disastrous!

“Don’t worry, I’ve already thought of everything. There won’t be any evidence...”

Brody slapped his chest in guarantee before he told Xander his plan.

“Good idea! I won’t disturb you then. Go and enjoy yourself!” Xander laughed as he shot Brody a thumbs-up before he got up to leave the living room.

He never expected that Janice would be a virgin just like Marilyn.

Was that not just great for Brody?

It was obvious how excited he was!

“I’m not Leon’s girl...” Janice wanted to say that she was not Leon’s girlfriend.

Of course, if Janice was not willing to cooperate, and tried to cause trouble, he did not mind burying Janice

with Leon!

"Y-you're planning a murder!" Janice shouted.

Even though she did not know what Brody's plan was, she could tell what Brody meant.

If she was willing to be Brody's toy, Brody would think about sparing her life.

Otherwise, she would die with Leon!

"So what? So many people go missing and are never found. It's a common fixture in the news. Leon's just an orphan with nothing to his name. He's not even a regular person. Even if he dies, nothing will happen!" Brody smiled snidely.

"You..."

"Leon, where are you? Come save me..."

Janice felt hopeless. Her eyes were already red, and she sounded like she was going to sob.

At that hopeless juncture, the only person she thought about was Leon!

Even if she did not think that Leon was someone particularly powerful, Leon was incredibly good at fighting.

If Leon could appear, Leon would probably be able to protect her with his skills just like at the mall. He would not let her get hurt!

However, she knew that it was not realistic!

Leon probably did not even know she was kidnapped at that moment, so how could he manage to save her?

It was a pipe dream!

Suddenly, she felt even more hopeless. She felt like she was in complete despair!

Boom!

Right at that moment, a massive boom was heard. The door was kicked down by Leon!

“What is going on?” Brody was shocked. He turned to look and immediately saw a murderous looking Leon standing at the door the God of Death. He looked like he was shrouded in ice as the murderous aura around

him soared.

“L–Leon?” Brody was shocked. He felt terrified by Leon.

It was the first time he saw Leon look so terrifying!

“Get lost!”

Looking at what was happening in the room, Leon sent a kick right out.

Leon did not think that much about it.

He felt like Janice just reacted out of her control after being so scared.

It did not mean anything.

By the side, Brody managed to bear the pain in his chest and crawled up from the ground.

Even though he did not know how Leon found this place, he knew something very well. There was no way Leon would let him off easily!

While Leon was focused on Janice, he sneakily moved to the door. After that, he turned around and frantically ran away.

“Trying to run? It’s not that easy!” Leon snorted coldly. He put his jacket on Janice before he picked Janice up and quickly pursued Brody.

“Mister Long, save me...” Brody frantically ran as he cried out loudly.

"Yes, I trust you..." Feeling the warmth in Leon's hand, Janice let out a smile. A feeling of security surfaced in  
her heart.

"Brat, have you had enough?! I'll give you one chance. Let go of Mister Sullivan right now. Otherwise, don't blame me for being impolite!" Xander  
scoffed. With a wave of his hand, his subordinates immediately surrounded Leon and Janice.

Even though he did not know how Leon found his place, the fact that Leon barged into his den alone was  
suicide!

Only, Brody was in Leon's hands. He was afraid of making any reckless movements for the moment.

"If I let him go just because you asked me to, wouldn't that be embarrassing?!" Leon smiled.

Xander's expression sank, "What do you want, then?"
