The Ex-Husband's Revenge Chapter 50

"No... Doctor Hoover, I can explain. The medicine that I've been selling to my patients is beneficial. They're not harmful..." Bowden panicked and tried to explain, but then again, none of his explanations held any water! After all, a person of high status like Leon would have no reason to make false accusations against someone insignificant like him.

"I don't want to hear any of it! You're fired, effective immediately! Get out, Bowden!"

Edward slapped the table angrily.

"No... Doctor Hoover, please give me another chance..." Bowden wailed and begged as he crawled to Edward's feet.

"Get lost! Security, kick him out of the building, please!"

Edward kicked Bowden away. With a wave of his hand, the security guards grabbed Bowden fiercely and dragged him out!

"Wonderful!"

"Indeed!"

"Unethical vermin like him deserve this! It's so satisfying to see his downfall!"

The other two patients in the ward clapped their hands.
