The Ex-Husband's Revenge Chapter 531

The fact that Quinton managed to do that at his age put him firmly at the top place among the youths of Seacove City!

Even though Francis experienced quite a lot in his years, he could not help but feel emotional. He was proud of his grandson!

"Marcus, I already told you before this. I just became a Supreme Master not too long ago. I can't control my strength very well. I accidentally injured you this time, please don't blame me," Quinton looked at Marcus and let out an apologetic smile.

"You-" Marcus's face soured, but he could say nothing.

After all, he was the one who suggested the match. Quinton already warned him about it. He was forced to just swallow the fact that he was in this predicament!

Even though they were at Seacove City and not Springfield, the Energy Nurturing Pills from Cythion were still incredibly famous. He heard of it before and knew

how important those pills were to a martial artist's

training.

Whether it was in terms of market value or potential, the Energy Nurturing Pills were something that could

not be replaced!

“Grandfather, I represented the Hunts and already made an agreement with them for the Energy Nurturing Pills. In the future, we’ll get the rights to distribute Energy Nurturing Pills in Seacove City when they expand here!” Marcus shared the good news.

“Really? That’s amazing!” Francis was elated.

He slouched like an old man earlier, but he immediately straightened his back. Suddenly, he seemed like a different person.

Anyone who controlled the Energy Nurturing Pills controlled the lives of martial artists. It was massive!

“It’s just that we already have a prior arrangement. I’m afraid we can’t accept your invitation. Please forgive us,” Leon smiled apologetically.

“That’s right, the two of us already have an appointment,” Cynthia nodded and said.

She agreed with Sandra last night to meet with Sandra in the afternoon to talk about working together on the Beauty pills and the like. She would not miss out on her appointments.

“That” Francis frowned, finding himself in a difficult spot.

“Grandfather, since Mister Wolf and Miss Shear are busy in the afternoon, why don’t we make it dinner instead? When they have time later tonight, we can invite them over,” Quinton suggested.

“Of course, we can make it a dinner instead! Mister Wolf, Miss Shear, are you free tonight?” Francis asked.

“We should be free tonight,” Leon answered.

“Mister Doyle, hello. We’re very happy to meet you.”

Leon and Cynthia both gave their greetings.

“Mister Wolf, Miss Shear, I’ve already prepared lunch. Please come with me, we can eat as we talk,” Charles said in a friendly manner. All of them followed him to the dining room.

The dining room was very luxuriously decorated. The table was already full of dishes.

“Mister Wolf, I’ve already heard about what happened last night from Sandra. It’s all thanks to you for being quick—

"Leon, could they be here for us?" Cynthia frowned, vaguely guessing the reason for Leonard's visit.

"Yes, it's possible. Come, let's go see what's happening as well," Leon said.

He was no idiot. He quickly sent Quinton a message before he walked out with Cynthia.

In the yard, Leonard had

a cast on his leg, and he had bandages all over his body. He looked to be in a bad

state.

Next to him was an imperious-looking young man.

"You're too much!" Sandra shouted angrily.

"Wretch, if we broke up, then we broke up. You don't have to say all of that nonsense, I already found out

that Leon and Cynthia are guests in your home right now. If you know what's good for you, then hand them over! Otherwise, don't blame me for what's going to happen!" Leonard sneered as he spoke.

"You despicable!" Sandra was furious.

“Alright, perfect! As long as the two of you give us the recipe
for the Energy Nurturing Pills as compensation for injuring Leonard, then I can forget about this! Otherw

He aimed for the recipe of the Energy Nurturing Pills. Only with that would he truly control the Energy N

“The police? Old man, don’t be shameless! Let me warn you. If the Doyles know their place, then step as

If he was not even afraid of the Dragon Corps, there was no way he would be worried about the police!

“You-” Charles was furious.

He knew that the Hines were a major family with a lot of influence in the area. As long as Ryan did not do anything as bad as murder, it was pointless to report it to the police.

“Mister Wolf, Miss Shear, you two are Ryan’s target. You should escape! As long as the two of you get a way safely, Ryan won’t do anything to us,” Charles whispered and said.

“My father’s right. Cynthia, you should leave with Leon first. You don’t have to care about us,” Sandra said.

“Cynthia, be careful!” Leon rushed behind Cynthia helplessly.

He was worried that anything would happen to Cynthia, so he followed closely behind her.

Cynthia already got to the intermediate Innate State with Leon’s help. Even though she was still a distance away from those like Harvey and Anson, she still had more than enough strength to deal with those guards!

In just a few moments, the first two guards were sent flying to the ground!

At the same time, Leon was not idle either. He was right next to Cynthia, knocking out guards with his punches. He looked unbeatable!

Ryan frowned as he looked at all of that.

He already knew that the guards would be no match for Leon. He merely wanted them to serve as cannon fodder so he could see Leon's true skills.

"Sir, there's something strange about this guy. Let me deal with him!" A subordinate behind Ryan said.

The man was a middle age man with a sharp glint in his eyes. He looked quite impressive and was quite strong.

"Yes, I'll leave him to you then. I'll go deal with Cynthia!" Ryan nodded before he went straight for Cynthia.

"Brat, die!" The middle-aged man scoffed as he charged forward, sending a fist at Leon.

"Supreme Master!" Leon's expression changed dramatically.
