### The Ex-Husband's Revenge Chapter 541

“What? The two of them are valued guests of the Hunts? How could this be?!” Ryan was shocked. His face was full of disbelief.

He found out from Leonard that it was Leon and Cynthia's first time in Seacove City. They had no connections or power here at all.

He could not understand how Leon and Cynthia suddenly became valued guests for the Hunts!

It shocked him to the core.

Sandra and Charles were shocked as well. The two of them would never even have dreamed that Quinton was there to help Leon and Cynthia!

Sandra was particularly shocked. She knew of Cynthia and Leon's circumstances better than anyone. She could not understand when Leon and Cynthia could have formed a connection with one of the three great families in the Hunts!

That was unbelievable!

“Kneel and apologize? Impossible!”

“Quinton, the Hunts might be one of the three great families, but the Hines are no slouches either! You’d better know where to stop. Don’t cross the line!” Ryan’s face turned cold.

The Hines were one of the more powerful families in Seacove City. In terms of power and ability, they were lower than the Hunts, but the difference was not that big.

He could admit defeat to Quinton, but he would not get down on his knees!

“I insist on crossing the line, what can you do about it?! Mister Wolf and Miss Shear are both from Springfield City. They don’t have power in Seacove City. You tried to use the power of your family to try and push them down. Did you not think you were crossing the line then?!” Quinton sneered.

“Quinton, I can’t argue with you! However, I’ll let the matter end here for your sake. I’ll take my leave!” Quinton snorted before he turned around and prepared to leave.

“It won’t be that easy!” Quinton let out a cold laugh as he quickly dashed forward, blocking Ryan’s

how is this possible?! Weren’t you at the peak of Innate State? How did you suddenly become a Supreme Master?!” Ryan clutched his chest and looked at Quinton in shock.

A Supreme Master was the first big hurdle when it came to becoming a martial artist. It was incredibly difficult to get to that level.

Many of the youth that excelled within Seacove City all stopped at the peak Innate State. No one broke through to become a Supreme Master.

Yet, Quinton was able to beat everyone and be the first to get to that level. The shock Ryan felt was evident!

“There’s nothing impossible about it! I don’t mind telling you. I managed to break through because of Mister Wolf. He was the one who helped me become a Supreme Master!” Quinton had his hands behind his back as he said coldly.

“What? He’s able to help martial artists breakthrough? That-”

Ryan was completely shocked.

He suddenly regretted his actions. If he knew that Leon was capable of something so amazing, he would not have made an enemy of Leon. Instead, he would have tried his best to get closer to Leon.

Ryan forced down the humiliation in his heart as he knelt, apologizing.

“Get up! Mister Hines, unjust, is always doomed to destruction. I hope your family will take this to heart!” Leon said calmly.

He was not unreasonable. Ryan already knelt to apologize, so he did not need to be petty about it.

As for Cynthia, she might still be unhappy, but she always followed what Leon wanted. Since Leon spoke up, she would not disagree.

Just as Leonard was about to catch Cynthia, Leon already arrived. He used his spiritual energy to defend against Leonard’s attack before he let out a backhanded blow, sending Leonard flying.

“Die!”

At the same time, Quinton followed closely behind. There was a sharp glint in his eyes as he kicked Leonard’s Energy Sea Point viciously.

“Ah!”

Leonard let out a wail of anguish. His face was completely pale. All of his martial arts were just crippled by Leonard.

After that, Sandra pulled Cynthia aside to exchange a few words before Cynthia left with Leon and Quint on.

With the Hunts, they organized a dinner party to welcome Leon and Cynthia.

The dinner party was incredibly grand. Many of the elders and core figures of the Hunts were in attendance. There were a total of five large tables.

Since Francis was so intent on inviting them, Leon and Cynthia had a hard time refusing. They sat on the main table as honored guests.

“Everyone, quiet down for a moment! I gathered everyone here today both to welcome Mister Wolf and Miss Shear of the Cythion Group and to announce something very important!” Francis stood up, and his voice was powerful as he spoke to everyone.

Everyone immediately went quiet. All of them looked at Francis curiously, wondering what Francis was about to announce.

line to inherit the family anyway. He was excellent in both martial arts and various other abilities. It was already a sure thing that he would be the head of the family in the future.

Most of the people in attendance supported Francis's decision!

Only Cadence and Marcus had sour looks on their faces. They were unhappy about it, but Francis already made a decision. There were quite a few people who supported Quinton as well, so there was nothing the two of them could do.

"Good, very good. Not only did we get the cooperation of Cythion Group today, we even solidified our new temporary head of the family. It's worth celebrating! Mister Wolf and Miss Shear are rarely joining us today. Let us all give them a toast, and have them act as a witness for our family!" Francis laughed as he raised his glass.

Francis was the head of one of the three great families of Seacove City. His position was no lower than Benedict's back in Springfield City.

He was representing the family in giving a toast, so Leon and Cynthia were a bit shocked. They hurriedly stood up.

"Elder Hunt, you're too kind," Leon raised a glass, and Cynthia did as well.

However, it was different from Cynthia. She always had a sheltered life. Other

her life was always smooth.

She went through a lot in Seacove City in just a  
few days. It was very exciting. It made her excited just thinking about it.

More importantly, she was with Leon every day, and she felt incredibly happy and content.

She hoped that the happiness she felt could go on forever!

At Shear Mansion in Springfield City, Harvey immediately rushed back home when he heard that Leon and Cynthia were back from Seacove City.

He ran into the two of them in the living room.

Just as Leon was lamenting the waste, Harvey’s eyes lit up. He said excitedly, “Mister Wolf, are these the Pure Energy Pills that can help me become a Supreme Master?”

“No, these are different pills. Not Pure Energy Pills,” Leon shook his head.

“They’re not Pure Energy Pills!”

Harvey was very disappointed. He suddenly felt much more deflated.

“Mister Shear, don’t worry, I’ll be making them next!” Leon smiled and consoled Harvey. After that, he took out a white bottle to store the pills.

Those Foundation Pills were even more valuable than Pure Energy Pills. Even if he did not need so many for himself, he could not just waste them like that.

He might need to use them in the future!

After that, Leon cleaned up the furnace, throwing the remnants out before he started making the Pure Energy Pills.

Right at that moment, they heard a resounding laugh as Benedict walked up the mountain.

"Grandfather, why are you here?"

Cynthia looked happy as the three of them walked over.

"Oh, I heard that you and Leon were already back from Seacove City and that you were at the mountaintop. I guessed that you were probably making pills, so I came to check out the situation," Benedict said with a

smile.

"Grandfather, you came at the perfect moment. Leon already managed to make the Pure Energy Pills. I plan on using the Pure Energy Pills to push the next sales drive," Cynthia voiced out her thoughts, wanting her grandfather's support.

"That's a good idea!" Benedict was quite surprised. He nodded with praise.
