### **The Ex-Husband's Revenge Chapter 661**

"Iris, the Northern King is right. No matter how you look at it, Jacob is the best choice!" Gilbert hurriedly said.

The four great families were always competitors. None of them ever regarded the other highly, so there were never any marriages between them.

Other than the four great families, the strongest forces in Springfield City were the two Kings. The Northern King was even stronger than the Southern King!

Both Theodore and Anson were known playboys as well. They were not very reliable.

However, Jacob was different. He never had a bad reputation, and he was seen as a better man than Theodore and Jacob.

Elder Young tried very hard to convince Iris.

"That's right! Iris, both your grandfather and I just want the best for me!" Gilbert nodded.

"The best for me? That's what you always say! If you did want the best for me, Leon and I wouldn't be in this state!" Iris started to cry from her frustration. Her tears constantly flowed out..

At that moment, all the sadness she suppressed in her heart exploded!

“You had no evidence back then, but you forcibly split me and Leon apart! Now, for the sake of the family, you’re planning on sacrificing me, giving me to a man I don’t love! Have you ever thought about how I feel?”

“Leon, why don’t you try this suit on?” Snow had a glint in her eyes as she took out a blue suit for Leon.

“Aren’t you here to buy clothes? Why are you making me try on something for a man? Are you planning on buying something for Fane?” Leon was surprised. He thought that Snow probably asked him to try it on because she wanted to buy it for Fane.

“No, I’m planning on buying something for you!” Snow said.

“Buying something for me? Why would you do that for no reason?” Leon was shocked.

“You helped me teach Jacob a lesson, then you saved my mother. I plan on buying a few clothes to thank you,

With how suddenly Leopard called him, he thought it was because Lily’s family was in trouble!

“No, it’s a personal problem,” Leopard said apprehensively.

Even though Leon and Leopard already resolved their problems, the two of them were not that friendly with each other. He did not know if Leon would help him, so he was not confident at all.

“Oh, alright. Let me know your location. I’ll go over right now.”

Leon was much more relaxed when he found out that it was not Lily’s family.

Of course, since Leopard agreed to look after Lily’s family, he had no reason to refuse this request. He planned on going over to see what the matter was.

“Thank you, Mister Wolf,”

Leopard was elated as he gave Leon the address.

After hanging up, Leon said to Snow, “Snow, I have something I need to get done right now. Why don’t I send you home?”

She was the daughter of the Southern King. She knew very well how the power in the underworld was

distributed. Mistcloud Mountain’s area was more secluded

in Springfield City. The ones who were there were usually insignificant.

With who she was, she would naturally look down on such a person!

If it was not because of Leon, she would never even have spared Leopard a glance!

Leopard felt a bit awkward at Snow’s attitude, but she did not dare to voice any displeasure since Snow was

with Leon.

“Mister Wolf, I’ve already prepared a feast inside. Please, follow me.”

Leopard motioned for them to go inside.

“Everyone in the underworld knows that the two Kings are on opposing sides. Since your rival joined the Laughing Tiger and the Northern King, you can join the Southern King and ask him for help. Wouldn’t that fix things? Why would you need to go all the way to the Youngs?!” Snow rolled her eyes and said.

Her looks were incredibly stunning, and she was incredibly sexy as well.

Just that eye-rolls was incredibly seductive.

Leopard and his subordinates could feel their hearts racing just from that, completely defeated by Snow’s

beauty.

In the end, Leopard's will was a bit stronger. He was the first to snap back to reality, "Join the Southern King? Miss Poole, you're thinking about things too simply. The Southern King is one of the great figures in the underworld. He stands at the top of Springfield City! I'm just an insignificant figure in the underworld. Even if I wanted to join someone like him, there's no way he would even bother with me," Leopard smiled bitterly.

"Even if the two of us work together, we won't be able to beat them!" Leopard was more and more concerned. as he spoke.

He fought Leon before and knew that Leon was just a bit stronger than him. Leon should not even be at the peak Acquired State.

Leon's skills would not be useful at all!

Chip even had the Laughing Tiger behind him. If Leon got involved, it would just be sending Leon to an early grave!

"A peak Acquired State expert?" Leon and Snow exchanged a look, and they could not resist laughing.

After what happened at Cynthion Group's sales drive, Leon was already recognized as the strongest among the younger generation of Springfield City. He was already at a terrifying advanced Supreme Master level!

Even peak Innate State experts would be killed with just one blow from Leon!

After all, he owed Leon a great deal. He could not drag Leon down with him!

"Chimp, Mister Wolf, and Miss Snow here aren't part of the underworld. They have nothing to do with this, they're innocent. I hope you'll be honorable and let them leave!" Leopard said.

Hiss!

As he looked toward where Leopard was pointing, Chimp quickly saw how beautiful Snow was. He hissed and widened his eyes.

"How beautiful!"

Chimp gulped as he stared right at Snow's beautiful face and sexy body. He suddenly had a fire in his eyes as he continued to fix his gaze on Snow.

His subordinates were the same. All of them were completely captivated by Snow's looks.

"Brat, who are you calling nothing? Do you want to die?!" Chimp was furious as a murderous glint appeared

in his eyes.

Hunter's expression was dark as well. With his strength, he was a king in the area around Mistcloud Mountain!

Leon dared to call him nothing. There was no way he could just swallow that!

"Chimp, you seal the exit. Leave those two to me!" Hunter said coldly as he stepped forward.

"Alright! Hunter, you're much stronger than I am. With your help, that brat and Leopard will die!" Chimp said happily.

Leon said that Leon would help him solve all the problems, but he thought that Leon was just bragging.

Yet, when he saw Leon's skills, he finally realized that Leon was speaking the truth!

"H-how is this possible?!" Hunter  
clutched his injured hand as he struggled to get up. His expression was incredibly dark.

The fact that he was at the peak Acquired State meant that Leon was at least an initial Innate State since  
Leon defeated him in one blow!

He could not understand how an expert like that appeared in such a place!

Chimp's thoughts were more or less the same.
