The Ex-Husband's Revenge Chapter 741

"Yes, I'll definitely make sure to pay for everything." Javner was elated. He breathed a sigh of relief. After that, worried that Leon would regret it, he scrambled up and hurriedly left with his men.

After Javner disappeared, Janice said, "Leon, let's go!"

"Yes, alright," Leon nodded.

After that, he bid his farewells to Jenson. "Mister Wick, I have some things to do. I'll take my leave now."

"Mister Wolf, wait a moment."

Jenson hesitated for a moment. After that, he seemed to make a decision as he pulled Leon to the side.

Under Snow's careful guidance, he quickly learned how to drive her car in under a day, and he was getting more and more familiar with it. Snow just needed to get someone to get him a license, and he would be able to drive a car. However, he actually preferred motorcycles more. It was probably because he was already used to it, but he felt like bikes

offered a lot more freedom. But a driver's license was absolutely necessary in

modern society. It would be useful when needed, so it was better to have it than not.

On Monday, Janice and Ava arrived at Cynthion group as they had agreed to. Leon happened to need an assistant. After that, he arranged for Janice to be the chairman's assistant so he could properly bring Janice

Harold let out a smile as he spoke.

"Northern King, thank you for the offer, it's just that Iris won't agree to this no matter what. There's no point forcing things when it's impossible. I feel that we should forget about this since Iris isn't willing!" Elder Young sighed, once again rejecting Harold's proposal.

"Alright then. Since that's the case, I guess Jacob just isn't that lucky! However, we can put the marriage aside. When it comes to the two families dealing with Leon, I hope you can agree to it!" Harold said right away.

"However, you know that Leon has saved my life before. I can't help you deal with him head on. That's my only request!" Elder Young said firmly.

"Alright, not a problem." Harold nodded, but he had a cold smile in his mind. He knew very well that the three forces behind Leon were not to be trifled with. Even if the four families worked together, it would not be easy to get rid of Leon and topple the Shears. There was no side unharmed when it came to war. Whether it was a martial fight or a business one, as long as there was conflict between the two sides, all of them would

suffer.

However, Elder Young said that he did not want to fight Leon head on. Elder Young was just trying to use the Lowes, Fields and Collins as cannon fodder so the Youngs could benefit in the end. Harold was too smart to not see through Elder Young's thoughts. In the end, Elder Young talked a lot about being honorable, but the honor was just a front for his own calculations.

Of course, the relationships between the major families had always been filled with hypocrisy and lies. To them, there were no eternal friends. All that mattered were the profits,

Harold was incredibly furious as he spoke. In truth, Gilbert and Daisy had been in a political marriage. Gilbert never knew about Daisy and Harold's relationship the whole time, so he had definitely not forcibly broken them up. However, Harold did not see it that way. He had pinned all the blame on Gilbert and the Youngs. Stealing one's lover was a crime that could never be accepted. It was obvious how much he hated the Youngs.

"So you were already aiming for us the whole time!"

Elder Young finally realized it. After that, his face darkened as he said, "If that's the case, then why didn't you just attack me earlier? Why would you discuss things about Leon with me first?"

"Firstly, I just wanted to lower your guard so I would have an easier time. Secondly, Leon's my enemy as well. I really wanted to use the Youngs' power to get rid of him!"

Elder Young let out a sneer. Before he even finished speaking, he made his move. He summoned an impressive wave of power as he attacked Harold, wanting to deal with Harold in one blow while Harold was distracted.

“What? Intermediate Overlord State?!” Harold’s expression changed.

However, he was still an Overlord State expert. He quickly reacted as he grabbed Daisy’s arm and rapidly retreated with Daisy. He managed to avoid Elder Young’s thunderous blow. The moment Elder Young missed, he launched another attack at Harold.

Harold had already shown all his cards, and Elder Young was confident that he would be able to deal with Harold with the next blow. Yet, he never expected the energy in his body to suddenly disperse. In one moment, even the power and speed of his attack diminished a great deal.

On a strike, facing Elder Young’s attack head on. Elder Young was sent flying back, staggering a few steps backwards as he spat out

However, muscle relaxants were different. Muscle relaxant was not poisonous. It was tasteless and colorless as well, so there was no way to be on guard against it. No matter how strong Elder Young was, it would be hard for Elder Young to notice it. On top of that, he had pulled off a sneak attack. With both those conditions, Elder Young was severely at a disadvantage!

“You... despicable!” Elder Young was furious.

Before that, he had been wondering why Harold did not continue attacking him after the sneak attack, and had given him time to recover instead. So Harold had been deliberately stalling for time, wanting the muscle relaxants to be even more effective. The fact was Harold was incredibly cunning was something well-

known in the underworld. It seemed like Harold was much more ruthless and despicable than Elder Young had thought.

“Harold, so what if you’re cunning? This is still our base in the end. We have experts everywhere! As long as I let out a shout and alert the family, you won’t be able to stand against all of our experts, no matter how strong you are!”

laughing at?!” Elder Young coldly looked at Harold with murderous intent in his eyes. Even though Daisy had harmed him even more this time, Daisy was still his daughter—in–

law and the mother of his grandson. From the perspective of his family, he hated Harold even more. He felt like Harold had just used sweet words to seduce Daisy.

However, he suddenly remembered something important. After that, he pushed his anger down.

"Harold, if I'm not mistaken, Iris getting kidnapped and almost losing her life was probably done by you and Daisy!"

Elder Young had a look of realization on his face. He knew that Harold was in no hurry to attack, and was deliberately stalling for time. He knew that the longer things went, the worse it would be for him. However, dying was one thing. He needed to figure out the truth before he did. Otherwise, he would not be able to die a peaceful death.
