Iris was incredibly frustrated.

She was adamantly refusing to sell Elegante, not just for herself. She was also leaving a contingency behind for the Youngs!

"That..."

Hearing Iris' reasoning, Gilbert and the others were speechless.

They knew that Iris was right. Leaving Elegante Group behind would definitely benefit the Youngs.

Yet, surely they could not leave Elegante behind and abandon the Young Group?

They were suddenly caught in a difficult position, not knowing what to do!

That had been their dream for many years!

"No! I already told you. I won't agree to marry Jacob. Grandfather already agreed to this and already rejected the proposal a few days ago!" Iris said angrily!

She never expected Daisy to be so sinister, first wanting to get her to sell Elegante, then turning around and planning on making her marry Jacob right after that!

It was despicable!

“That was then, and this is now! The elder handled everything in the family before this, but now that he’s ill, your father makes all the decisions!” Daisy sneered.

“Yes, Daisy is right! Gilbert, times are different now. The Youngs are in a bad situation. If we get a marriage alliance with the Lowes, it’ll be nothing but good for the family!”

Looking at Iris slowly disappearing, Daley let out a pleased smile.

The next day was a Saturday, so it was the weekend.

In the morning, Leon suddenly got a call from Ariel saying that she had something, very important to talk to Idus about. After that, she invited him to meet at a high-end cafe in the suburbs.

At Star Cafe, Leon had hurried over on his motorcycle. Right as he stopped his motorcycle, the door of a red Maserati next to him suddenly opened, almost knocking him over.

Right after that, a fashionable, beautiful woman with a nice figure walked out of the car with a snide expression

“Idiot, watch where you’re going! Do you even know how to park? Do you think you can afford the repairs if

you hit me?” The young woman barked at Leon, looking at the motorcycle Leon was riding in disdain.

Leon was shocked as she suddenly recalled Ariel’s beautiful looks.

Iris suddenly announced that she was going to sell Elegante for some reason.

Ariel looked incredibly worried.

“I know it’s a bad choice too...”

“I tried to advise her so many times yesterday, but she didn’t want to listen. She insisted on selling Elegante. Nothing I said worked...”

Ariel looked very frustrated.

“That...” Leon’s mood sank.

He knew that the Young Group had fallen to that level mainly because Elder Young had fallen ill.

Yet, Iris would rather sell Elegante than ask him to cure Elder Young.

It was obvious how he would feel!

“Leon, even though you’ve already broken up with Iris, you were still her boyfriend before. The two of you had feelings for each other. I hope you can give Iris some advice. Maybe she’ll change her mind!” Ariel revealed the reason she came over, hopefully.

“It’s possible, I plan on buying Elegante!” Leon said after some hesitation.

Even though he acted like he did not care about Iris, he was actually still very concerned for her.

Since Iris was unwilling to see him, he would have to figure out a way to buy Elegante Group to help Iris in

That was the only thing he could do for the woman he loved at that moment!

No matter how Iris and the Youngs treated him before, he just wanted to ensure he had no regrets!

“What? Don’t joke around! Elegante’s market price can go as high as 650 million. How could you get the money to do that?” Ariel was shocked, not believing her ears,

“That... I can’t give you a clear answer right now, but I’ll do my best!” Leon said somewhat awkwardly.

Cynthion Group's market value at that moment was between 650 to 780 million, but it was shared between him and Cynthia. Even if he sold all his shares, he would not be able to buy Elegante!

He would need to discuss things with Cynthia before he could make a decision!

The employee paled, not knowing what to do.

"That's your own problem! I don't care how you do it, but you have to pay me back for my losses today. I won't accept anything less!" the arrogant woman said.

"But, you were the one who bumped into me, you can't completely blame me..." The employee was in such a panic that she almost cried.

“You’re still trying to twist the truth?!” The arrogant woman was furious as she sent another slap over.

Leon was completely stunned at everything that was happening. Before he could even do anything, a figure walked past him. Ariel had already started to walk over.

Ever since she got to know Leon, the both of them had gone through a lot. She knew that Leon’s martial arts were quite good. He was her favorite type of man, a strong hero.

With Leon by her side, she felt a sense of security.

“Brat, who are you? Let me go!” Wilfred looked at Leon in shock and anger. After that, he pulled his arm back, trying to escape Leon’s grasp.

However, Leon’s grip was very strong. It felt like Leon was going to shatter his arm. No matter how hard he pulled, he could not escape Leon’s grasp!

“It’s you!”

The arrogant woman got up from the ground, immediately recognizing Leon.

“Maisie, you know this guy? Who is he?” Wilfred was surprised. He looked at Leon before looking at the woman with uncertainty.

“I don’t know him! He’s just an idiot who rides a motorcycle. He almost ran into me outside the cafe!” Maisie said in disdain.

“That’s not necessarily true! We’ll know who’s in the wrong after looking at the CCTV footage!” Leon pointed at the cameras on top, unhappy with how the owner was doing things as well.

Maisie’s expression suddenly darkened.

Grover obviously knew what to do in that situation. It was obvious that Maisie had probably knocked over

Shirley.

However, Wilfred and Maisie were not people she could offend. He quickly made a decision!

“The camera is broken. We can’t look at the footage!” Grover waved it off and said impatiently.

“Is that so? It really broke at such a perfect moment!” Ariel scoffed.

“Stop wasting time! Where are the guards? Catch those three! They’re all working together. That wretch even slapped me just now. Make sure you all teach the three of them a lesson. Beat them up until I’m satisfied!”

“Brat, do you know who Young Master Javner is? He’s the heir of Acme Corp! How dare a piece of trash like you try and go against him?!” Grover finally reacted as well.

Suddenly everyone started to talk amongst one another, “So that person is the heir of Acme Corp! Acme Corp is one of the biggest companies among the second-tier families of Springfield City. They are rich and powerful. They’re not someone anyone can offend!”

“That’s right. This guy actually offended Wilfred. He’s done for...”

Everyone talked amongst themselves, and quite a few of them shot Leon looks of pity and sympathy.

There were also a lot of them who were thankful that they did not rush forward earlier. Otherwise, they would not have been able to do anything against Wilfred!

As he said that, Wilfred took out his phone to make some calls.

“Crap...”

Ariel’s expression changed at the sight.

Acme Group was quite famous in the business world. She had heard of them before and knew that they were not to be messed with.

Even though her family was a noted family of craftsmen, their fortunes were incredibly minuscule compared to the Acme Group.

As for Leon. She knew that Leon knew martial arts, but she also knew that Leon was just an orphan with out anything.

Neither she nor Leon had the ability to clash against Acme Corp!

“Leon, let’s leave!” Ariel pulled at Leon’s arm, wanting to leave before Wilfred’s men arrived. That way, they might be able to avoid Wilfred’s revenge.

“Why would we leave?”

Leon found it strange.
