

A Man Like None Other Novel

Chapter 3001

“Whether you will be killed by someone, you won’t be able to see...”

After Jin Sha finished speaking, he immediately walked towards Ning Caichen!

The others also fought together in an instant, and the five elements of the Five Elements Tiansha directly followed many monks to fight together!

However, the Five Elements Heavenly Demon is very powerful, and many casual cultivators were beheaded after just meeting each other, without the ability to fight back at all!

All of a sudden, all kinds of treasures and magic weapons flew across, and all kinds of magical weapons kept making noises!

The old man watched the fight in front of him in mid-air, his face full of enjoyment!

Whenever a monk dies, there will be a white light rising into the air!

Ning Caichen was fighting with Jin Sha right now, he knew that he had to use all his strength, or he would die here soon!

Ning Caichen’s eyes flashed fiercely, and he bit the tip of his tongue!

A mouthful of blood sprayed on the long sword in his hand, and with a slight shake of the long sword, a red sword light burst out instantly!

"Tianling Zhan..."

Ning Caichen shouted loudly, driving the long sword, and went straight to Jinsha!

"Hmph, you forgot what I am, dare to play swords in front of me?"

Jin Sha snorted coldly, his eyes full of disdain!

He practiced metal skills, and he has a natural ability to restrain weapons such as swords!

With a push of Jin Sha's palm, a golden shield appeared in front of him instantly!

This shield directly blocked Ning Caichen's sword!

Boom...

There was a violent collision sound, Ning Caichen's body took a few steps back, Jin Sha was not much better, and he also took a few steps back to stabilize his figure!

However, the sword in Ning Caichen's hand was cracked unexpectedly by this blow!

Then, under Ning Caichen's shocked eyes, the sword broke inch by inch, leaving only the hilt in Ning Caichen's hand in an instant!

Ning Caichen was shocked, this is the ancestral sword of their Ning family!

But under this blow, it was directly destroyed!

Just looking at this sword, one can tell that the Ning family is not a wealthy family, and the ancestral sword is so vulnerable!

“Hahaha, if you are so vulnerable, then go to hell...”

Jin Sha laughed loudly, and went straight to Ning Caichen!

But when Jin Sha attacked Ning Caichen, the world suddenly trembled, and the scene in front of him changed suddenly!

Mountains, rivers, lakes, seas...

All the scenes are constantly passing by before Jin Sha's eyes, and even the seasons are changing rapidly throughout the year!

Jin Sha was taken aback for a moment, and he was a little confused!

Even the old man felt that the scene in front of him had changed at this moment. David and his monks were all gone!

The same goes for other monks, they only felt the scene in front of them once, and then various scenes appeared, as if they were real!

Everyone is immersed and there is no more fighting!

This is the phantom formation set up by David, the huge source of phantom makes David's phantom formation seem real!

As a result, the Five Elements Heavenly Demon and the old man were all trapped in the phantom array!

David exuded divine consciousness, and hurriedly pulled Ji Yun and Ning Caichen out of the phantom array!

When Ning Caichen and the others were awake, they looked at the Five Elements Tiansha in front of them like a fool, chasing and running around, talking to themselves!

Even the old man's eyes were blurred at this time!

"What... what's going on here?" Ning Caichen was not in a hurry!

"You all fell into my illusion and were trapped inside."

David explained!

"Great, then let's take this opportunity to kill these people..."

Gao Qisheng was ecstatic in his heart, and he was about to do it!

"Don't move, my phantom formation is only temporarily trapping them. If you make a move, the breath will make the phantom formation unstable, and then it will be broken." "I have found the formation's eye

, As long as we attack the eye of the formation together, we can break through the barrier."

David hurriedly stopped Gao Qisheng!

When Gao Qisheng heard this, he was too scared to move!

Chapter 3002

David walked to a certain position on the barrier, then stretched out his hand and tapped on the barrier a few times, the barrier vibrated violently in an instant!

"That's right here, we have to attack the eye position together."

"Everyone, be quick, because my phantom formation can't trap them for long!"

David said anxiously to everyone!

When everyone heard this, they all nodded. Now David has unknowingly become the leader of everyone!

David took a few steps back, golden brilliance erupted from his whole body, and he swung out his Holy Light Fist, hitting the barrier with one punch!

Seeing this, the others rushed to attack with the strongest breath!

Nobody uses weapons, they know the barrier will bounce off weapon attacks!

All of a sudden, all the monks punched the barrier!

These people hit the same place!

Boom boom boom...

Everyone did not dare to relax in the slightest and tried their best!

Because this is life-saving, as long as the barrier is broken, they can escape!

Soon, some monks were a little exhausted because of the battle and the bombardment!

There are still many people with cold sweat on their foreheads and no spiritual power!

But David didn't change anything, and the golden fist wind kept bombarding him!

"Brother Chen, is this the formation hole? Why hasn't it been broken?"

Lao Sun was also out of breath, and asked David!

David didn't speak, but continued to punch and punch, because speaking would waste energy!

Seeing that David didn't speak, Old Sun could only grit his teeth and continue to bombard along with him!

Now everyone is almost at their limit, but out of their trust in David, they have been persevering!

But at this moment, David's phantom array was weakening, and the old man woke up from the phantom!

"It's such a powerful phantom formation that even the old man is trapped. It seems that the energy in the ice fragments that the old man transformed into has been sucked away by you." The old man looked at

David coldly and said!

He knew that David had set up the phantom formation, and it was because of David that these monks were able to escape from that strange force!

When David heard that the old man woke up from the illusion, cold sweat broke out on his forehead, and his eyes became serious!

David accelerated the rhythm of the bombardment, every punch was shaking the ground!

Watching David bombard the barrier, the old man frowned slightly, because the place where David bombarded was the eye of the formation!

"It seems that I have to kill you before I can calm down..."

The old man pointed casually, and a black mist suddenly turned into a sharp weapon, and went straight to David!

David didn't seem to see it, and was still facing the old man with his back, bombarding the barrier desperately with his hands!

"Mr. Chen..."

Seeing this, Ji Yun hurriedly reminded him, and wanted to help David stop him!

"Don't move, quickly bombard the barrier..."

David was not as rash as Ji Yun!

Seeing this, Ji Yun could only bombard the barrier with his fist again!

But when the sharp weapon reached David's back, golden light suddenly appeared from David's body, the indestructible golden body activated, and golden scales covered David's whole body!

The not bad golden body shone with light, and the golden light almost blinded everyone's eyes!

The sharp weapon directly hit David's Bubaijin body, and was instantly ejected, turning into a burst of black mist!

This sharp weapon was originally transformed by the black mist, and the old man did not expect that David, a small fourth-grade monk in the Composite Realm, and this kind of fairy-level armor body protection, could not hurt David!

"My boy, there are more and more miracles in your body. The little monk still has such treasures, but after you die, these things are mine..." The old man said with a cold smile

!

"I'm afraid you can't see the moment when I die, and you can't get my things!"

David stopped the bombardment, turned around, and looked at the old man with a playful face!

Chapter 3003

"What do you mean?"

The old man frowned slightly and asked!

"What do you think?" David smiled!

Ka...

Just a crisp sound, and a crack appeared on the barrier!

Everyone looked at the crack, and they were all stunned. They didn't expect that the barrier was really broken!

At first they thought there was no hope. After all, after bombing for so long, everyone was almost exhausted. Now that the old man is awake, none of them can escape!

But now, there is a crack in the barrier!

"Don't stand still, hurry up and continue the bombardment..."

Seeing this, Ning Caichen hurriedly called everyone to continue the bombardment!

This time, everyone worked even harder, even using their breastfeeding strength!

The crackling sound continued, and the cracks on the barrier became bigger and bigger!

With a cold face, the old man looked at David in disbelief, "I didn't expect that you, a mere fourth-grade monk in the Composite Realm, would find the eye of the formation, and join forces with so many people to destroy my formation!

"If I don't kill you today, wouldn't I lose face?" "

I said, you can't kill me..." After David finished speaking, his whole body turned into a golden light, and he suddenly hit the barrier. go!

Rumbling...

With a deafening sound, the barrier was smashed by David in an instant, and David's body rushed out!

Seeing this, the others fled out one after another!

Seeing this, the old man wanted to chase after him, but his body reached the border of the altar, so he stopped chasing him!

He is just a remnant soul, if he leaves here, his strength will be greatly reduced, and even if he catches up with David and the others, he may not be able to beat them!

Seeing that Jin Sha and the others were still immersed in the phantom formation, the old man waved his hand angrily, and the phantom formation was broken instantly!

Jin Sha and the others all looked around in bewilderment!

"What's going on, what's going on here?"

Several people shouted in confusion!

"You have fallen into a phantom formation, everyone has run away, go and chase after me immediately."

"It will benefit you all by chasing people back to me..."

the old man said to Jin Sha and the others!

"Senior, don't worry, we will definitely bring you back..."

Saying that, Jin Sha and the other five quickly chased him out!

"Brother Chen, thank you so much today, if it weren't for you, we would all have died here..."

After escaping for a while, Yuan Bao said gratefully to David!

"That's right, if it wasn't for Fellow Daoist Chen, we wouldn't know it was a trap!"

"Who is this place of treasure, it's obviously a trap!"

Everyone said with emotion!

If it wasn't for David to find out that it was a trap, see through the old man, and help them absorb the strange power of the shards of the ice soul, they would still be the turtles in the urn now!

"Although we have escaped from the altar, please don't be careless. We still have no way to completely escape from here." "

However, if we leave the altar, we will be relatively safe. If the old guy leaves the altar, his strength will decline."

David exhorted everyone!

"It's okay, I'll contact my friends outside, and then I'll find a way out."

Saying that, a monk took out a spell and threw it into the air!

Bang...

But the moment the spell was thrown, it exploded instantly!

"What... what's going on here? Can't the news pass through?" The monk was shocked!

"I can't pass it on. I've tried it just now, and even our family's spiritual consciousness sound transmission technique can't help!"

Ning Caichen spoke at this time!

It seems that he planned to contact the Ning family as soon as he escaped. After all, his son was killed by Wuxing Tiansha, so he must take revenge!

But with his current strength, there is no way to take revenge, he can only contact the family and send more people!

Chapter 3004

When Ning Caichen said this, the joy of everyone who had just escaped disappeared in an instant. Although they escaped from the altar, they don't know where they are now, let alone how to escape here!

"It is normal that there is no way to transmit sound in this place, because we have been in a huge illusion from the beginning to the end." "

From the moment we entered the cave, we have entered the illusion. The things here are true and false, It's hard for us to tell the difference."

David said!

"Illusion? If we are in an illusion, won't we never be able to escape from that old thing?"

Someone asked nervously!

"Yes, if it is an illusion, then we may still be where we are now."

David's point of view made many people panic!

After all, everyone's feelings are real, and whether it is beheading monsters or collecting fairy grass, it is also real!

Now it has suddenly turned into an illusion, which is hard for them to accept!

"This illusion was not created by that old thing, nor did he have the ability to create such a large illusion." "

I guess this used to be an ancient underground cave. Huge phantom formation."

"In the end, the two people died together, and the two huge phantom formations slowly merged, and finally became both real and false." The reason

why David had such an idea was because he met the ancient body-refining clan in the thatched cottage. When he was the ancestor, his younger brother didn't notice it.

But when David came out of the thatched hut, he immediately met the old man in the palace. The same place seemed to be in different time and space!

From this, David infers that these are all phantom formations, and they are different phantom formations of two people, so that they can be in the same place, but they cannot see each other!

Many monks were a little confused by what David said, they couldn't understand what was going on here!

Now they only want to escape, whether it is a phantom array or a cave, as long as they can get out alive!

As for the treasure, none of them want it anymore!

“Chen Daoyou, just say, how can we get out, don’t tell us these things, you can’t understand at all!”

A monk asked David!

“Yes, Mr. Chen, you can just say it, we will all listen to you.”

Ji Yun also nodded and said!

David glanced at everyone, and then said, “It is impossible for us to escape from here.” “

Ah...”

David’s words shocked everyone!

Even Ning Caichen frowned, his face full of bewilderment!

“Why? Are we going to be trapped here?”

“That’s right, why can’t we get out? With so many of us, can’t we find a way out?”

“Mr. Chen, tell me in detail why we can’t get out?”

Many people asked David in shock !

“If we want to escape from here, we must find a way to destroy that old thing. Although it is only a wisp of remnant soul, he has been trapped here for many years, and he must have laid many traps.

“ Illusion, that is not ice shards at all, and the energy in the ice shards is just an illusion, trapping your mind, making you feel like you have been absorbing energy and can’t stop.” “So we have to put

that The old things are gone, I believe this place will definitely look different, and then we will be able to go out.”

David explained!

“Although that old thing has only a wisp of remnant soul left, it is very powerful, and there are a few lackeys from the Five Elements Heavenly Demon by its side. How can we deal with it?”

Ning Caichen asked David!

“We can’t deal with it, but it doesn’t mean that no one can deal with it. Have you forgotten that I have seen the ancestor of the ancient body refining clan.”
“We can ask him for help.

His remnant soul also exists. When the time comes With his help, we don’t have to be afraid.”

David now pins all his hopes on the ancestor of the ancient body training clan!

Chapter 3005

After hearing what David said, everyone couldn’t refute it!

Now they can only follow David’s arrangement, after all, only David has seen the ancestor of the ancient body training clan!

And no one has a better way now, not to mention that if they don’t unite now, they will die faster!

“Everything is according to David’s arrangement, it’s troublesome...”

Many monks put all their hopes on David!

David turned his attention to Ning Caichen at this time. If Ning Caichen disagreed with him and parted ways with him, they would have no ability to resist when they were hunted down by the Five Elements Heavenly Demon!

Only by uniting now can we not be afraid of the Five Elements Heavenly Fiend. Now that the old devil dares not step out of the altar, he will definitely let the Five Elements Heavenly Fiend chase him down!

"Just do as you said, there is no better way now."

Ning Caichen nodded!

now obeys David, and David is in charge of it as a whole!

"Then let's go, we can't stay here for long, the Five Elements will catch up soon, we can't fight them now." After

David finished speaking, he led everyone away!

After all, it took a lot of physical strength for everyone to break the formation just now, if the Five Elements Heavenly Fiend catches up at this time, they might not be opponents together!

The most urgent task now is to recuperate first, so that everyone can take a breather!

Not long after David and the others left, Jin Sha and the others chased after them. After looking around, Jin Sha looked in one direction!

"Jin Sha, do we really want to listen to that old guy and continue chasing and killing those people?" "

Why don't we take this opportunity to escape, I always feel unsafe here."

Huo Sha said to Jin Sha!

"Yes, I also don't feel very safe, and I feel flustered..."

Mu Sha also hurriedly said!

"What do you know, we chased and killed those people, not for that old guy, but for ourselves." "

If these people are allowed to escape and spread the secrets of our Demon Sealing League, think about it, the leader will let it go How many of us are there?"

"You know, hiding the demons privately and planning to use the demons to revive them is despised by all the monks in the heavenly and human world." "

Don't talk about these monks, even those beasts know, I'm afraid we will also be in trouble with our Fengmomeng."

"The reason why our Fengmomeng can grow so strong is because we use the banner of killing demons." "

If the secret is leaked, how many members will leave the Fengmomeng? It is possible to turn against each other, have you ever thought about it?"

Jin Sha yelled at several people very dissatisfied!

Hearing what Jin Sha said, several people also knew the seriousness of the matter. When the news spread, it would undoubtedly be a blockbuster!

"Then let's go after them quickly, we can't let them escape alone..."

Hearing what Jin Sha said, Huo Sha said anxiously!

"But in which direction should we chase?"

Now there was a fork in front of them, and it was impossible to tell where David and the others escaped from.

"Let's chase separately. If we catch up, don't act rashly and report the position immediately."

Jin Sha ordered!

Everyone nodded, and then Jin Sha led Huo Sha to chase in one direction, while the others went in another direction!

Just when Jin Sha and the others were desperate, David was leading the crowd to run wildly.

Soon, two figures were rapidly approaching David!

These two people are Jin Sha and Huo Sha!

After seeing David and the others, Jin Sha and Huo Sha slowed down!

"Huo Sha, post your location immediately and contact other people..."

Jin Sha instructed Huo Sha!

Huo Sha nodded, and hit the ground with a blast of quenching fire, and then muttered something in his mouth.

And Jin Sha saw that David and the others were still running away, so he decided to harass David and the others temporarily to slow them down!
