

A Man Like None Other

Novel

Chapter 3076

"Treasure land?" Gao Qilan was puzzled.

"Of course, the Mohai is rumored to be very dangerous, so few people come here. It is precisely because of this that the various treasures in the Mohai area have not been discovered. Being washed up on the shore and being picked up by others, there will never be so many people looking for treasures." "There are

not so many people in Mohai every year, and it is because of the news spread by people who saw the treasures that they attract so many people." "Yes."

Speaking of this, Zhou Tai was obviously a little angry!

"According to what you said, isn't this a huge treasure in the ink sea?"

David asked!

"Of course, there is a huge treasure in the ink sea, but I have never seen anyone enter the ink sea." "The

most is to take a spirit boat, salvage some floating treasures, or go to the island in the ink sea Looking for opportunities."

"Whoever dares to go into the sea is courting death, and there is absolutely no possibility of surviving!"

Zhou Tai nodded and said!

"Then why did it say that the spirit ship sank two days ago?"

Seeing that Zhou Tai knew Mo Hai so well, Ji Yun hurriedly asked!

He wanted to know if something really happened to his father!

"I've also heard about this matter. There are ever-changing things on the ink sea, and there are many monsters in the ink sea. If the spirit ship sinks, it is also possible." "Otherwise, the spirit ship will sink.

" Above all, why set up a huge magic circle, and the ticket is so expensive." "

But don't worry, our spirit ship is the largest spirit ship. Although the ticket is expensive, it is also the safest. Besides If you follow me, nothing will go wrong, this is not the first time I have crossed the ink sea!"

Zhou Tai assured with a confident face, obviously he was speaking for Gao Qilan to hear, and wanted to show himself in front of Gao Qilan!

When Ji Yun heard Zhou Tai's words, his heart became even heavier. If his father really died, he would have to rely on him to carry the future Feitianzong!

But Ji Yun knows his own strength, and he is afraid that the Feitian Sect will be lonely in the future!

"Mr. Zhou, thank you, I want to rest."

Gao Qilan ordered Zhou Tai to leave. After all, Zhou Tai is here, so there are many things he can't say!

"Miss Gao, take a rest first. I'll take you to play on the deck later. Although the sea of ink is dark, it's not a sight to behold." After

Zhou Tai finished speaking, he led his people back out!

After Zhou Tai left, Gao Qilan looked at David and asked, "David, if I were your woman, would you still let me sell my appearance to get you a boat ticket?" David was taken aback, then thought for a while and said,

" Don't put me in such an embarrassing way, it's not called selling lust, and you didn't really do anything." "It doesn't

matter if you are my woman or not, if there is a man who plots against you, I will try my best to kill him Yes."

David's words made Gao Qilan smile, and felt a lot more comfortable!

"Take a good rest. I think Zhou Tai will be looking for you very soon. Wouldn't it be nice for us to have one more free tour guide!"

David said with a smile!

Gao Qilan glanced at David, "David, remember, I approached that Zhou Tai only for you, if that Zhou Tai did something to me, I will not forgive you..." "Don't worry, if he dares to

move With one finger of yours, I'll make him die!" David promised!

Although Zhou Tai was at the peak of the Fusion Realm, David was not afraid now!

David left with Ji Yun, let Gao Qilan have a good rest!

"You don't have to be too sad. No one can tell whether your father is really dead now. Maybe we can meet in Mohai!"

Seeing Ji Yun's bad mood, David turned to Ji Yun Comfort Road!

"En!" Ji Yun nodded vigorously!

He can only rely on David now, because there are some things that Ji Yun knows he can't handle at all!

Chapter 3077

David and Ji Yun also returned to their respective rooms to rest!

Soon, with a roar, the spirit ship started, and the extremely dark sea surface was split into waves in an instant!

On the pier, there were still many monks who did not have tickets, watching the spirit ship leave with envy on their faces!

Because this is the largest spiritual ship, and also the safest spiritual ship!

The start of the spirit ship caused many monks to come out of the room!

David was no exception, he walked out of the room, wanting to see the scene outside the spirit boat!

But just as he walked out of the room, he saw a man and a woman passing by in front of him!

That man is dressed in light blue, which looks very conspicuous!

And that woman was dressed in a black dress, and her head was covered with a black veil!

When they passed by David, the two of them paused obviously, and the woman couldn't help but glanced at David!

David also frowned slightly, and looked the two of them up and down!

But no one spoke, and the two of them just paused for a while, and then went upstairs. It is obvious that the two people live higher and the environment is better!

“Demon cultivator?”

David looked at the backs of the two, and he felt the aura of the demon clan on them!

Although the two of them were well hidden, David still felt the gap. After all, David also had a demonic aura on him, so he was more sensitive to the demonic aura than other people!

David turned around and returned to the room, but at this moment Zhe Yan said, “Mr. Chen, those two were demon cultivators just now...” “

Well, I can feel it. Do you know which clan of demon cultivators they belong to?”

David Although Ping knew that these two were demon cultivators, he was not sure which clan they belonged to!

After all, there are many groups of demons!

As far as David himself knew, the Demon Race had such big demons as the Flame Demon, the Blood Demon, the Yin Demon, and the Wind Demon. As for the other big demons, although David didn't know, the Demon Race must still exist!

“I don't know, I can't feel it, but it's definitely not from the Balrog clan. If it's from the Balrog clan, I would know.”

Zhe Yan said truthfully!

“I didn't expect that there were demons mixed into this spirit ship. It seems that there may be troubles in the future.”

David said with a gloomy expression!

After all, the current demons are rats crossing the street and everyone shouts to beat them. Let alone the quality of these two demons, if the monks on the spirit boat find out that they are demons, they will definitely fight!

But here is above the ink sea, which is different from the land. Although the spirit ship is big enough, like a hill, and has the blessing of formations, it can't withstand the fights of the monks in the fit state at all!

If the spirit ship is destroyed by then, everyone will suffer accordingly!

When David was thinking about the man and the woman, those two people were also talking about him at the same time!

"Brother, the person I met just now has the aura of demons on him. I didn't expect that we are not the only ones on this spirit ship." The

woman in black said with some surprise! "Junior Sister, the most urgent thing now

is to find a way to cure your bloodthirsty disease. Don't think about other things. " Hide the breath on your body so that no one will find out." said the man in the blue shirt! "Senior brother, I'm afraid that the person just revealed our identities. Obviously, he has sensed the demonic aura on us." " After all, no matter how well we hide, we can't escape the detection of our fellow clan."

The woman said worriedly!

"Don't worry, since he is also a demon cultivator, he won't report on us. In that case, wouldn't he expose himself too." The

man comforted the woman!

Chapter 3078

"But what if that person is from the Balrog Clan? You must know that our Blood Demon Clan and the Balrog Clan have always been at odds."

The woman still said worriedly!

"Impossible. The Flame Demon Clan is far away in the extreme north, and they haven't seen the Demon Cultivator of the Flame Demon Clan for many years. How could it be so coincidental that we met today." "Stop thinking about it, this

time We ran out secretly just to cure your bloodthirsty disease, the more you think about it like this, the more unfavorable it will be for your disease." The

man comforted the woman by patting the woman's shoulder lightly!

"En!" The woman nodded!

But at this moment, the woman frowned suddenly, and then her expression became painful, the veins on her face became bulging, and her eyes became blood red!

The woman was trembling all over, her face was even more ferocious, and two fangs were growing out of her mouth quickly!

The man didn't seem to panic when he saw this, he seemed to be familiar with it!

The man took out his dagger and slashed fiercely on his arm, and the blood spurted out instantly!

Immediately afterwards, the man dripped blood into the woman's mouth, and as the blood continued to flow into the woman's mouth, the woman's expression slowly recovered!

Soon, the woman recovered, and that ferocious face became charming!

Looking at the wound on the man's arm, the woman felt very distressed and blamed herself!

There are already many scars on the man's arm, which are obviously caused by this!

"Brother, I'm sorry, I'm sorry, I didn't mean it, I can't control myself..."

The woman bandaged the man and started crying!

"Don't cry, brother knows that you can't control yourself, so you don't have to blame yourself. Although you have hemophilia, you have never hurt others."

The man smiled slightly!

"Brother, why don't we go back, maybe my dad has a way to heal, if this continues, I will suck your blood dry sooner or later." The

woman regretted coming out, she wanted to go back!

"No, if Master knows that you secretly practice Blood Demon Kungfu and suffer from bloodthirsty disease, you will definitely be burned." "

How many senior brothers have been dealt with like this, even if you are Master's daughter, Master And I will not be merciful."

"Master once said that we can be the heinous demons in the eyes of others, but we must not really do heinous things." "

The identity of the demons is not something we can choose, but how to do things , we can choose."

The man said to the woman with a serious face!

The woman was speechless, so she could only keep silent!

"Junior Sister, don't worry, I will definitely find a way to cure your bloodthirsty this time..."

After finishing speaking, the man gently pulled the woman into his arms!

But just as he took the woman into his arms, the man's expression changed suddenly, and he hurriedly pushed the woman away!

"Junior Sister, stay in the room, don't walk around!"

After the man finished speaking, he opened the door suddenly!

I saw an old man covered in black robes standing outside the door. The old man's face was very dry, only a pair of eyes looked very energetic!

Seeing the man suddenly opened the door, the old man grinned and said, "It's boring, it's really boring. I thought I could hear the sound of flowers and candles in the bridal chamber, but I didn't expect you to find out..." After the old man finished speaking, he didn't forget to turn

to The woman in the room took a look, then turned and left.

The man looked at the back of the old man, his face was extremely ugly!

When the woman saw the old man's face, she also had a terrified expression!

The man walked into the room and closed the door again!

"Senior Brother, why is this Demon Mountain Ghost Elder here?"

The woman widened her eyes and said in fear!

"I don't know, but on the spirit ship, he doesn't dare to do anything wrong, what will he do to us, or the spirit ship will be destroyed, and everything will be over, so don't be too nervous!" The man comforted the woman, but the man's current

expression The look is also very ugly!

Chapter 3079

In Gao Qilan's room!

Zhou Tai knocked on the door at this time, and shouted flatteringly, "Miss Gao, have you rested? There is a ghost ahead, it's very spectacular, do you want to go to the deck to have a look?" Gao Qilan heard, and

then Opening the door, Zhou Tai saw Gao Qilan, showing a pug-like demeanor!

"Wait a minute..."

Gao Qilan asked Zhou Tai to wait, and then went to call David and Ji Yun. Gao Qilan didn't know what a ghost was, so she called them to have a look together!

"Damn it, what is it?"

David asked Zhou Tai puzzled!

"Oh, it's just a sea area, but there are undercurrents and vortexes in this sea area all year round, and there are large monsters making waves, so it is very dangerous. Every time I come here, every spirit ship will worry about it, so it is called ghost seeing worry."

" But don't worry, our ship is the largest spirit ship, so there is an undercurrent and vortex, which has no effect on us!" "Many

people have gone to the deck to watch it now. If you are lucky, you can also see the dragon sucking water. As for the sight, although the ink sea is dangerous, the scenery is also very spectacular."

Zhou Tai introduced with all his strength, for fear that Gao Qilan would not go to the deck with him to watch it!

David became interested when he heard it, so he nodded and said, "Okay, let's go up and have a look..."

Zhou Tai happily led the way when he heard this, while Gao Qilan directly carried David's arm and headed for the deck !

Seeing this scene, Zhou Tai was taken aback for a moment, and then he was relieved. After all, it's no big deal for the younger sister to be close to the older brother!

When a few people came to the deck, they saw that there were already many people standing on it.

In the crowd, David found the man and the woman again, and the two also saw David, but they just glanced at each other, and then looked away!

"Miss Gao, look quickly, the whirlpools in this sea of ink are so spectacular..."

Zhou Tai excitedly introduced Gao Qilan!

David and the others looked and found that in the sea of ink, vortices were constantly spinning, as if they were going to swallow everything!

These vortices are big and small, and a huge suction force emanates from the vortex!

But when the huge spirit ship passed above the vortex, it was instantly crushed by the vortex!

The spirit boat is huge, the vortex can't suck it in at all, plus the spirit boat is blessed with formations, and there is a faint light shining around it, so don't be afraid at all!

“Miss Gao, do you see that our spirit ship is the largest and safest, so you don’t have to be afraid!”

Zhou Tai said proudly, as if this spirit ship belonged to him!

At some point, a large black cloud overwhelmed the sky, making it difficult for everyone to tell whether it was day or night!

The sky is black with dark clouds, and the ground is pitch-black sea water. This spirit ship seems to be traveling through the darkness!

“The dragon absorbs water, look at the dragon absorbing water...”

Someone suddenly shouted!

Soon everyone looked in the direction of the bow of the ship, and they saw a huge water column, straight into the sky!

Because the ink sea is extremely dark, this water column is also black, and the black water column keeps rising, and then connects to the black cloud in the mid-air!

Just when everyone was attracted by the dragon’s water absorption, huge water bubbles began to roll up around the spirit boat.

Everyone didn’t notice this abnormal phenomenon, and they were still attracted by the dragon’s water absorption!

Amidst the tumbling of the huge water bubbles, huge sea turtles soon appeared one after another!

These sea turtles are very huge, there are dozens of them!

Dozens of turtles surrounded the spirit boat, which actually made the spirit boat move slower and slower, and finally stopped directly!

Chapter 3080

After the spirit boat stopped, everyone realized something strange. When they looked down into the ink sea, they found that huge turtles were controlling the spirit boat!

"Holy tortoise, this is a holy tortoise..."

"I heard that if you subdue a holy tortoise, you can cross the ink sea at will!" "

Why are there so many holy tortoises appearing? It seems that they are preventing the spirit ship from advancing..."

Everyone Talking all over the place.

David also looked at those big turtles, but he couldn't see anything special about them. Why do these people call them Holy Turtles?

At this time, Zhou Tai said, "These giant turtles are all holy beasts. Compared with those monsters, they are many times more precious."

"These holy beasts are all enlightened and extremely docile. If you can tame one, you will earn a lot of money." "

However, although the holy beasts are docile, it is even more difficult to tame them. These holy beasts They are extremely arrogant, and they are not willing to obey humans at all, even if some holy beasts are killed, they will not be tamed."

Zhou Tai followed David and the others to explain, making David understand why everyone followed the big turtle and called the Holy Turtle!

"Did the Cloud Piercing Sect tame this kind of holy tortoise, so that they can easily pass through the sea of ink..."

Ji Yun frowned!

Ji Yun heard from his disciples that the people from the Cloud Piercing Sect rode spirit turtles through the ink sea to sneak attack, maybe it was this kind of holy turtle!

"That's right, I've also heard that the Cloud Piercing Sect somehow managed to get a group of holy tortoises to cross the ink sea and attack the airships of the Flying Heaven Sect.

" "

And the suzerain of the Flying Heaven Sect, who rides a spirit boat to chase after Chuanyunmen, isn't that stupid? The other party has such a sacred tortoise mount, how can the spirit boat catch up!"

"I heard that the spirit ship sank, and even my life was at stake. I'm afraid the Feitian Sect will be wiped out!"

Zhou Tai didn't know that Ji Yun was the young master of the Feitian Sect, so he spoke without restraint!

When Ji Yun heard this, his eyes were filled with anger, but David gently pulled him with his hand, he was afraid that Ji Yun could not help but do it!

Zhou Tai didn't notice the change in Ji Yun's expression, and he was still saying, "If the Feitian Sect can have such a group of holy tortoises, then there is no need to be afraid of the Cloud Piercer Sect." "

However, the Cloud Piercer Sect is not very strong. , I really don't know how to tame a group of holy tortoises."

Zhou Tai was obviously very envious of the group of holy tortoises in Chuanyunmen!

And at this moment, the originally motionless spirit ship suddenly began to shake, then changed direction, and started sailing!

Everyone panicked when they saw this, because they found that the change of course of the spirit ship was all because of the holy tortoise!

And the staff on the spirit ship are all busy at the moment!

At the highest point of the spirit boat, several people wearing gossip robes were chanting words, and they kept pinching the formulas in their hands!

The spirit boat began to flash golden light continuously, trying to resist those holy turtles.

Although the holy tortoises did not attack the spirit ship, it was impossible for them to change course by engulfing the spirit ship.

You must know that Mohai is very dangerous. If you go to the unknown sea, no one knows what you will encounter!

One after another golden light resisted, but there was still no way to stop dozens of holy tortoises wrapping around the spirit boat and moving forward!

Seeing this scene, a person wearing a gossip robe said loudly, "Fellow Taoists, the sudden appearance of the holy tortoise here is considered a chance." "

Who wants to tame the holy tortoise, do it now, if you can tame one Holy Turtle, from now on you can freely cross the ink sea."

"And these holy tortoises live in the ink sea all the year round, they must know where there is a treasure in the ink sea." "

This kind of opportunity is rare, don't you want to try it?"

The man in the gossip robe finished talking , someone is about to make a move!
