

# A Man Like None Other Novel

## Chapter 3021

Seeing that the Five Elements Tiansha is about to die under this huge pressure!

A gloomy and piercing voice came!

“Brother, do you still like to bully juniors so much?”

The void began to tremble, and a dark vortex formed, and the old devil slowly emerged from the vortex!

As soon as the old devil appeared, the huge coercion just now disappeared in an instant!

“Brother, it’s been a long time...”

said with a slight smile at the corner of his mouth!

Wuxing Tiansha looked at this scene in shock, they didn’t understand, why did this old devil call David brother?

They didn’t even understand why David suddenly became so powerful!

“It’s been thousands of years, but you are still obsessed with your obsession, wanting to restore your body, and continue to do evil?” “

As long as I'm here, you can't succeed..."

The voice of the ancestor of the ancient body training clan came from David's mouth!

Listening to the voice in David's mouth, Wuxing Tiansha instantly understood what was going on!

"Haha, I didn't expect you to dare to say such a thing at this time." "

Although this kid asked you to fuse your body, this body is garbage after all. Even if it is fusion, it is not my opponent." "

Today I will completely let you disappear, and the ancient body-refining clan still respects me after all!" The

old devil laughed loudly, and then the black mist surged all over his body, covering the entire hall in an instant middle!

Immediately afterwards, the old devil jumped up and went straight to David!

David's eyes narrowed slightly, and his body also soared into the sky. In an instant, the two of them collided together!

All of a sudden, various moves collided, and the aftermath raged everywhere!

Although both of them have only remnants of souls left, the damage caused by the fight is definitely not comparable to that of ordinary monks!

I saw that the entire hall began to collapse, and the extremely fierce breath made everyone breathless!

Seeing this situation, everyone desperately backed away!

This kind of aftermath is not something their current cultivation can contend with!

Even Yu Bo, if he wanted to crush everyone, it would be like crushing an ant!

Everyone dodged from a distance, watching the battle between two great god-level monks!

Many people may never see this kind of battle in their lifetime!

"Brother, the body you chose is really good, but it's a pity that your strength is too weak..." "

If you only have this ability, then don't blame me for not playing with you..."

The old devil sneered road!

David frowned slightly. For such a long time, the old devil has been honing himself, and the old devil's strength will be stronger from the beginning. Now David is obviously struggling!

You must know that the ancestor of the ancient body refining clan has been staying in the world, rarely disturbed by people, and has never thought about recovering his physical body. He just waits for the time to come slowly, and the entire remnant soul collapses and disappears along with this area!

That's exactly what happened, now when fighting against each other, his strength is even worse than that of his younger brother!

Fortunately, David's physical body is strong enough. If the ancestors of the ancient body-refining clan were still in the body of remnant souls, they would have been wiped out long ago!

But now David has not used the Magic Whip, this is his hole card!

As long as you draw the magic whip, you can instantly suppress the opponent!

It's just that now is not the time to use the magic whip, after all, this old devil is not stupid, he has always been on guard!

Only when the old devil relaxes his vigilance and thinks that he can win easily, the magic whip is born, and he will be able to catch him by surprise!

Speaking of which, David is just waiting for an opportunity.

“Brother, it’s really boring, I won’t play with you anymore...”

After the old devil finished speaking, the black mist around his body rolled continuously!

The strands of black mist instantly condensed into sharp short blades, and with the wave of the old devil’s finger, thousands of short blades went towards David like raindrops!

## Chapter 3022

Seeing this, David suddenly emitted golden light all around, and the golden light quickly formed a barrier!

Those short blades were all blocked by the barrier!

The old devil was not angry at all, instead he smiled lightly and said, “I see how much spiritual power you still have...”

After finishing speaking, the old devil waved his hand again, and the black mist surged up, and strands of black mist turned into countless strange shapes. The monster beast let out a roar, and went directly towards David!

When David saw this, the golden light on his body instantly turned into thousands of golden long swords, stabbing at those monsters densely!

The golden long sword pierced through those monsters, and those monsters turned into black mist again!

However, there were still a few monsters that broke through the defense of the thousands of golden long swords, roaring and rushing towards David!

David opened his mouth suddenly, and a ball of flames sprayed out from his mouth!

The flame exploded in an instant, forming a wall of fire, which directly vaporized the monster beasts that rushed over!

“Huh? The flame of the demons?”

The old devil frowned slightly, his eyes full of surprise.

He just felt the breath of the flames of the demon clan from David's flame formation.

Although he didn't cultivate the ultimate fire magic skill, he could still sense the breath of the demons in the flames!

“Hmph, you've been so lofty all day long, but in the end you found a demon body, don't you hate demon cultivators the most?” “Why are you

still fused with this demon cultivator's body?”

the old devil snorted coldly Say it!

“You know what a fart, young master, my body has the aura of three tribes of human, demon, and demon, you have long hair and short knowledge...”

David said with a cold smile.

Obviously, this sentence was controlled by David!

Although David's ray of consciousness cannot control his body, he can control his speech!

“Stinky boy, you still retain a wisp of divine consciousness. In this case, you will die faster...” After the

old devil finished speaking, his hands suddenly formed seals, and soon the surrounding black mist continued to condense together!

In just a few breaths, an extremely huge and very ferocious beast appeared!

The old devil stood on top of the giant beast, looking at David coldly!

The giant beast opened its bloody mouth and sucked it in suddenly.

A huge suction force came straight to David!

David’s eyes were fixed, and his body quickly retreated!

With such a huge suction force, even the many monks in the distance all practiced their skills to resist!

“Want to escape?”

The old devil sneered!

Then countless black mist flew out from the old devil’s palm, and then this black mist turned into a big net, covering David from bottom to top!

Seeing this scene, David was a little dazed and at a loss for a while!

“Senior, rush towards that giant beast...”

David reminded the ancestors of the ancient body training clan loudly!

It may be that he has been suppressed and beaten all the time. The ancestor of the ancient body training clan lacks self-confidence in his heart, so when he encounters this situation, he is at a loss for a while!

David has no way to control his body now, so he can only remind the old man with a ray of spiritual consciousness.

The old man reacted, moved suddenly, and rushed towards the beast.

"Bold enough, my brother didn't expect to dare to rush over, are you so confident?"

Seeing this, the old devil tutted a few times and said, "Do you think that my giant beast is caused by illusion, so you have nothing to fear?" "It's a pity that you are wrong, I, this giant beast, is destined to devour all your bones."

call out!

At this moment, a tongue suddenly protruded from the opened mouth of the monster, as fast as lightning, wrapped David in one go, and then brought David into its mouth.

David fell into the mouth of the giant beast, and then the giant beast began to chew violently as if it wanted to tear David into pieces.

"Mr. Chen."

"Brother Chen.

Ji Yun, Lao Sun and others in the distance are all nervous.

## Chapter 3023

Jin Sha showed a smile, and his eyes were full of teasing!

Creak creak.

The giant beast kept chewing, making a very scary sound!

"Boy, I'd better leave the control of my body to you. My cultivation is also for your use." "

I'm really old. Thousands of years ago have sharpened my fighting spirit."

The old man said slowly.

Now that the two have merged, the old man can give everything to David with just one thought!

The reason why the old man chose to control it at the beginning was because he was better than David in terms of experience and combat experience!

But after the scene just now, if David hadn't reminded him, he might have lost his chance while hesitating!

The old man now understands that maybe only David himself can bring out his golden dragon avatar to the extreme!

"Senior, I..."

David didn't expect that the old man would hand over control to himself!

But before David could say anything, he discovered that he could control his own body!

At this moment, the giant beast is still chewing, but there is no way to tear David apart!

What David is most proud of is this perverted body!

His physical body has been tempered countless times, even without the blessing of the indestructible golden body, few people can hurt his physical body!

It was precisely because of his confidence in his physical body that David let the old man attack the giant beast!

But although the old man merged with David, he didn't have that kind of confidence!

I saw streaks of golden light suddenly appearing from the giant beast's mouth, David's indestructible golden body was activated, and pieces of golden scales covered David's whole body!

crunch...

Suddenly, the giant beast let out a wail, and then, the teeth were directly shattered.

David's indestructible golden body was activated, and the teeth of this giant beast couldn't bear it at all!

"Holy Light Fist..."

David yelled loudly, piercing the giant beast's upper jaw with one punch, and flew out directly.

At this time, David was suspended in the air, covered in golden armor, like a god of war!

"You kid actually has body protection skills?"

Seeing David's indestructible golden body, the old devil frowned.

"I know a lot of things, you will see them one by one!"

David rushed directly towards the old devil!

The old devil smiled coldly, he raised his hand, and the giant beast instantly turned into black mist again, and then he also rushed towards David.

"Brother, are you stupid? You dare to fight me close. Maybe I'm not as good as you in illusion, but you want to go head-to-head, and you're almost mean." The old devil said with a sneer

!

"Holy Light Fist."

David gave a low shout, his fist burst into dazzling golden light, and then countless fist shadows flew out.

With the blessing of the ancestors of the ancient body-refining clan, David's fist divided into thousands of shadows, sweeping the world.

It is like thousands of stars twinkling, instantly illuminating all directions and dispelling the black mist.

The old devil sneered, and the black mist around him twisted and turned into countless bodies of himself, and each figure shattered a fist mark.

The countless fist shadows transformed by the Holy Light Fist disappeared one by one, and the whole world was once again shrouded in black mist.

Swish...

David's figure also disappeared at this moment.

But the old devil's eyes were fixed, and he turned his head suddenly as if feeling something.

Then a palm blasted out, carrying a monstrous black air.

"Brother, do you want to use illusion? But let me tell you, your illusion is useless to me." The

old devil's eyes were full of disdain.

"Old man, don't call me brother, it sounds disgusting to me..."

David's voice sounded from all directions!

The old devil was slightly taken aback, and then said, "Boy, you don't need to be sharp. If I fall into your illusion once, I won't fall into it again." Above the void, David's figure just appeared, his

fist But just as he came into contact with the old devil, he slapped his chest on the chest.

## Chapter 3024

David showed an expression of disbelief, as if he didn't expect the old devil's judgment to be so accurate.

The black air exploded, like a thunderclap, and the air waves surged wildly.

David let out a muffled snort, and crashed down like a meteorite, hitting the hall.

Under the huge impact force, the ground instantly collapsed, the hall with a radius of 100 meters was completely destroyed, and smoke filled the sky.

"Hmph, with this little skill, you dare to yell at me?"

The old devil snorted coldly!

He knew that the other party was not using illusion, because the palm that hit David just now had a strong sense of reality!

If it was an illusion, it was just a phantom, and this palm would be an empty blow!

"Mr. Chen..."

Ji Yun, Gao Qisheng and the others saw that David was hit by a palm and fell deeply into the ground, and they immediately screamed!

Lao Sun, Ning Caichen and the others also looked shocked at this moment, secretly practicing luck skills, ready to go all out at any time!

If David loses to this old devil, then they have no choice but to work hard!

If you try your best, you can die more happily. If you are caught, it will be endless torture!

And the old devil looked coldly at the smoke and dust stirred up below, with a sneer on his face.

Just when the old devil was about to go down to investigate, David's figure suddenly flew up from the smoke and dust in the sky again, and bombarded him with another punch.

"Holy Light Fist."

The golden light appeared again, illuminating the entire void.

Seeing that David was fine, everyone was shocked!

Ji Yun, Gao Qisheng and the others all showed joy!

"Tough, such a strong physical body..."

Ning Caichen couldn't help admiring.

Seeing that David was not dead, the old devil couldn't help being taken aback for a moment, then shook his head, his hands formed seals instantly, the black mist filled the air again, David jumped up quickly, and punched close to the body again.

This time, the old devil took David's punch hard, but he sent David flying with his palm again, and David's body fell deeply into the ground again.

"With this little strength, what's the difference between tickling and tickling?"

The old devil had a sneer on his face. The reason why he dared to take David's punch was because he looked down on him at all.

The old devil's body was filled with black mist, and this black mist could also be defended against.

David's punch hit the old devil, most of the power was offset by the black mist, and there was no way to hurt the old devil at all.

Ji Yun and the others stood in the distance, only to see David being blown away again and smashed deeply into the ground, they couldn't help becoming nervous.

Others were equally heavy-hearted.

Could it be that they have given everything, and it is still difficult to change the fate of death?

A pessimistic mood spread among many monks!

The entire palace has long been reduced to rubble.

David rushed out from the ground again, his body remained in its original state, as if the two palms did not hurt David.

Seeing this scene, everyone was shocked again!

David was severely slapped twice by the old devil. Even if he survived, he should have been seriously injured!

But the current David is like a normal person!

The not bad golden body on his body still shone with golden light, and his eyes were full of fierceness, without fear!

Looking at David in front of him, even the old devil couldn't help frowning!

He also didn't expect that David would be safe and sound after receiving two palms from him. This is too outrageous!

"Old man, continue, it seems that your strength is not very good..."

David provoked the old devil and drove the old devil to death!

The Five Elements Heavenly Demons not far away were also in a state of bewilderment at the moment. Even if the ancestors of the ancient body training clan merged with David, this body belonged to David.

After two palm strikes in succession, there is no scar on this body. Isn't this a bit too perverted?

## Chapter 3025

"I'm going to kill you..."

the old devil roared angrily.

This time the old devil took the initiative to attack, and then quickly reached out, grabbed the void, and immediately pinched David's neck.

Seeing that David was captured, the old devil showed a smug expression on his face.

"Boy, I let you go crazy, let me see how crazy you are this time." The

old devil's face was full of ferociousness, he exerted a little force, and David's neck creaked. There was a sound of breaking.

"Brother, I don't want to talk to this kid, you come out to see me, we are saying our last goodbye." "

Now I just need to use a little force, and you will all disappear in this world in an instant."

The old devil shouted to the old man , He didn't understand why his elder brother handed over control of his body to a guy who only had the fourth rank of the Fit state!

"Bastard, I don't think I have anything to say to you."

David's eyes moved suddenly, and then a different breath surged out, and the old man's voice slowly came out of David's mouth!

"Brother, have you still not admitted your mistakes? Even if you and I have only a wisp of remnant soul left, you are still not my opponent. Now you should understand that only magic can save us Gu Lian Body Clan, right?"

"If we don't give up the practice of the ancient Body Cultivation Clan, sooner or later we will be eliminated by the entire Celestial Realm, perhaps after hundreds of years, there will be no more Ancient Body Clans."

" Are you very angry now, in the end you couldn't kill me, but died in my hands." The

old devil looked proud and continued to exert force, and David's face began to turn red. It could be seen that David was in pain, but Can't escape.

"Brother, you beg me now. As long as you beg me, maybe I can let you go. You are just a remnant soul. Even if you let me go, you won't survive a hundred years."

The old devil is enjoying it very much now, he wants the old man to beg for mercy from him!

It's a pity that the old man didn't speak!

"Old man, are you dreaming? Do you think you can kill me like this?"

David looked at the old devil with a playful face!

"What did you say?" Seeing David's expression, the old devil couldn't help being shocked, "It's all like this, do you still have a chance to survive?" "You don't

expect these ants to save you, do you?"

The old devil He turned his head and looked at the many monks on one side.

The old devil thought that the reason why David was so confident was because of the remaining monks!

"I don't need anyone to save me."

David smiled slightly.

Just as the old devil was talking to David, Lao Sun and the others moved.

They saw that David was grabbed by the neck by the old devil, and it was impossible to escape, so they planned to save David with all their might!

As long as he attracts the attention of that old devil, maybe David can escape!

"Do it..."

Ning Caichen said, and took the lead to leave with the sword!

The others followed closely behind. They didn't think about killing the old devil. They only hoped to give David a chance to escape!

Soon in the black mist, several bodies flew out suddenly, and the sharp sword lights shot out towards the old devil.

“Looking for death.”

The old devil’s eyes were cold, and he grabbed it with his big hand.

Suddenly, the space where the sword light was located was distorted, and the sword light was instantly torn into pieces.

Pooh!

However, to the old devil’s surprise, a near-transparent sword light flashed across him suddenly, and he turned around abruptly, but the sword light still flashed across his arm.

The sword light slashed across, and even cut a hole in his arm, and blood flowed out.

“It turns out that the primordial spirit is out of the body, this is looking for death...”

The old devil’s face was cold, he didn’t expect the other party to have the primordial spirit out of the body, you must know that this is very dangerous, maybe the primordial spirit cannot return to the original body, so he directly It’s over.

## Chapter 3026

What’s more, the mere body-fitting monks will also have their souls out of their bodies, which has to surprise the old devil.

After Ning Caichen’s primordial spirit came out of his body, and after the primordial spirit returned to his body, his face instantly turned extremely pale, and he gasped heavily!

The reason why his primordial spirit came out of his body was their Ning family's secret method to save their lives!

But now, he has to use it!

It's a pity that the old devil is too strong, even if he used his soul to get out of his body, it only scratched the opponent, and did not save David!

"Die to me."

The old devil was furious, he was injured by a little monk in the Composite state, how could he not be angry!

I saw the old devil raised his hand, and a mighty black energy rushed towards Ning Caichen.

This blow is enough to kill a body-fitting cultivator. Ning Caichen is very weak now, this blow is enough to wipe him out.

"Do it..."

Laosun and the others instantly shot out breaths, directly enveloping Ning Caichen!

They want to use everyone's strength to resist the blow of the old devil.

boom!

This breath hit Ning Caichen's body, causing Ning Caichen to vomit blood suddenly, almost smashing him into a pulp.

But just when Ning Caichen's body was about to collapse and everyone couldn't bear it, suddenly a cyan light enveloped Ning Caichen's whole body.

There was a serene aura from this light, covering his whole body, and waves of black mist hit Ning Caichen's body, all of which were blocked by the blue light.

However, Ning Caichen's body also flew upside down and was seriously injured!

The old devil frowned slightly, and once again shot more than ten black air.

But amidst the bang, the aura fell on the cyan brilliance, but all of them were shaken back.

Ning Caichen was also bombarded by this wave of breaths, and his body kept moving away, and finally fell into the ruins of the palace.

"Azure dragon light? Where did this come from?" The

old devil was shocked in his heart, he didn't understand where the blue light suddenly appeared from!

The others are also very strange, they don't know who is saving them!

However, Ning Caichen did not die, but was seriously injured, and it was impossible to save David.

"Boy, no one can save you now. I'll break your neck right away to see how rampant you are." The

old devil was afraid that he would change things later, so he planned to kill David first!

The sudden cyan light just now made him feel a little worried!

"I said, you can't kill me, but you don't believe me..."

David said with a faint smile.

"I just don't believe it..."

The corner of the old devil's mouth twitched, and his arms suddenly squeezed hard, directly breaking David's neck.

Seeing that David was silent in his hands, the old devil laughed out loud!

"Mr. Chen..."

Seeing this, Ji Yun and Gao Qisheng were filled with grief and indignation!

The other monks were also instantly ashamed!

David is dead, and they are hopeless!

But at the next moment, David slowly walked out of the huge pit on the ground that was smashed by David!

"Old man, as I said before, you can't kill me..."

David looked at the old devil with a mocking face!

Seeing David appearing suddenly, everyone was shocked!

"You...how is it possible?"

The old devil looked at David, who was dead in his hand, with an incredulous face, and slowly disappeared.

"Ah... Illusion, is this an illusion again?" The old devil roared angrily, he thought he had fallen into the illusion, that's why he did so!

But after a while, the old devil woke up, staring at David with fixed eyes, "This is not an illusion, it doesn't feel like an illusion at all..." "

Who told you it was an illusion, can't it be a clone technique? "

David smiled lightly.

After David gained control of his body, he immediately used the Nine Shadows Sword Technique to create a clone!

Because of the blessing of the old man's strength, David's avatar and real person are undoubtedly, and the retention time has become very long!

That's why the old devil hit David with two palms, but found that David was unharmed!

Because it is not the same avatar that comes out every time.
