Married at First Sight Chapter 2448-Julian said: "It's just to help people find out news, because we have a lot of family members, and our ability to find out news is first-rate. If we often help others find out news, we will offend people."

Kiera's beautiful eyes flickered, and she smiled and said, "A private detective, right?"

Julian: "Almost, it's of this nature."

Kiera: "Do you want to make money?"

Julian: "...It's not bad, it's quite profitable."

She actually asked if she could make money.

Julian thought it was funny again, and fell in love with Kiera even more.

Well, he fell in love with her at first sight and fell in love with her again, because she was the only person in the world who could make him look like a normal man.

Every time he saw her, he had to work hard to restrain and control himself, so that he didn't behave like a wolf.

Only God knew how much he wanted to hug and kiss her.

Julian was a man in his thirties, and because of his apathy, he had never tasted the feeling of hugging or kissing a woman.

No matter how beautiful other women were or how good their figures were, he didn't have any reaction or desire at all when he looked at them.

Kiera made him have such a desire.

"Your family has a lot of people...By the way, at the wedding banquet of Young Master York yesterday, the special assistant of yours I saw was Young Master York's right-hand man. Is he from your family?"

Julian didn't dare to hide it anymore and nodded honestly, "He's my cousin. He didn't work in our family company. He was abducted by Young Master

York into the York Corporation and worked hard for the York Corporation, but as long as he likes it.”

I am the oldest among my peers. The burden of the family business falls on me. That is my responsibility. Those cousins can do whatever they want. It is their freedom.

Ms. Caron, usually when people see me, they will call me Young Master Bucham.”

Kiera didn't know how powerful the Bucham family was in Wiltspoon. The Bucham family had always been a low-key wealthy family, that is, in the upper-class circles, people didn't dare to offend them.

In the eyes of ordinary people, the most powerful people in Wiltspoon were Zachary and others.

Kiera was far away in Yonsburg, so she knew even less. Before she came to Wiltspoon, she heard about the legends of Zachary and Serenity, and she paid special attention to this loving couple.

Hearing Julian say this, she smiled and said, “You can call me whatever you want.”

Julian saw that Kiera didn't know what his name really represented, and he didn't explain further. Anyway, everything that should be said had been said; it's just that she didn't know his Bucham family.

When she understood, she couldn't say that he had lied to her. After all, he had explained what their Bucham family's side business was.

“Mr. Josh Bucham is your cousin. Why did you two rarely communicate with each other at Master York's wedding banquet?”

“We are cousin brothers, not real brothers. Even if we were real brothers, we wouldn't get along, so we shouldn't be cousins together. Josh and I don't say we can't get along, but we don't have much in common to talk about, and he has to take care of his pregnant wife.”

Kiera thought it made sense. She and her cousins also had trouble chatting. Some of them didn't even want to say hello when they met, so they didn't ask any more questions.

Julian breathed a sigh of relief when he saw that she didn't ask any more questions.

Stay safe!
