

# Mistaken Marriage, Unexpected Love

## Chapter 132

Chapter 132 I Didn't Kidnap Your Child

Camila screamed in horror

"Help—"

All of a sudden, she felt something cover her mouth that stopped her from shouting. She struggled with all her strength, but the man

behind her was so strong that he was able to drag her into the car effortlessly. @

As she struggled, she caught a glimpse of the driver and saw that it was Willie

Suddenly, her pupils shrank. She turned around and saw Isaac looking back at her

For a second, Camila thought her eyes were playing tricks on her

How could it be him? Shouldn't he be with Fidelia in the hotel right now? Didn't he drink that red wine? He must've already been drugged

by now! "You..." she uttered cautiously as she stopped struggling

Outside the car window, streaks of colorful neon lights flashed as cars passed by them. With Isaac's expression hidden in the darkness, it

was hard to tell what was going on in his mind. "Camila, did you just give me to another woman?" His voice sounded so deep and menacing

that it echoed in the darkness

Camila's heart began to race. She let out a gasp and cried, "I didn't mean it!" However, Isaac wasn't in the mood to listen to her explanation

She was the one who did it. To him, that was all that mattered

She should just admit to what she had done!

Isaac maintained his silence, which made Camila even more nervous. "

At this time, Willie drove the car to the underground parking lot of the

company. After parking, he got out of the car and left

It was pitch black in the basement parking

"How did you find out?" Camila asked

Isaac didn't say anything. The air between them was so quiet that Camila could hear the rise and fall of his breathing

She knew that Isaac must be simmering in rage. Despite that, his breathing seemed so relaxed that she began to question whether he had drunk the wine or not

"You didn't drink the wine, did you?" she asked

"Camila, did you really want me to sleep with another woman? Were you afraid that I wouldn't agree? Is that why you coaxed me to drink it?"

Camila tried to peer through the darkness and see the expression on Isaac's face. "I told you I didn't do it out of my own will. Don't you believe me?" "Humph!"

A cold smile broke on Isaac's face. In a low voice, he said, "Camila, do you think I'll ever believe you?"

All of a sudden, he lunged at her and pressed her down.

There was neither gentleness nor warmth in his eyes. The only emotions lurking

behind them were rage and annoyance

How could she give him away just like that?!

What did she think of him?!

"You didn't have to waste your time drugging me! You alone are enough to seduce me!"

As soon as he finished speaking, he grabbed Camila's collar and ripped it open

The atmosphere inside the car felt thick. Instead of feeling cold, Camila was warm as the sound of heavy breathing tickled her ear

Her throat was both dry and tight. She wanted to say something, but her voice was too hoarse. "Don't do this..."

"Don't do what?" he asked, a sinister smile forming on his face

Although he was smiling, Camila couldn't see his face in the darkness. She felt that his words were cold as ice

"I'll give you another chance. Tell me: why did you do that?"

Camila closed her eyes and thought about her situation. If she failed this time, would her child be in danger?

Robin seemed determined to make her leave Isaac

He had kidnapped her child

If she continued to associate herself with Isaac and refused to separate, what would Robin do to her child?

She couldn't even dare to think of that possibility

"I don't have to explain anything to you. This was all my plan. You have no idea, do you? I specially went to Grandpa and asked him to help me divorce you—"

Before she could finish her words, Isaac grabbed her neck and squeezed it tight. With his other free hand, he tore her clothes apart

Isaac's immense weight was pinning Camila down on the seat

Wanting to humiliate her so badly, he forced her body into so many shameful positions

As he did this, Camila didn't resist. She only made a sound whenever she felt pain

The windows inside the car were starting to grow foggy

Both of them were drenched in their own sweat

Some of Camila's hair even stuck to her face!

Isaac was relentless. Camila could no longer bear it. "Are you only going to let me go once I'm dead," she cried

All of a sudden, a manic giggle escaped her lips

It sounded both sad and deranged

Isaac wrapped his arm around her neck from behind and pinched her chin

"What are you laughing at?" he whispered in her ear. "Do you still remember

the man who had sex with you on the first night of our marriage?"

"How could I forget?" she answered with a hoarse voice as her lips trembled

"He was my first man. On that night, I cuckolded you..."

"It was me that night." Isaac pulled her hair and made her look at him. "I'm your first man." @

As soon as she heard this, she felt a shockwave ripple  
throughout her core  
She looked at him in disbelief as her brain went  
completely blank  
It was as if her mind had ceased all of its function  
"Debora told me that it was her that night, so I took care of  
her. But alas, you took her place that night, didn't you?"  
Then, Isaac let her go  
and added, "I'm afraid that you'll hate me and blame me  
for the loss of your child, which is why I didn't tell you. But  
ever since, you kept  
betraying me time and time again  
Do you really think that I have to be with you? That I can't  
live without you?" He began buttoning up his shirt. "Do you  
really want a divorce?  
Fine, then. I'll do you a favor."  
After saying that, he opened the door, got off, and shut it  
hard behind him  
He used so much force that the bang echoed across the  
parking lot  
As Isaac's words sank in Camila's mind, she felt a shiver  
run down her spine  
"Isaac?"  
Was it really him that night?  
She dragged her sore body and forced herself to get up.  
Then, she opened the door and got out of the car. She  
wanted to chase him but  
stopped herself when she found out that she was naked  
She picked up her clothes and covered her naked body.  
"Isaac! Come back!" she shouted

The basement parking was so dark that she couldn't see anything in front of her  
When she shouted, she heard nothing but her own echo.  
When the emergency  
lights turned on, Isaac was nowhere to be found  
He had already left  
Camila let out a manic laughter as tears streamed down her face  
She had never been an immoral woman  
She had only been with one man her entire life!  
And that man was Isaac  
He was the man that she liked and wanted to be with!  
She sniffled hard and wiped her nose with the back of her hand  
Ignoring the pain in her body, Camila quickly put on her clothes. She planned on going to Robin and tell him that her child was not a  
bastard. In fact, her child's father was none other than Isaac!  
Once she was done putting on her clothes, she got off the car. However, as soon as she did, her legs were so weak that they collapsed.  
Fortunately, she was able to grab the door handle in time  
After that, she tied her messy hair in a ponytail. That night, the basement parking was so quiet that the sound of her footsteps echoed in the  
empty space  
As soon as she walked out of the parking lot, she hailed a taxi and went straight towards Robin's mansion

Meanwhile, in the CEO's office on the uppermost floor of the building, Isaac stood in front of the French window and stared at the view

below. There, he saw lampposts lining the path beside the river. A sliver of light fell on his face, which highlighted his dark and cold

expression

Suddenly, he heard three knocks on his door

"Come in," he said

Willie pushed the door open and entered. "Mr. Johnston."

Isaac placed one hand in his pocket while the other fixed up his collar. "Go to the monitoring room and delete the surveillance video at the

basement parking lot. You don't have to go to the Haynes Group anymore. Tell Glenda to

throw everything that belongs to Camila. I don't want to see a trace of her ever

again." Willie sank his head in disappointment. "Mr. Johnston..."

"Go and do it." Isaac's mind was already shut off. No words could convince him

otherwise

He thought that Camila would see his true heart

However, he didn't take into account the fact that Camila's heart was made of stone. No matter what he did, that woman would never like

him

She would rather push him to another woman than to be with him

"Is this because of Fidelia?" Willie couldn't help but ask Isaac had ordered Willie to drive Fidelia away

But he had also asked Willie to arrange a position for her  
Fidelia must have a special place in Isaac's heart.

Otherwise, he would've never made this happen

As soon as Isaac heard Fidelia's name, something  
crossed his mind. "Go to the

family mansion tomorrow and bring the jade pendant to  
Fidelia," he ordered

"But Mr. Johnston, that jade pendant is very important to  
you!" Willie could no longer keep calm. Had Isaac really  
fallen in love with another  
woman?

Did he not love Camila anymore?

Had he developed feelings towards Fidelia already?

"It doesn't matter now. It's time to return that pendant to its  
original owner," Isaac uttered lightly

Upon hearing that, Willie understood. "Does that jade  
pendant belong to Fidelia?" Isaac kept his lips pursed and  
didn't say anything

His silence alone was enough confirmation

While Isaac knew that Robin had deliberately arranged  
Fidelia, including her appearance, he didn't know that the  
jade pendant was also part

of Robin's  
scheme

Indeed, Stevie's scheme was genius

Even Isaac didn't find out what they were up to

Back in the mansion of the Johnston family, Camila got off  
the car and entered

Since Stevie wasn't here today, she went straight to see  
Robin

At this moment, Robin was playing chess by himself under the light

When he saw Camila in front of him, he felt something strange in his heart

"Why are you here so late?"

"Give me back my child!" Camila demanded

Her brazenness stunned Robin. "What did you just say?"

"You're the one who kidnapped my child. You forced me to drug Isaac and help him and Fidelia have sex. Are you going to deny all of this?"

Her tone was cold

as ice. "But you should know. That child belongs to..."

"IT have never kidnapped your child," Robin said as he put down his chess piece
