Impulsive Vow to an Enigmatic Husband ( Cornelia Stewart ) Chapter 1376

#### Chapter 1376

When Cornelia looked up at the wrinkled little face, her heart sank, 'Is this my baby?'

Jeremy was so handsome, and she was quite beautiful herself. Their child should be good looking too. But this little one had a face all wrinkled up like a little monkey, totally not resembling her or Jeremy.

Cornelia was a bit puzzled, "Patricia, could there be a mix-up?"

Patricia was startled by the question, "Nelly, from the moment the baby came out of you, I've been right there, never took my eyes off for a second. No way there was a switch. You can trust me on this."

Patricia then turned to Jeremy. "Jeremy, not just me, but Ayden too, he never left the baby either. The baby is definitely not mixed up."

"Don't worry, Cornelia is probably just not used to how the baby looks." Jeremy comforted.

Cornelia said, "Patricia, I'm not doubting you. Could it be possible that the child is mine, but not Jeremy's?" Otherwise, how could Jeremy's good genes produce such an unattractive child.

"What nonsense are you talking about?" Jeremy frowned. She only had him, he knew this better than anyone. How could she possibly have someone else's child?

Cornelia asked, "Then why is our baby so unattractive?"

Patricia laughed helplessly, “Nelly, you might not know this, but newborns are just like that. Jeremy himself, when he was born, was even worse. The baby will get better-looking in a few days. I think the baby looks like you and Jeremy, definitely going to be a handsome lad.”

“Really?” Cornelia asked.

Patricia said. “Absolutely.”

“Can the baby sleep with me?’ Cornelia laughed.

“Of course. Don’t think newborns are unaware of anything; actually, the bond between mother and child is very deep, Sleeping next to his mom, the baby would feel more secure” Patricia immediately put the baby next to Cornelia

Patricia’s words made Cornelia decide to have the baby sleep with her during her entire recovery period, which led to Jeremy, who wanted to sleep with her, sighing every night.

Cornelia asked, “Patricia, can I touch the baby’s face?”

Although the baby’s appearance was not what Cornelia had expected. After all, it was the fruit of her labor after ten long months of pregnancy, she still loved it very much. Seeing this little bundle, Cornelia’s heart also softened.

Patricia said, “Sure, but be gentle.

Cornelia reached out her hand, gently poked the baby’s face, the soft touch moved her heart.

“Granny Rebecca named the baby before she passed away. Whether it’s a boy or girl, she named it Hope. Do you like it?” She looked up at Jeremy. Although Jeremy was not with her throughout the pregnancy. Cornelia still planned to listen to his opinion. After all, without him, there would be no baby Jeremy reached out and gently stroked Cornelia’s head, “Yeah, let’s call him Hope. I hope you and the baby will have a safe and healthy life.”

Cornelia said, 'Not just us, but you too, need to be safe and healthy And Patricia, Granny Luisa, and Grandpa Augustine, all the good people should be safe and healthy

Jeremy nodded, "Mmm."

The pain he had suffered in the past few months seems to have disappeared at this moment. His wife, his child, they were right by his side. He could feel their presence clearly.

A few months ago, he never thought that he could have such a happy day. He held Cornelia's hand tightly, like holding onto a treasure that had been lost and found.
