I am a quadrillionaire chapter 2366-Otherwise, it would attract attention.

If that happened, David would never be able to explain himself.

Being misunderstood was a trivial matter.

The worst thing was that it would hurt others, for example, Pearl.

She had been with David for so long but nothing happened between them.

If he was hooking up with Celeste now, didn't that mean that he was looking down on Pearl?

The same went for the rest of the women.

Either keep the status quo or take them all in.

Favoring one and not the other would hurt the women.

Celeste struggled violently with her mouth covered.

She could not understand.

Who dared come into her room? This is the Iridescent Sect.

The strongest man in Star Kingdom lived here and he was more than a Saint.

Anyone who dared to sneak in quietly would be courting death.

Celeste's heart skipped a beat.

'Is this person from the Feather family?

'Could it be that they wanted to catch me and use me to threaten David?

'No!

'I can never let them succeed!'

Just when Celeste's thoughts were running wild, a familiar voice sounded in her ear.

“Celeste, don’t be afraid, it’s me!”

On hearing this voice, Celeste stopped struggling instantly.

Her nervous heart finally relaxed.

This voice was all too familiar to her.

This voice even appeared countless times in her dream.

After she stopped struggling, David let go of her.

“D-David, w-why are you back again?” Celeste whispered.

At the same time, her heart started racing.

What else could David want if he came for her in the middle of the night?

When a man goes into a woman’s room in the middle of the night, the two will have intimate interactions.

Anyone could guess what was going on.

In the fantasy, they had done everything but that was not real.

Celeste wished for this day to come multiple times, but when the day truly came, she still felt excited and nervous.

How would she be as unrestrained as she was in the fantasy?

‘Why is David doing this?’

‘He did not even tell me so I can prepare myself.’

“Celeste, I need you for something. Let’s talk outside so we don’t wake the others,” David whispered in Celeste’s ear.

Celeste only felt a breath of hot air in her ear. It ticked. Her face turned red and her mind froze.

‘Go out?’

‘What are we doing out there?’

'Shouldn't we do that kind of activity in bed?

'Can we do it outside?

'Wait!'

Celeste turned to look at David and saw that he was serious.

He was not thinking about that thing.

'What am I thinking?'

Her face, originally just flushed, instantly turned redder.

Even her neck and ears turned red.

There was a burning sensation on her face, which made Celeste wish she could find a hole in the ground and crawl into it.

She knew she had misunderstood David.

He was looking for her for serious matters,

Anyone at David's level would have no problems seeing in the dark

David was also puzzled when he saw Celeste acting like she was drunk.
